RAYO LAMPS AND PERFECTION OIL HEATERS

These Goods are the Best in Their Line in the World and Sold Under Positive Guarantee to Give Satisfaction.

SOLD BY
The N. B. Howden Est.

From Saskatoon.

A yuletide host and hostess was Mr. and Mrs. J. G. Ormrod, "Riverdale," Saskatoon, who entertained six couples and their friends last evening, the guests all being formerly of Toronto, in honor of their guests, Miss Florence Balance, trained nurse, of Toronto, and Miss Violet Madeline Scott, of Peterborough, Ontario. Miss Balance and Miss Scott leave tomorrow for the East to be at home on Christmas Day. The tea table over which Mrs. Ormrod presided, was centered with a shower of pink and white carnations in a tall cut glass vase on a handsome lace centrepiece. Adding a brighter touch of color were fragrant hyacinths in a tall brass basket. Just before the refreshments were served, two prancing little steeds, by name, Patsy Mason and Lenore Munn, with a flower-bedecked chariot, drove up to where Miss Balance and Miss Scott were sitting and stood patiently waiting while they examined the load of parcels. The little girls were trocked in the purest and daintiest of white, and their chariot was backed up with white chrysanthemums with long white streamers fastened to it, tied to the outside arm of each little girl. A prettier sight could hardly be imagined. A delightful time was spent over the tea cups before the guests dispersed.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The Strathroy council offers a reward of \$50 for the apprehension and conviction of the party or parties that held up Mr. J. E. Pedlow near his residence on Caradoc street on the night of Oct. 10. Sarnia has a city hockey league besides teams in the intermediate and junior O.H.A.

CONVALESCENTS

Those Recovering from Any Severe Illness

After a long wasting illness, convalescents require nourishing food that will not overtax the digestive functions—and in the way of a strength-restoring and vitality-making tonic, we know of nothing that equals Vinol, our delicious cod liver and iron tonic (without oil). Vinol creates an appetite, re-establishes good digestion and helps the daily food to make rich blood, form flesh, strong muscles and impart new life and vitality to every organ in the body. We ask those who need a strength and flesh-building tonic restorative to call at our store and get a bottle of Vinol, with the understanding that if it does not help them we will refund their money without question. T. B. Taylor & Sons, Druggists, Watford

MONTREAL WITNESS

Canada's Best Metropolitan and National Newspaper.

Strong and Courageous

The 'Daily Witness' on trial, \$1.00 regular rate, three dollars.

The 'Weekly Witness and Canadian Homestead' on trial, 65c regular rate, one dollar.

These trial rates are offered to NEW subscribers—or those in whose homes another edition has been taken regularly for at least two years, that is, since it has been so.

Wonderfully Enlarged and Improved

Its circulation is being doubled, and is the most popular paper among church-going people. Its subscribers love it.

MAKE IT YOUR CHOICE FOR 1912.

At the above 'Whirlwind Campaign' Rates and tell your friends about this offer. They would also enjoy it.

Subscriptions sent in at these rates should either be accompanied by this advertisement or the paper in which you saw the announcement must be enclosed when sending the subscription.

JOHN DOUGALL & SON, Publishers, Witness' Book, Montreal.

HORSES NOT DOOMED.

We Have Doubled Our Number In Ten Years Despite Automobiles.

With the introduction of the automobile, the taxicab and the motor truck a great deal was said and written about the impending doom of the horse and the approaching "horseless age." In accordance with the natural law governing the survival of the fittest it looked as if the horse had almost outlived its usefulness and soon would be practically extinct. But, according to the *Harness World*, there are today more than twice as many horses in the United States as there were in 1900, the very year that the motor driven vehicle began to demonstrate its independence.

According to the latest statistics, there are more than 32,000,000 horses—one horse to every three individuals in the United States. Their total valuation in round figures is \$3,000,000,000. In 1900 there were 14,000,000 horses in this country, with an average value of \$44.61 each, a total valuation of \$625,000,000. In 1909 there were 30,000,000 horses, average value \$55.04 each.

It is interesting to note that the horse makes and maintains the market for nearly all the oat crop, worth \$334,000,000; most of the hay crop, worth \$743,000,000, and a large part of the corn crop, worth \$1,337,000,000. If we also consider the horse equipments—carriages, wagons, harness, clothing, saddles, bridles, shoes and bits, private stables, blacksmith shops and horse repositories—it will be readily understood that the horse creates business interests ranking with the railroads and agriculture and other colossal affairs of the country.

TELEPHONE DIRECTORIES.

Costs \$40,000 a Year to Deliver Them In and Around New York.

Seven hundred thousand old New York city telephone directories heaped into a pile remind one of an Egyptian pyramid, says the *New York Telephone Review*. Having served their time, this pile of old books now represents about 1,000 tons of waste paper ready to be made over into paper board.

The compiling of these directories, which are issued thrice yearly, is done by the New York Telephone company in a department devoted exclusively to that work and kept busy all the year, while the printing and binding keep 350 skilled workmen busy for eight months every year in one of the largest printing establishments in the country.

The telephone using public insists on having up to date information at all times regarding additions to the list of subscribers and changes that may have been made, since every additional subscriber adds to the value of the service to every other subscriber. These old books therefore illustrate one item of expense which the telephone company must stand three times a year.

Merely to deliver these directories in and around New York costs the telephone company about \$40,000 a year.

Australia and the Antarctic.

It is remarkable how many interesting things not originally looked for, but picked up by the way, were discovered by Shackleton's south polar expedition. One of the most suggestive is a piece of rock found on the Beardmore glacier, which turns out to belong to the Cambrian limestone series and closely to resemble a similar formation lately discovered in South Australia. The fossils in the rock from the antarctic are identical with those of the Australian strata, representing forms of life which immediately preceded the corals and sponges in geological history. The inference is drawn that at a not very distant period in the past Australia and the antarctic continent were united.

Self Inflating Life Belt.

Another novel use has been found for acetylene gas. It is being depended on to inflate a new patent life belt the moment the wearer falls into the water. The belt, an invention of Edward W. Miller of Merrick, N. Y., is to be worn flat around the chest, where it will cause no inconvenience. Connected to the belt by a tube is a small metal chamber filled with calcium carbide. In case the wearer should fall overboard from a boat or be otherwise accidentally thrown into the sea the first few drops of water penetrating the carbide chamber will immediately generate sufficient gas to inflate the belt.—Exchange.

SUFFER NO MORE.—There are thousands who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Parmelee's Vegetable Pills, which are among the best vegetable pills known, being easy to take and most efficacious in their actions. A trial of them will prove this.

The death occurred on Saturday of Mr. John Montgomery, an old and well known resident of Metcalfe Township.

LUNG TROUBLE

Mrs. Biny Brown, of Tencscape, N.S., Was Cured by Catarrhons of Lung Trouble and Catarrh After Hundreds of Other Remedies Failed

If your lungs are weak; if there is consumption in your family; if Colds, Catarrh, and Bronchitis bother you, be sure to use *Catarrhons*. It is especially adapted for these diseases and cures every time.

Mrs. Brown took cough mixtures, but they made her sick. Then she used an atomizer, but, after resorting without benefit to poultices, she tried *Catarrhons*.

"I used *Catarrhons Inhaler*," writes Mrs. Brown, "five minutes every hour, and soon recognized that it was going to cure me. I could feel the soothing medicated air spreading through the air passages of the throat, and it touched the sore spots in the lungs that other remedies failed to reach. *Catarrhons* seemed to go just where it was needed most, and soon put a stop to my cough. It restored me to perfect health, and I am convinced that no cough, cold, or catarrh can exist if *Catarrhons* is used."

No treatment is so clean, so pleasant, so certain to cure as *Catarrhons*. By means of the Inhaler, the local symptoms, such as coughing, inflammation and congestion are speedily corrected. *Ferrozone* tablets, which are taken after each meal, purify and cleanse the blood of all poisons, and build up and strengthen the system.

This local and constitutional treatment is always effective, and cures cases that have been given up as hopeless. Money can't buy or produce anything better, and to get cured it is absolutely necessary to use *Catarrhons*.
