North Lambton S. S. Convention

The fifth annual convention was held in the Baptist Church, Forest, on February 9th.

To say that it was the best convention held is very mild indeed. It was a record one, both in delegates, addresses and discussions.

Rev. H. F. Kennedy, President of the Association, was in the chair.

The reports of the Departmental Superintendents led the way for valuable discussion, which no doubt will make it possible for those departments to improve this year.

The County Secretary's report includes the reports of these Departmental Superintendents, and also shows a comparison of the work with year 1914 as follows:—

	1914	1915
Number of schools.....	71	70
" of open 12 months.....	65	66

The total Protestant population of North Lambton is 23,131, only 38% of these are enrolled in the Sunday School.		
Last year your Secretary travelled 330 miles in the interests of the Sunday School work in the county, this year 452 miles. Last year the postage bill was 95c., this year \$2 80.		
The Association work has its discouragement and its joys, pleasant connections with those in the field. Much has been done every way, much remains yet to be done. Let us in this great work be confident of the companionship of Christ Himself. Respectively, Wm. McDonald,		

Cor.-Sec.

Miss Bertha Laine, our Provincial Elementary Division Superintendent, addressed the Convention in the afternoon on "The New County Standards" and "Unrecognized Helpers." These unrecognized helpers were organization, grading and separation of classes, and the use of graded lessons. Pupils should be graded according to years, separated by means of curtains at least, to get the best results in teaching, and International Graded Lessons should be used in the Beginners' and Primary Classes at least, following the same method as in the public schools,—lessons more easily understood to be taught to Beginners and progressing as they advance in years.

Her evening address was "Co-operation Between the Home and the Sunday School." She said "The Home is God's first and holiest school." God made a Home before he made a School, but so many homes failed in their duty that the Sunday School had to assist in restoring to the home the opportunities which it threw away. Some parents send their children to Sunday School in order to have a quiet hour Sunday afternoon. It would be better to say "Come with us to Sunday School" rather than "You go."

Greater co-operation must be between the home and the school, that the parents and teachers may help in the development of the spiritual life of the child.

Frank Veight's addresses "The New Ideal in the Sunday School" from the view point of the vision of "Service," and "The Bible Class a Factor in the Local Church" should impress all adults with the great need of their presence in the Sunday School. He made clear that, while Organization was not always successful, owing to the lack of leadership, yet in nearly all classes which are producing results, Organization was the fundamental principle of such results. He outlined a range of activities that would be in the realms of service of an Organized Adult Bible Class. The "O.A. B.C." was a factor in the local church in the way of supply, a training class for new teachers and officers.

The Resolution Committee prepared the following resolutions which were adopted by the Convention,—

- (1) That the individual schools be urged to respect the claims of the Departmental Superintendents and report promptly.
- (2) That it would be in the interests of the Sunday School to introduce the International Graded Lessons in the Beginners' and Primary Classes at least.
- (3) That the different schools be requested to organize their Teen Age and Adult Classes and register same with either their denominational offices or the Provincial Sunday School Association.

The following officers and Departmental Superintendents for 1916 were appointed,—

President.—Dr. P. McG. Brown, Camlachie.

WOMAN'S HEALTH NEEDS CONSTANT CARE

Work and Worry Leaves Her a Victim of Many Distressing Ailments

Every woman's health is peculiarly dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness. If you have any of these symptoms you should begin today to build up your blood with Dr. Williams' Pink Pills. Under their use the nervous energy of the body is restored as the blood becomes red and pure and the entire system is strengthened to meet every demand upon it. They nourish every part of the body, give brightness to the eye and color to the cheeks and lips.

Mrs. Jas. S. Francis, Oakwood, Ont., says: "I should have written long ago to tell what Dr. Williams' Pink Pills did for me, but I suppose it is better late than never. In June 1913, I had to go to a hospital for an operation for female weakness. I was in the hospital for a month, before I was able to get home. Three weeks after this I started for a trip to the Pacific coast, in the hope that my health would further improve. On the way I stopped to visit a sister in Southern Alberta, and on arriving at her home (after a 35 mile drive) I was completely done out. I found my sister ill, her baby having been born the week before. As there was no one to help, I had to take care of the child and do the household work, and in the three weeks that passed before my sister took charge I was completely worn out, and again nearly ill. However, I started on my westward trip, and decided to stop off at Banff, where I remained a week, but it did not seem to help me, and I resumed my journey. On the train I took sick, and could not eat, and as I was alone my condition was pitiable. Finally the porter wired ahead to North Bend for a doctor to see me. The doctor wanted me to leave the train and go to a hospital, but I determined to continue my journey to Vancouver. The medicine the doctor gave me did not help me, and I was getting worse all the time. And then a young man who had the opposite berth asked me if I would try Dr. Williams' Pink Pills and gave me a box he had. I used these and the porter got me

two more boxes, and by the time I reached my journey's end I was feeling some better. I stayed two months on the coast, and continued taking Dr. Williams' Pink Pills all that time. I had gained in weight and appearance, and when I started for home I felt better than I had done for years. Now I always keep Dr. Williams' Pink Pills in the house, and both my husband and my young daughter have been benefited by their use. I bless the day that young man on the train gave me his box of pills, otherwise I might never have tried them, and would have still been an invalid."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
