

Local and Other Matter.

Keely's Secret. Keely, of Montreal, has been for some time past little spoken of. But he has now again been heard from, and the reports tell of wonderful things he can do and is doing with "obscure force."

From the Digby Courier. A fine barque called the "Nikara," was launched from the shipyard of Mr. W. J. Raymond, at Metchosin River, on Monday of last week.

Two men deserted last week from the brig Arocl, Capt. Cate, of Machias, Me., at present lying in the harbor. One was captured and lodged in jail, all here on Saturday, but managed to break his way out on Sunday night, and has not since been seen.

The schr. Lloyd, Capt. Manning, from Yarmouth, with picnic party, on Monday evening, capsize opposite Sandy Cove, and about five miles from the shore. The party numbering about 35 or 40 persons, were all saved. They fortunately managed to cling to the vessel until assistance reached them. The schooner was afterwards towed into Sandy Cove.

We would recommend to parents with very young children that they subscribe for "Babyhood" an illustrated magazine published by the Babyhood Publishing Company, of 5 Beekman St., New York. It is but \$1.50 per year, and its pages are full of interesting and common-sense advice in reference to the care of infants and young children. Much sickness and suffering can be prevented by an intelligent perusal of the pages of this valuable little magazine and it is for this reason we recommend it to our readers. Sample copies may be had for 15 cents.

Philadelphia, July 30.—Ship Sapphire from Antwerp, reports June 30, 40 N. on 84 W., passed a submerged wreck, one mass standing about 20 feet out of the water and one lying on the bottom.

Point Pleasant, N. J., July 30.—A portion of the foundered barque Brimley, lost March 12, is floating inside the capes in Delaware Bay, and is an obstruction to navigation.

The whole of Ontario has not suffered from the drought. The Niagara peninsula, the counties east of Brockville, and a large section of the western peninsula will have splendid crops.

An interesting fact on the coast last week was that some of the best catches of fish were made in the bay, where the water is so shallow.

The Baptist Western Association of Nova Scotia at its late session passed a resolution of sympathy with Rev. Mr. Sprague. The reverend gentleman writes from London, July 14th, thanking the association for their kind and generous interest in the old faith.

Among the best catches of fish were made in the bay, where the water is so shallow. The whole of Ontario has not suffered from the drought.

White Huckleberries.—This rare fruit is only found in Blooming Grove, Pa., and is very sweet. The Blooming Grove bushes yielded this year about 12 bushels which were sold for \$2.00 per bushel.

Penis of the Sea.—Fishing sch. Randolph, of Yarmouth, N. S., got drifted near Eastport recently and ran on a rock, causing a hole in her bottom. She capsized and sunk in ten fathoms of water. She had a complete fishing outfit on board, which together with the vessel, became a total loss.

I have been sick with liver and kidney disease which brought on night sweats and general debility for over two years. Most of the time was confined to my bed. A doctor attended me, but failed to cure me. After a while I tried many patent medicines that are recommended for the above diseases which failed also. By advice I procured and took three bottles of Dr. Norton's Dock Blood Purifier and I am now enjoying the best health I have enjoyed for twenty years.

Avondale, Hants Co., N. S. "The Writer" to be explained—So great has been the success of The Writer, the Boston magazine for literary workers, that its publishers propose to enlarge it in January, at the beginning of the next volume, and to increase the price to two dollars a year. The Writer was started only a year and a half ago, but it has already made itself a permanent place among the standard monthly magazines. It is current, practical, literary, helpful and interesting, and it stands unique as the only periodical in the world devoted to discussing the practical details of literary production.

After many days.—Twenty-nine years ago, a man went into one of the banks of this city and deposited the bulk of his wealth taking a deposit receipt therefor. He went away, and has never troubled the bank from that day till this. Even his name is not in the bank's books. It was ready for him, but he never came. The bank had to advertise and was obliged to draw out the principal and the 29 year's interest.—Advertiser.

Meteorological Displays.

The August nights from the 8th to the 12th will be enlivened by the display of meteors, which are sure to descend through the atmosphere in greater or less numbers. The meteors, as is well known, come from the great meteoric zone which extends beyond the bounds of Neptune, the most distant planet in the solar system.

On the 23rd, the meteoric shower will be at its height, and the display of meteors will be at its height. The meteors will be seen in the form of shooting stars, and will be seen in the form of shooting stars, and will be seen in the form of shooting stars.

Ottawa, Aug. 2.—In answer to the complaint of the American government, the Canadian government has been notified by the Washington treaty by discriminating against United States vessels and cargoes passing through the St. Lawrence canal.

A half-witted individual named "Billy" Corall who has been prowling around various parts of the county late last night and early this morning, was surprised by Mr. J. G. Graham, who was on duty at the time.

A \$10 joke is thus recorded by the Justice Peers and Hunter were called upon to decide a peculiar case on Monday. The case was one of a small boat named the "Justice Peers" which was owned by William Murphy.

The cost of a Presidential campaign in the United States is well known to be enormous; only millions will measure it. Between paid workers, the circulation of literature, the purchase of railroads, the purchase of land, the purchase of land, the purchase of land.

For Swollen Feet.—Police-men, mail carriers, and others whose occupation keeps them on their feet a great deal of the time, are troubled with sore or blistered feet, especially in extremely hot weather, no matter how comfortable their shoes may be.

A battle-axe of great size, that was once the property of some Indian chief, was recently dug up near Brockville, in a neighbourhood that is rich in Indian relics. The axe is made of a single piece of iron, and is singularly well preserved.

A Stomach for Bats.—A correspondent writes that he has seen a bat with a stomach full of small insects. The bat was taken in a cave, and the insects were found to be of the same species as those which are taken by bats in other parts of the world.

OUR business in this Province extends over three years, and is well known to our readers. We are now in the midst of our annual sale, and are offering our goods at very low prices.

Dr. FREEMAN, Physician & Surgeon, BRIDGETOWN, N.B. Office at residence, formerly the residence of Mr. L. S. Moore, August 1st, 1888.

Unclaimed Bank Dividends.—One of the PERRY HAYES CO. CAPTAIN.—The unclaimed dividends of the Bank of Montreal are \$10,137.25. It is interesting to know that these dividends are not claimed by the owners of the bank, and why don't they claim them? Does the bank take any means to find out who the owners are, that are apparently so negligent in not claiming their money? It is just possible that some of them may be dead, and that the bank is ignorant of the fact that their own interests may be badly served by the Bank of Montreal in their saving the vessel. The vessel was laden with goods, and when the captain and crew were discovered, the cargo was on the deck, and the vessel was in a state of disrepair. The captain and crew were saved, but the vessel was lost. The vessel was laden with goods, and when the captain and crew were discovered, the cargo was on the deck, and the vessel was in a state of disrepair.

Unclaimed Bank Dividends.—One of the PERRY HAYES CO. CAPTAIN.—The unclaimed dividends of the Bank of Montreal are \$10,137.25. It is interesting to know that these dividends are not claimed by the owners of the bank, and why don't they claim them? Does the bank take any means to find out who the owners are, that are apparently so negligent in not claiming their money? It is just possible that some of them may be dead, and that the bank is ignorant of the fact that their own interests may be badly served by the Bank of Montreal in their saving the vessel. The vessel was laden with goods, and when the captain and crew were discovered, the cargo was on the deck, and the vessel was in a state of disrepair.
