EFFICIENCY IMPAIRED

Why Many Men And Women Are Badly Handicapped.

When you are so run down in health that it impairs the efficiency of your work as well as your power to enjoy your leisure hours, or obtain rest, it is time you looked to the cause. If you do not, a serious breakdown is almost sure to result sooner or later. In nearly all cases this condition, which doctors usually describe as general debility, is due to poor blood—blood that is deficient in red corpuscles. When the blood is thin and weak your whole system suffers. You lose appetite, have no energy, your nerves trouble you and you feel restless.

What you need is help to build up your blood and you should begin at once to make your blood rich and red by taking Dr. Williams' Pink Pills. You will soon notice the difference in your health by a better appetite and increased vigor. The reason is that the new blood created by Dr. Williams' Pink Pills stimulates all the organs of the body to healthy activity, and so the system gains nourishment and strength. If you are weak or out of sorts begin gaining new strength today by taking Dr. Williams' Pink Pills.

You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
