

dian idioms" as the author termed them, which they contained; but in so doing has preserved the original meaning in all cases, and has neither added, omitted or corrected, except in the way of notes.

The strange romance that has been woven into the history of Eleazer Williams, and the numerous corroborating circumstances which have been adduced to sustain the theory that he is the son of Louis XVI, render everything connected with the parentage, education and life of this person worthy of the attention of the unprejudiced seeker after truth. It is not certain that these pages will add any
