

RANDOM NOTES ON NATURAL HISTORY is a monthly of eight pages, published by Southwick & Jencks, Providence, Rhode Island, U.S.A., at 50c. a year; devoted, as its title implies, to the various departments of natural history.

THE RURAL CANADIAN has incorporated with itself the *Canadian Farmer and Grange Record*. It is published monthly, at \$1 per annum, at No. 5 Jordan Street, Toronto, and is devoted to the farm, dairy, apiary, grange, garden and orchard.

POPULAR SCIENCE NEWS is published monthly, at 19 Pearl Street, Boston, Massachusetts, U.S.A., at \$1 a year. It treats of various interesting subjects that may be arranged under the several heads of familiar sciences, practical chemistry, the arts, agriculture, medicine and sanitary science.

SCHEDULE OF PRIZES offered by the Massachusetts Horticultural Society for the year 1885. Competition open to all persons. Robert Manning, Secretary, Boston, Massachusetts. The annual exhibition of fruits, flowers and vegetables will be held in Boston, September 15th to 18th, 1885.

THE WIDE AWAKE, published by D. Lothrop & Co., Boston, at \$3 a year, is a very interesting and instructive magazine for children. There is a good healthy moral tone pervading the whole. Some of the articles seem especially adapted to entertain and at the same time instruct the youthful reader.

LOVETT'S GUIDE TO FRUIT CULTURE is a very handsome catalogue of fruit trees and plants for sale by J. T. Lovett, Little Silver, New Jersey. It is very profusely illustrated with engravings throughout, and adorned with colored lithographs of fruits; and contains a great variety of useful information concerning the different varieties, methods of culture, and value for market.

JOURNAL OF THE NEW YORK MICROSCOPICAL SOCIETY, is published in nine monthly numbers, at No. 12 College Place, New York City, price \$1 a year. Devoted to microscopical science, a science that is throwing much light upon the fungoid growths which play, apparently, very important parts in the diseases of plants as well as of animals. The January number contains a very interesting paper upon the process of fertilization in plants.

HOW TO PROPAGATE AND GROW FRUIT is the title of a pamphlet of 64 pages, by Charles A. Green, of Rochester, N.Y., U.S.A., the price of which is only 50c. It treats of propagating the raspberry, blackberry, currant, gooseberry, grape, quince, peach, cherry, plums, pears, and apple; tells the author's experience in beginning, growing, marketing, etc.; treats of shipping fruits, evaporating, &c., &c.; and will be found very useful for consultation and reference, especially by growers of small fruits. We will send it to any of our readers, post paid, on receipt of the price.

FORESTRY BULLETIN, published by the Council of the American Forestry Congress, and ably edited by Bernard E. Fernow, Secretary, No. 13 Burling Slip, New York, N.Y., U.S.A. Subscription \$1 a year, which may be sent to Mr. Fernow. The officers of the American Forestry Congress are: Hon. Warren Higley, Ohio, President; Hon. H. G. Joly, Quebec, 1st Vice-President; N. H. Egleston, Washington, D.C., 2nd Vice-President; B. E. Fernow, New York, Corresponding Secretary. The objects of this Congress are the advancement of forestry in the United States and Canada. Its funds are derived wholly from membership dues, which are for life membership \$10, annual membership \$2; with an additional entrance fee of \$2.
