the enjoyment of the meetings. At the morning session for business Mrs. Somerville, Pres., Mrs. Waits, Treas.; and Mrs. Fraser, Sec., were re-elected by acclamation and Mrs. Hamilton, Mrs. Mc-Lennan and Mrs. Dr. Morrison were elected vice-presidents for the year. It was agreed, on the invitation of Mrs. McAlpine, to hold a semi-annual meeting at Chatsworth, on the second Wednesday of June, as the meeting held at Keady last year had been such a success. The usual formal address of welcome in the afternoon was dispensed with, the president, in her excel-lent and appropriate address, extending, on behalf of the ladies of Knox church, a cordial welcome to all delegates and visitors present. The reports from Auxiliaries were brief but varied and very interesting. The various sister societies of the town were represented by Miss Gordon, Episcopal; Mrs. Eberle, Baptist; Mrs. Ken-nedy, Methodist; and Mrs. Ledyard, Dis-ciple; who gave full accounts of the work in which their societies were engaged, af-ter which Mrs. McCrae, of Guelph, deliver-ed a most stimulating and helpful address which was enthusiastically received and will be long remembered. The reports of the secretary and treasurer were then read showing that the society had made good progress during the year, that three new auxiliaries had been organized, and that the contributions had increased from \$521, 36 of the previous year to \$683.80, an advance of over thirty per cent. The even-Vance of over thirty per cent. The even-ing meeting was presided over by Dr. Waits, the pastor of the congregation, and addressed by the Rev. R. P. McKay, M. A., who passed in brief review the Foreign Mission work of the Church in the eight fields to which we have sent missionaries, and earnestly urged upon all the duty and privilege of co-operation in this great work. Mr. Andrew Morrison, who for two years taught in the Mission School at Round Lake, told in a touching way of the state of the poor Indian children, the way in which the work of the school is carried on, and of the great influence for good of the large amount of warm clothing sent year by ear from the Society. The collec-tions amounted to \$22.63. Mrs. Kent, Mrs. Rogers, Mrs. McLennan, Mrs. Ford and Mrs. Forrest, with the President, conducted the devotional exercises most profitably, and Mrs. A. A. Vernon, to the enjoyment of all, sang appropriate solos both in the afternoon and evening. The meetings, on the whole, were the largest and the best that the Society has yet held .-- Com.

#### MINUTE OF THE PRESBYTERY OF BARRIE RELATIVE TO THE LATE W. FRASER, D. D.

The Presbytery desires to place on record an expression of its sorrow at the removal from their midst by death of the late Dr. Wm. Fraser, for so unusually long a period a respected member of the Court, and of its sense of the loss sustained by its members and by the church at large. For more than forty years Dr. Fraser laboured within the bounds of this Presbytery. Throughout all that period he took a leading part in the work of the Court, and in all the labour connected with the extension and establishing of the church in the wide district under its care. In 1879 when he retired from the active duties of the ministry, the Presbytery re-

# German Syrup

G. Gloger, Druggist, Watertown, Wis. This is the opinion of a man who keeps a drug store, sells all medicines, comes in direct contact with the patients and their families, and knows better than anyone else how remedies sell, and what true merit they have. He hears of all the failures and successes, and can therefore judge : "I know medicine for Coughs, Sore Throat, or Hoarseness that had done such ef-

fective work in my Coughs. family as Boschee's Sore Throat, German Syrup. Last winter a lady called Hoarseness, at my store, who was suffering from a very

severe cold. She could hardly talk, and I told her about German Syrup and that a few doses would give relief; but she had no confidence in patent medicines. I told her to take a bottle, and if the results were not satisfactory I would make no charge for it. A few days after she called and paid for it, saying that she would never be without it in future as a few doses had given her relief."

corded its high appreciation of his character and work. These have been largely re-ferred to, since his death, in the public press. It is to be hoped that some fitting and permanent record will be made of the services which he rendered to the church. It is not possible or needful here to enter into an estimate of the character of our reverend father, nor to relate the manifold labours which were performed by him with unbroken fidelity, both in the field under his own immediate care and in all the re-gion round about, as well as in the public offices which he held. The able and faith-ful manner in which he discharged every duty laid upon him is well known to the church and will remain as an example to be held in honoured remembrance. It may suffice here to say that his connection with this Court, his courtesy and kindness as a co-Presbyter endeared him to every mem-ber of it, while throughout its bounds in its congregations, as well as by the community outside of our own church, he was regarded with the highest esteem as a faithful and honoured minister of the

Gospel. The Presbytery felt it a pleasing duty during his illness to send him an express ion of sympathy by some of the brethren from time to time, and watched the decline of his activity and strength with deep re-gret. They rejoice to know that during these trying months he was sustained by the grace of the Saviour whom he had so earnestly preached. He has entered into his rest. He has left to this Court as well as to the church at large a name which will ever be cherished by his brethren with affection and honour. The Presbytery desires to express sympathy with the mem-bers of the family of the deceased and instructs the clerk to send them a copy of this minute.

## SCROFULA Is that impurity of the blood which produces unsightly lumps or swellings in the neck-

which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can CURED By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished,

has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla. "Every spring my wife and children have

ten troubled with scrofula, my little boy, dree years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B.
