

It's a Good Plan, Try It!

We want to do something to cause you to remember us agreeably when you return home from the Winnipeg Industrial Exhibition. Our office is very central, just next to Whitla's, and only a stone's throw from the post office. Make this your head-quarters; have your letters addressed here, do your writing here, use our telephone and tell your friends they can find you at Griffin's. If you wish to discuss Produce matters, just set the pace and our time is yours. If you want to see pigs killed quick, or wish to inspect the only Ammonia Cold Storage Plant in the West, take a car over Louise Bridge to our Packing House. Now, don't think everybody will flock to our office and there'll be no room for you. They won't. There are other merchants whose doors are open and many will go there, but YOU come to us. You will be surprised at the number of little things we can do for you and how useful you can make this free and cordial invitation, if you just try it.
