A Summer

Montserrat.

Beverage.

Montserrat Raspberry Cordial!

These are elegant Cordials prepared with MONTSERRAT LIME FRUIT JUICE, and flavored as indicated with aromatics and pure FRUIT JUICE. They form most agreeable beverages, either diluted with water or alone, and especially with aerated waters, and are *guaranteed free from Alcohol.*

N. B.—The GOLD MEDAL of the ADELAIDE EXHIBITION has just been awarded to the MONTSERRAT LIME FRUIT JUICE AND CORDIALS; in regard to which, the *Liverpool Journal of Commerce* September 26, says:—"The Sole Consignees, Messrs. Evans & Co., are to be congratulated upon this result, whose enterprise in placing this before the public has met with such success, as witnessed by the fact that in the course of a few days 60,000 gallons of Lime Fruit Juice were imported by them into Liverpool alone."

Montserrat Saline Effervescent Salt.

This Preparation has all the properties of a cooling and purifying Saline. It is an elegant Pharmaceutical preparation, and at the same time a pure mixture of Acids and Salts, whilst, from its effervescence, it will be found to produce a certain and beneficial result.

DIRECTIONS FOR USE.—A teaspoonful in a tumbler of water, forms a mild aperient, and an anti-fever draught. A small teaspoonful in a wine glass of water is a palatable cooling and purifying draught. This latter dose taken before dinner is often likely to give an invigorating tone to the system.

THE POOR

CONSUMPTIVE!

How eagerly does the Poor Consumptive note every cheering sign - cheering indeed it may be to him, but how delusive, and with what bitter disappointment does he MARK each relapse! The *hacking cough* racks the emaciated frame, the *hectic flush* that rests upon the sunken cheek, the exhausting night sweats, which so speedily reduce the already waning strength - the accompanying diarrhoea, that so distresses and debilitates - and the panting breath, so painfully accelerated upon the slightest exertion - all these are the symptoms which the patient chiefly feels, and the observer chiefly sees. But the physician looks deeper, his keen sight pierces even to the lungs, and traces the disease from its first inception to its fatal termination.

He observes the deposit of the first tubercle, and marks out the nature and extent of the subsequent cavity, he sees the suffering patient, and knows that this is DEATH, who has selected another victim; that each sign observed by him is but another impress of his foot! he seeks in vain to hold him back, but he eludes his grasp, and at length he sees the smitten victim borne to the grave from which he (skillful physician though he may be) has been powerless to save. Thus all remedies had proved unsuccessful, and Consumption was deemed incurable, but now HOW GREAT THE CHANGE! within comparatively a short time, a powerful weapon has been placed in the hands of the physician, by means of which he is frequently enabled to beat back DEATH, and restore the patient to health and strength and this weapon is **PUTTNER'S SYRUP** which has also proved of great benefit and usefulness in kindred diseases, such as *Scrophula, Rickets, Chronic, Bronchitis, General Debility, etc.*

The use of the **HYPOPHOSPHITES**, or **PUTTNER'S SYRUP**, is endorsed by the leading and highest medical authorities in this and the old country, which will be seen by a pamphlet published on this subject.
