those whom he was now foolishly serving; when the Catholics of Manitoba would be again in possession of their schools: when all those who had fought manfully for the cause could look back with pride at the many trials they had undergone; and when that time came he, Mr. O'Donohue, would cut a very sorry figure in the community which he was now endeavoring to harm. Mr. Golden's remarks were received with applause.

LOCOMOTOR ATAXIA.

A DISEASE LONG HELD BY PHYSICIANS TO BE INCURABLE.

Its Horrors Are Those of a Living Death--The Victim Helpless, His Torture Intense--Losses Control of Bowels and Bladder, and is a Source of Constant Worry to Family and Friends--A Remedy for the Disease Discovered.

Mr. James McLean, a resident of LeFroy, Simcoe County, Ont., is known to every man, woman and child for miles around the vicinity of his home, and all know of the long years during which his condition has been that of a living death. Mr. McLean tells of his injury, his years of torture, and his subsequent release from the agonies of locomotor ataxia, in the following vivid language: "In the year 1880 I was thrown from a scaffold, falling on my back on a stone pile. I was badly hurt, and narrowly escaped death. Plasters and liniments were applied, and I seemed to get somewhat better. But the apparent improvement was short lived. My feet began to get unusually cold, and nothing that could be done would warm them. The trouble then spread to my legs, and from the waist down I was attacked with shooting pains flying along the nerves in thousands, and causing the most terrible tortures for days and nights at a time. I could get no relief save from the injections of morphia. Six physicians treated me at different times, but appeared only to faintly understand my trouble, and could do nothing for my relief. Some of the doctors declared my trouble was rheumatism, but two of them said it was a disease of the spinal cord, that the trouble would get worse, and that sooner or later my arms would become affected. This prediction proved true. My left hand dropped at the wrist joint and hung dead and cold, and I had no more control of it than if the hand were not on me. My blisters and electricity were resorted to without avail. My stomach was next attacked with a burning, aching, nauseating pain, causing the most distressing vomiting, and I often thought I would not see morning. I have vomited almost continually for thirty-six hours, and nothing but morphia or chloroform could deaden the anguish I suffered. But worse trouble was in store for me. I lost control of my bowels and water, and my condition became most horrible, necessitating constantly the greatest care and watchfulness. I was now suffering from the top of my head to the point of my toes. I saw double, and had to keep my eyes fixed steadily on the ground to make a step at all, and the moment I raised my eyes I would stagger and fall if I were not grasping something. I could not take a single step in the dark. For nine long years I suffered all the horrors of a living death. In 1889 I was admitted to the Toronto General Hospital, where I was treated for four months. I was told that my trouble was locomotor ataxia, and incur-

able, and I returned home no better. After returning home I had further medical treatment, but with no better results than before. Finally I was given the following certificate of incurability: CHURCHILL, July 27th, 1893. THIS IS TO CERTIFY that James McLean has a disease of the spinal cord (incurable) that renders him unfit to obtain a living. A. T. LITTLE, M. D.

About this time I was strongly urged to try Dr. Williams' Pink Pills, and oh how I wish I had known of this great remedy years ago! What anguish and torture I would have been spared! Soon after beginning the use of Pink Pills I found myself improving. The pains left me and I was able to discontinue the use of the morphia. I regained control of both bowels and bladder, and gradually a feeling of life returned to my legs and arms. I can now walk without the aid of either crutches or sticks and can take long strides. My stomach trouble has all left me, and I can eat as heartily as ever in my life. My friends, who never expected to see me about again, are astonished at the wonder Dr. Williams' Pink Pills have wrought in me. When I began the use of the pills my weight was reduced to 136 pounds, and it has now increased to 65. I am a new man and it is not possible for me to say enough in praise of your marvellous medicine. My wife also joins me in thanks, and says it was a happy day for her when I began the use of Dr. Williams' Pink Pills, as since then she has been able to get rest at night, which she had not done for so many long years before. I hope Heaven may direct this into the hands of some other poor sufferer, who may find as I did, release from a living death through your great life-saving remedy.

Yours very gratefully, JAMES McLEAN. Dr. Williams' Pink Pills are a certain cure for all diseases such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood, and restoring the glow of health to pale and sallow cheeks. With men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. Sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink), and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50.

WORTH THEIR WEIGHT IN GOLD

Dr. Morse's Indian Root Pills. Keep the Works in good order. NORMAN, Ont., January 15, 1890. W. H. COMSTOCK, Brockville, Ont. DEAR SIR,--Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece; frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what result?--at first, only a slight difference perceptible in its time-keeping, but as the obstruction grows, the irregularity becomes greater, until at last, what could have been repaired with little trouble, and by beginning, will no longer run, and the clock is broken. So it is in human life--a slight derangement is not noticed, until it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality. Yours faithfully, H. F. ATWELL.

The Travellers' Safe-Guard. AMAGAUDUS POND, N.S., Jan. 27, '90. W. H. COMSTOCK, Brockville, Ont. DEAR SIR,--For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c., M. R. MOINVIS. A valuable Article sells well. BOKACHOS HARBOR, N.S., Jan. 13, '90. W. H. COMSTOCK, Brockville, Ont. DEAR SIR,--This is to certify that I deal in Patent Medicines, including various kinds of Pills. I sell more of the Dr. Morse's Indian Root Pills than of all the other medicines. They sell in all and are well received. Yours, &c., M. L. MCGOWAN.
