

## **Paris Air Show**

Le Bourget, France — June 8-18, 1989

---

### *Aerospace Industry*

Once every two years "anyone who is anybody" in the aerospace field gathers at the Paris Air Show (PAS) at Le Bourget, France, to meet, to be seen, and to do business. PAS is the world's foremost aerospace exhibition attracting in 1987 in excess of 140 000 international professional visitors along with three quarters of a million members of the general public in France.

Canada has participated in every PAS event since 1965, with its own outstanding pavilion and hospitality chalet. As many as 60 companies and four provinces are expected to share the Canadian spotlight in 1989.

## **Offshore Europe '89**

Aberdeen, U.K. — September 5-8, 1989

---

### *Offshore Oil and Gas Equipment, Products and Goods*

Principal exhibits at this biennial event feature products, goods and services for the offshore oil and gas industry.

Fourteen Canadian companies exhibited in 1987 reporting on-site sales of \$1 million with 12-month projected sales of over \$8 million.
