ARGENTINE CORN HELPED BY RAIN

Outlook for Big Surplus Causes Decline-Other Grains Off.

CHICAGO, Jan. 5.-Heavy rains in Argentina making more certain a big export surplus there, broke down the market for corn again today.

Free Movement of Corn. In decided contrast with the fact that shipping sales of corn from here were light, the free movement of low grade corn to Chicago from the interior seemed to be unabated.

WINEYARDERS WANTS BIG CENTRAL BANK

Administration's Currency Reform Plans Are Not Cheered in Wall Street.

NEW YORK, Jan. 5.-The wineyarders of the United States are strongly opposed to the creation of a new central bank, which is to be put in motion the new bank bill, which is to be introduced in the House today by the Federal Reserve or its organization committee, consisting of Secretary of the treasury, department and Secretary of Agriculture.

On this committee, under the new law, devolves the responsibility of mapping out the regional districts and locating a bank in each of the hearing which will be continued three days in other important financial centres of the country.

A number of New York's leading financiers gave their opinions on the subject today. It quickly developed that the committee had a difficult task on its hands, and that it probably would be impossible to satisfy both New York and the rest of the country.

Frank A. Vanderlip, president of the National City Bank, said he thought the committee would find it impossible to work out a plan that would fulfil all requirements.

Want Central Bank. The majority of opinions of the witnesses favored the creation in New York of a regional bank of such magnitude that it would absorb 40 to 50 per cent of the \$100,000,000 capital available for the entire system of the country.

Such a district would include New York, New England, New Jersey, Delaware and part of Pennsylvania. Secretary McAdoo suggested that a huge bank here would overshadow the other regional banks, of which, according to the law, there must be at least seven.

The reply was made that a bank of such size was needed here in order that it might command the respect of European bankers and hold its own with the great individual banks in New York.

Dr. H. Parker Willis of New York, who was adviser of the banking and currency committee of the house of representatives during the time the currency bill was before it, was the chief opponent of the plan for the creation of a huge bank here.

Dr. Willis expressed the opinion that each of the regional banks should be strong and self-supporting, and said that to allot to the New York district 40 to 50 per cent of the working capital of the system would be out of harmony with the purpose of the law.

Southern Pacific. Southern Pacific annual report for year ended June 30, 1913, shows 8.85 per cent surplus for stock, against 7.92 per cent previous year. On June 30 company had \$18,509,077 cash on hand.

Meat Trade Quiet. The trade in small meats was also quiet, but the tone of the market was firm on account of the limited supply offered.

Choice hogs were scarce and sold at \$9 to \$9.25, but mixed lots of only medium quality were disposed of at \$8.50 to \$8.75, while ewe-sheep brought \$5.50 to \$6 per 100 pounds.

The trade in hogs coming forward, the undertone to the market is strong, but prices show no actual advance as compared with a week ago.

The demand from packers was good, and sales of selected lots were much higher than in straight lots at \$9.50 per 100 pounds, weighed off cars.

Further supplies of hogs are expected from the Canadian Northwest later in the week, which shippers are making considerable money on, as prices here are much higher than in the Winnipeg market.

A homeless man wrote "Home, Sweet Home!" Perhaps no other could ever have expressed the intense longing-the yearning-the keen pangs of a heart starving for home-for hearthstone and loved ones.

Certainly no words and no music could convey with more feeling that greatest of passions of the human heart-the desire for a home of its own. But one other desire on earth surpasses it-and that comes-mercifully-only to old age-when it longs for its home "not built with hands, eternal in the heavens."

This world-wide melody occurs in Bishop's opera of "Clara, the Maid of Milan," brought out at Covent Garden in 1823. In the published music it is called a "Sicilian Air"-but it is probably Bishop's own. It was the favorite encore of Jenny Lind-and thousands wept when they heard her sing it.
