A celebrated doctor was sometimes inclined to sleep in church during the sermon, and a friend who was with him about nodding now and then. The doctor insisted he had been awake all the time.

"Now, then," said his friend, "can you tell me what the sermon was about?"

"Yes, Yes, I can," said the doctor. "It was about half an hour too long."

Any Man May Easily Regain LOST VITALITY

Any man, young or elderly, who feels the need of new strength, stronger nerves, greater ambition, more robust, vigorous health, by filling in the coupon below will receive by return mail (sealed), as a gift from me, a valuable little 88-page illustrated book or pocket compendium giving the amount of strictly personal and private advice which should be of great value to every single or married man at the end of his days. The book also tells about a new self-treating method which anyone can use in his own home and which, without employing a single drug or medicine, is designed to quickly restore lost strength and to give men back their vigor and youth. Call at my office or write for free book to-day.

Dr. A. B. SANDEN

The only legitimate way to restore lost strength is to send a genuine supply of nerve-force or vitality into the weakened system. Therefore, if I can show any debilitated man how he may easily supply his weakened nerves, his depleted organism, with this marvelous power-restoring his youth, and of keeping him feeling young and capable to a ripe old age. A thoroughly strong, healthy, magnetic man is the greatest inspiration in the world and his fascinating influence is felt alike by all men and all women who are near him. Nothing but death itself can conquer the saint of strength and vigor.

I cannot here give space to thoroughly describe the method which I recommend in the treatment of lost strength, but will merely say the power which my system absorbs is generated by vitalizing coated paper, and should be read by every man, young, middle-aged or elderly, whether ailing or strong. Write or call to-day. Hours: 9 to 6. Entrance: 6 Temperance Street.

Do You Know

that much inconvenience and endless suffering all over the body is caused by the

Feet?

Feet that tire easily and ache; feet with weak ankles; feet that are tender and burn; feet that feel uncomfortable and heavy as lead, are sure signs of weak feet, and warning that you must beware of that terrible affliction—Flat-Foot.

What you mistake for "Rheumatism" in the limbs and back—the irritability that you charge to the liver—these may come from flat feet. Reflex action from the nerves of the feet causes pain in the various organs and disturbs the whole system. You need

Setting as Was Setting.

This is by no means a "tale of my landlord," but it is just sixty years since, as an inducement to run Weathergates for the Derby, the Lewisham Davies offered Tom Parr 100,000 to 1-100 against the horse which he intended should run for his book. What sort of a book it was that could afford to have 100,000 taken out of it and then show a profit we can nowadays scarcely realize. What we know is that in little less than ten minutes Davies laid 50,000 to 1,000 against Daniel O'Rourke, and then a further bet of 40,000 to 1,000. We have an idea that Mr. Greville "on commission" took one of these bets after having some time ago refused 100,000 to 1,000. Over this Derby Davies lost 50,000. When Daniel O'Rourke won Tom Parr realized that he had thrown 100,000 away, as if he had started Weathergates, looking at subsequent running, he must have won. He was frightened of Hobble Spouting times.

Rich Futurity for Trotters.

The Pacific Coast Trotting Horse Breeders' Association has decided to open a futurity purse or stake of \$25,000 for foals of 1913 to trot as two-year-olds during the Panama-Pacific Exposition in 1915. This is a larger prize than has yet been offered for trotters of this age. Heretofore the young trotters have traveled only from west to east for stake engagements. In the great days of harness racing, colts from Palo Alto, San Mateo, Rosemead, Pleasanton Stock Farm and other big breeding studs in California invaded the east each year, winning many important races, but it is not of record that an eastern colt was ever shipped to California to fill a stake engagement there. With a prize of \$25,000 in sight it may be different, but it would cost something like \$1,000 to make the trip under ordinary conditions.

Dead Pearls.

Pearls of great beauty are found in the mussels of the Little Miami River, Ohio, U.S.A. Amongst these, however, a certain number of brown, yellow, and blighted pearls are found, which the collectors call "dead pearls." These are something of a rarity, but their value as gems is very small, the one here and there shows a patch of brilliant lustre.

EVERY MONDAY AND THURSDAY, in addition to our regular shipments, we also sell a number of serviceable sound workers and drivers consigned to us by city people who have no further use for them, also an unlimited number of sets of new and second-hand harness and rigs of every description. The latter can always be purchased by private sale as well as by auction.

WE HAVE SECURED PASTURE RIGHTS for this season on a large tract of land, being the best pasture for horses. If you have one or more horses you wish to put on grass for the summer months, call, write or phone us for particulars and rates. PHONE NORTH 3920.

A PAIR OF GREY GELDINGS is being consigned by one of our regular shippers. They are both 5 years old, weighing 2,875 pounds, sound and right—a really high-class team. They will be sold without reserve.

Also on Tuesday Bay Cob, 5 years old, 15 hands, and a beautiful, well-mannered horse; will be sold for whatever he brings.

At each of our Tuesday and Friday auctions we sell a large number of CITY HORSES and in the majority of cases these are sold without reserve, and there are many bargains to be had.
