GRAFTERS INDICTED.

Boston Turns Up With Monstrous Bribery Game.

BOSTON, Mass., Aug. 14.—Superintendent of Streets James H. Doyle, and Common Councilman James H. Hatton of Charlestown were indicted today, the former in two counts, for offering a gratuity in connection with the recent passage by the common council of a loan bill amounting to \$1,500,000, and the latter for perjury, also in connection with the bill. Both were arraigned before Judge Schofield in the superior court late this afternoon and held for trial, bonds being fixed at \$300 each.

Jumps Hurdles in Lane.
In the afternoon police court Henry O'Brien, K.C., complained that George Pepper, in exercising his horse over hurdles in rear of 74 St. George-street was creating a nuisance and obstructing a thoroughfare. It was held, however, that there was no offence under the by-law under which the charge was laid.

JUNCTION CITIZENS DISCUSS NEW ROUTES

Annette St. Favored by Some for Railway Line—Threshing Has Begun—County Briefs.

TORONTO JUNCTION, Aug. 14.—The water pressure at the Junction was considerably higher to-day, as the Canada Foundry's supply was cut off last night, in order to have sufficient pressure all over the town for domestic purposes. The city waterworks have not been giving the necessary enough pressure for the past few days, so the Junction waterworks was appealed to and 70,000 gallons were pumped into the foundry's 4-inch main yesterday, which made the pressure all over the town abnormally low. Various opinions were expressed today about the advisability of laying tracks on Annette-street, in connection with the proposed Swansea route of the Toronto Suburban Railway. Some residents of Annette-street object to the proposal on the ground that the residential aspect of the street would be removed, while others hold the idea that the added convenience of the street cars and the advances in the price of their real estate in that locality would justify them in upholding the railway's proposal.

George C. Royce, manager of the Toronto Suburban Railway, stated this afternoon, that while nothing can be definitely decided till the York Township Council considers the matter officially, he was confident that Annette-street was the proper route along which the new railway should go. Mr. Royce explained that in this manner a direct route would be established from Weston to Swansea, as well as being right thru the centre of what will be, within a few years, a thickly populated district. He also added that it was only a question of time till this route would be a necessity, and the citizens should grasp the present opportunity to develop the suburb. The Lambton car service will soon have to be increased, and with the Evelyn-crescent route, will make the traffic heavy on Dundas-street tracks, without any extra service such as that proposed.

William Howatt, the Davenport postmaster, leaves to-morrow for Muskoka, for a short vacation. Chief of Police Flintoff has been staying at his home at Lake Simcoe, and will return in a few days. David Fitch, aged 75 years, died this morning at his home at 27 Clendenan-avenue. The cause of death was cholera morbis and heart failure. He is survived by a grown-up family, the undertaker rooms, from whence the funeral will take place to-morrow at 2 p.m., to Prospect Cemetery.

Albert W. W. Duck, aged year, the only child of Albert Duck and Mrs. Duck, 595 Weston-road, died this morning. The funeral will take place Friday at 2 p.m., to Prospect Cemetery. The regular summer shoot of the Toronto Junction Gun Club took place this afternoon on the club's grounds at Lambton. The results are: Event No. 1, 10 birds—McGill 7, 6, 7; Dunk 8, 8; Vician 10, 7; Smith 7, 5; Taylor 7, 5; Wakefield 10; Mason 6; Capell 5, 6.

Event No. 2, 25 birds—Wakefield 21, Taylor 15, Mason 24, Ellis 12, Smith 12, Dunk 22, 22; Capell 18; Wakefield 20; Roberts 20, 16; Ellis 22; McGill 20, 20; Taylor 15; Roberts 18; Sheppard 10.

NORTH TORONTO.

Joint Meeting of Representatives Seem to Favor High School.

NORTH TORONTO, Aug. 14.—The adjourned joint meeting of the council and the public school board was held to-night in the council chamber, when the special committee appointed to get further information regarding the establishment of a high school brought in their report. Trustee Logie, chairman of the school board, stated that he visited the department of education, where he received great encouragement. It was decided that the town does not need to erect an expensive building while the high school was in the experimental stage.

Re the grant from the county, Mr. Logie reported that the county is forced to pay the regular grant to a township that is separated from the county. Councillor Douglas stated that he interviewed County Clerk Ramsden in regard to the county grant, and up-to-date the county is not prepared to make a grant. Considerable discussion followed the reports and a high school teacher reported that the system of the county Councillor W. J. Lawrence said that in reality the expense of a high school, such as maintenance, would be a trifling and the figures showed that it would cost about \$40 for the balance of this year.

Councillors Brown, Brownlee and Murphy could not see where the money would come from, and Trustee Logie hoped the council would not refuse the amount needed.

Councillors Douglas and Brownlee submitted a resolution to the effect that a high school be established and that steps be taken to put it in effect as soon as possible. Councillors Brown and Murphy voted against the resolution, and the school board voted in favor.

The trustees absent were Brown and Spittal. Contractor Johnston has the concrete culvert of the sewerage works under way and expects to finish the job this week. The avenue has recently been graded and the contractors have the excavations for a concrete sidewalk on both sides finished and will start concreting in a day or two.

Councillor J. N. Anderson had two horses stolen from the pasture last night. Constable Tomlinson is working on the case. The council is sending William Ingram of Davisville to the Weston Convalescent Sanitarium.

cases will come up to-morrow for adjudication. Next Sunday afternoon the annual decoration of the graves of the late members of Cambridge Lodge, Sons of England, interred in St. John's Cemetery will take place. The proceedings will begin at 3 o'clock. Constable Charlie Cobley, the courteous and efficient representative of the law in the southern end of the town is enjoying a visit from his brother George, who for the past five years has been living in Alberta. While enthusiastic concerning the west, Mr. Cobley is delighted with the progress which the Beach is making. Allan Taylor, who was killed by a moving freight train on Monday night, was only recently initiated as a member of the East Toronto Council, Canadian Order of Foresters. Alf Westlake is putting up a new livery stable behind the Empingham Hotel. Fateron Bros.' fine new store is rapidly nearing completion, and it is hoped in September will be ready for occupation. Dr. Walters, who has been paying a short visit to the other members of the family in the north, is expected home to-morrow morning. Reeve Nimmo, architect, who has been thoroughly overhauled and remodelled, presents a strikingly handsome appearance, and is a credit to the town. Mrs. E. M. Brown of Detroit, who has been visiting at the home of Mrs. N. B. Cobblefield for a few days, has left for a short visit at Howlandville. A lot of heavy machinery is being installed at the Toronto Type Foundry's buildings. Magistrate Clay sent a man, charged with vagrancy and arrested by Constable Hewitt at Norway this afternoon, down for thirty days. The young man, Middleton, thrown from a House of Providence rig on Friday, is greatly improved. The Beach Soccer Club will hold their fall regatta, which is an annual event, on Saturday afternoon next. There is a large program of sports, and in the evening there will be a dance in the Masonic Temple on Seisam-avenue. The officers of the day are: Judges, C. F. Wagner, A. R. Riches and C. T. Armstrong, and the starters, J. B. Kirby and W. G. Lyon. It is stated that the Halfway hostelry on the Kensington-road, and a landmark, will close its doors on the removal of the lessee, Charles Crewe, to Highland Creek. The license expires to-night.

MAPLE.

Dry Weather Has Not Injured Alike—Harvest in Earnest.

MAPLE, Aug. 14.—H. C. Bailey, our seed king, is doing a rushing business with the department of agriculture. The quantity of seed already. Two loads were brought in this morning by Neil William Malloy of the 6th concession of the Vaughan, near Weston, which contained 101 bushels. Mr. Malloy grew all this alike on 12 acres. The price was not made public, but we understand that it was a pretty snug figure, as this was an A1 sample. This gentleman has also nine acres yet to thresh.

William Creaser is busily engaged in building a new cement sidewalk on Main-street, which, when finished, will add greatly to the appearance of the town. W. T. Robinson has been laying in a big stock of coal, in preparation for the cold weather. The dry weather is very seriously interfering with the preparation of the soil for the sowing of fall wheat, the ground in many places being too hard to admit of the first plowing. Pastures are also suffering greatly, although harvesting operations are going on apace.

NEWMARKET.

Town Band Are in Demand—Office Specialty Have Great Day.

NEWMARKET, Aug. 14.—There will be a congregational meeting of the Presbyterian Church to-morrow (Thursday) evening at 8.30 to reconsider the pastor's resignation. The employees of the Office Specialty Company here, which finished work at Jackson's Point to-day, were a delightful time was spent in sports, aquatic and land, and side trips to nearby points. The works were closed down for the day, and the town presented a comparatively quiet appearance. The picnic served, among other things, to demonstrate the happy relations existing between the management and the employees, and incidentally to show the rapid increase in the number of employees. The Newmarket

BOY'S DEATH ACCIDENTAL.

Jury Blames No One for Killing of David Levi.

A verdict of accidental death was rendered in the inquest into the death of David Levi, who was killed on Tuesday being crushed in the hoist at the Bryant Press on Richmond-street. A number of witnesses were called, but none of them had seen the accident. A number testified to having heard cries for help, and run out; to find the boy caught between the elevator and the side of the shaft. The casing of the shaft and door of the hoist had to be broken out in order to release the boy. According to Dr. Dwyer, if the deceased had been given help quicker the injuries he received were sufficient to cause death. Coroner McCallum presided.

LAKE REPORTED SINKING.

LINDSAY, Aug. 14.—(Special)—Lake Seuzog, one of the string of Kawartha lakes, is said to be sinking. It has no visible inlet, and is drained by the outlet of the Kawartha river, which is very low at present and almost un navigable.
