Wages Over \$100,000 a Month.

It will be seen that a thousand men are employed in developing the mines of Rosland, and that over \$100,000 is paid to them every month. The figures do not include men doing assessment work.

In addition to miners, eight hundred men are working on the widening of the Columbia and Western roads, and the smelter, many are engaged in transporting ore and several hundreds are at work on street grading and other work. Hundreds of men in the building trades are busy in the construction, among others, with the new terminal building, the new reduction works, new O. S. R. depot and terminal building, court house, Presbyterian church, Bank of Montreal, B.C. headquarters, engine house, etc., on the War Eagle. The Government has several gangs of men working on trails and roads, including a large gang which is constructing a wagon road around Red Mountain. There is work for every man in Rosland.

A conservative estimate of the number of men drawing pay in Rosland to-day is 2500. In salaries and wages over \$200,000 a month is paid.

**At Trail Smelter.**  
At Trail smelter nearly 20,000 tons of Rosland ore is awaiting treatment. When operations begin, which will be within two weeks, over four hundred men will be employed in the reduction of ore and refinement of mineral.  
The Le Roi is shipping 220 tons to Northport smelter every day. The War Eagle sends 175 to 200 tons daily to Trail, the Centre Star ships 275 to 300 tons a week, and Iron Mask, Monte Christo, Giant and Sunset No. 2 are making regular shipments. Rosland is all right.

## MINES AND MINING STOCKS.

Cariboo and Victory-Triumph in Demand.

Transactions on the Toronto Mining Exchange Yesterday—Rosland Shares—Silver Bell, Reorganization—Word From Michipicoton—Notes and General News.

Mining stocks were active on the local Mining Exchange to-day. Cariboo Camp McKinnon and Victory-Triumph were the special features. One hundred shares of the former stock changed hands at 80, but bids of that price failed to bring out any more offerings. Brokers say 100 will be paid for Cariboo within a fortnight on the strength of the reorganization of the company. Victory-Triumph was in a way a still greater feature of the day's session. At the opening of the board 11,000 shares were transferred, and during the morning 25,000 shares in all of this stock changed hands at 9 to 9 1/2. The close was at 9 1/2 bid and 10 asked. The demand was, no doubt, partially due to the information lately furnished by The World's Rosland correspondent, Virginia was in demand again, being asked for largely in Toronto. Monte Christo a bit easier and there was some enquiry for Iron Colt and also for Good Hope. Deer Park was nominal and Montreal Red Mountain sold at 22. Closing quotations yesterday were:

## New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch from New York to-day:  
The stock market was strong to-day, with a tendency to broaden. There were occasional reactions, due to profit taking, but the variety in the dealings and the gains in prices were general. The feeling of confidence regarding the country was responsible for further accumulation of the Grangers, with B. O. again the leader, with an advance of about 2 points. There was a lively speculative contest in sugar. The price rose over 2 per cent. after a short break. Rubber stocks, after an early break, advanced materially. People's Gas was strong on rumors of a settlement of the dispute over Indiana Natural Gas. American Spirits stocks rose on the new trade combination just arranged. The market closed strong. In Government bonds, the bids for the new issue advanced 3/4 per cent, and reduced 1/4 for the three.

## The London Markets.

New York, Aug. 5.—The Evening Post's financial column, London, says: The stock markets here were stagnant in tone and dull today. Of Chinese political matters, which caused a fall in consols, Spanish securities keep fairly good on the peace prospects. Americans have been easier in sympathy with the market, but closed good in the street. It is generally believed in the city that nothing serious will come of the political situation, which, however, is admitted to be rather critical. The Paris market was nervous on the political outlook.
