Work on Geddes' Wharf is now at a standstill. The men that have been employed in making the repairs have been transferred to the Bay-street cribwork. The decayed and rotten foists of Geddes' Wharf are open to the heaven and the gaze of man. They will remain in statu quo till the Board of Control determines whether the pole.

Chicago, April 23.—Grain rates went of Control determines whether the policy of patching is to be pursued, or whether the what is to be rebuilt, from the water-line. Engineer Rust has viewed the remains, and has given his opinion that heroic measures are necessary to render them fit for business. Meanwhile, the days come and go, and the wonder is expressed as to whether the work will be done before or after the season of navigation. Next week, the boats will commence to run from this wharf. The and go, and the wonder is expressed as to whether the work will be done before or after the season of navigation. Next week, the boats will commence to run from this wharf. The sheds upon it will become storehouses of merchandise. Teams will be rolling to and from the boats. The shippers are beginning to wonder whether everything will be in readiness to accommo-

The Coal Prices Fixed.

The lake and coal shippers, at their prices for the year, and already a great quantity of coal has been sold under the new schedule. The advances that have been made are modest, regardless of the general impression that the rates would be advanced tremendously. As soon as the prices were fixed the sales agents went to the Northwest and made big contracts. It is immediately ahead, and, from what has been learned from the hard coal fields and from the sales which have been made in this territory, the estimates are that the season's movement will amount to something like 15,000. 000 tons, an increase of about 20 per cent, over the best previous record. The contest that was on in the contest th The Coal Prices Fixed. The contest that was on in the conference, which fixed the prices, was to give the West Virginia shippers a differential that would permit them to get to the upper lake market on terms which would give them an equal footing with other shippers. The final decision was, however, that Pittsburg and West Virginia coal should sell at the same price the only difference, or D. D. Calvin, Toronto, light; schoon-

Fromble With Togmen at Toledo.
Toledo, O., April 23.—A reopening of hostilities between the Licensed Tugmen's Protective Association and the Great Lakes Towing Company at this harbor is promised. The threatened trouble grows out of the appearance of Captain William Rafferty of Cleveland, who Tuesday took the appointment of mate of the tug Saugatuk, having been appointed by Capt. Nagle, local manager of the Great Lakes Company.

Capt. Rafferty is a member of the L. T. P. A., but the members of that organization in this harbor of the appointment of men from outside gries on tugs here while local members.

Gerhard Heintzman **Pianos**

Few people with any claim to musicianly knowledge or discrimination ever think of comparing the relative merits of the GERHARD HEINTZMAN and any other Piano. Its superiority is so marked that when one speaks of Pianos it is simply the GERHARD HEINTZMAN and others. No buyer is unwilling to pay more for a Gerhard Heintzman than any other, yet we have so reduced the selting expense by our consolidation of interests (i.e., the selling the product of a dozen factories at one expense), and still further by the elimination of the local agent, that we offer you these celebrated instruments at smaller prices than are usually asked for instruments of much inferior quality.

THIS IS A STATEMENT IT WILL PAY YOU TO INVESTIGATE.
