Weeks-Her Recovery With Tanlac Wonderful.

"Honestly, I have gained fifteen pounds and my neighbors, as well as myself, are amazed at the change Taniac has made in me," said Mrs. Emma Baker of 39 Mariposa avenue, Toronto. Afrs. Baker ia the wife of Fred Baker, a valued employee of the Steel Radiator Company. Continuing her statement, Mrs. Baker said:

"I had been going down in health for more than a year, losing weight and steadily getting weaker all the time. My troubles were mainly stomach disorders and nervousness and about six weaks ago I took a very sudden turn for the worse. At last I got down in bed and thought sure my time had come. I was so sick I couldn't retain a thing on my stomach, and was so weak I could hard, ly raise my hand. I was so nervous the least noise would startie me, and I couldn't get any sleep or rest at all scarcely. Many a night I would lie awake, and toss and roil until day. I fell off until I weighed only one hundred and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds, and when I began taking Tanlac I had been confined to my stomach and twelve pounds. and twelve pounds, and when I begun taking Tanlac I had been confined to my

not twelve pounds, and when I began taking Tanlac I had been confined to my bed for three weeks.

"Mr. Baker had taken Tanlac with wonderful results, but I never thought and the being good for me until I tried other things, and kept set ing worse. Then I bought a bottle of Tanlac, and pretty soon I began to feel better. So it wasn't long until I was able to get out of bed, and realized that I was gaining if weight. My appetite is fine new and my stomach never troubles me at all. My nerves are calm and steady, and I sleep all night long every right. I now weigh one hundred and twenty-seven pounds, have gained ditteen pounds, and have hardly finished my second bottle of Tanlac yet. I am now feeling stronger and better than I have since my troubles began—can do all my work without the least inconvenience—and consider it wonderful the way Tanlac has built me up. Mr. Baker and I both think Tanlac the grandest medicine in the world, and we certainly have good reasons for thinking so."

Tanlac is sold in London by Standard Drug, Limited, under the direction of a appetial representative, and by an established agency in every town.—Advt.

Mr. Harris, who was yesterday appointed by the Imperial Munitions Board to represent it at Washington, was present and promised to accept, but only after an effort through a joint committee of the Conservative. Liberal and Independent Labor parties and the G. W. V. A had been made to secure a fusion candidate.

If this committee does not raise a man, Mr. Harris will oppose W. F. Cockshutt, who at present is the member and has been renominated. In his speech Mr. Harris reviewed his personal efforts to bring about union government, He emphasized the need of such a government and the doing away with election striffe and patronage spoils. Mr. Harris has not only preached union, but practiced it, as his urging of the appointment of a Liberal committee to meet the ether party committees to select a fusion candidate was not chosen, the Liberals would be in a position to carry both Brantford and Brant ridings, in the latter of which John Harold has been nominated. C. H. Waterous and C. S. Tapscott both urged united support of Lloyd Harris and expressed the opinion that Brant County ought to have one Liberal representative, and that if the election was fought out they would have two. Emphasis was laid on the splendid "win-the-war" record of Mr. Harris-and his untiring efforts to bring about union government.

KITCHENER, Nov. 4.—The political situation in North Waterloo is unchanged. The Liberal executive, which sat all afternoon and well into the evening Saturday, amounced at the close of the meeting that they had appointed a committee of five to meet a like committee of Conservatives to form a political union for the coming election

1,200 Soldiers Bathe Here in One Day.

The red triangle of the Y. M. C. A. stands equal with the Red Cross in the hearts of soldiers everywhere. Nothing else can take its place. Every soldier in London enjoys full membership privileges without charge, and the average daily attendance of soldiers is about two hundred. Every returned soldier is visited by a member of the returned soldiers' committee and presented with a year's free membership, and offered any assistance required. Over 700 memberships have been given to returned men.

Since last April the returned soldiers alone have used more than 15,000 sheets of Y. M. C. A. notepaper in writing letters from the Y. M. C. A. to their parents and friends.

What the Y. W. C. A. Is Doing for London:

The travelers' aid secretary meets all incoming trains and looks after young women who may need a helping hand. The necessity for this service

has increased greatly during the war, and it is a condition that must be met. The Y. W. C. A. has recently taken over the Fraser House on very favorable terms, and this will

provide accommodation for fifty-five additional young women. This enterprise will be self-supporting, but money is needed for remodeling, decorating and furnishings. The industrial secretary assists young women in London f ies in many ways, and the new quarters will greatly increme the efficiency of this good work
