## MINIMUM WAGE MEASURE GETS SECOND READING

Rollo Aims To Help Unorganized Labor Rather Than Organized.

### WHAT ABOUT TEACHERS?

Labor Minister Says They Can Organize To Better Wages.

[Special to The Advertiser.] TORONTO, May 20.—The minimum wage bill was given the second reading in the Legislature today, with very little criticism beyond that by H. Dewar, Liberal leader. Other Liberals were much in favor of the bill. Mr. Dewar did not quarrel with the principle, even admitting that it was a good thing to introduce into the province. He said he was inclined to think the bill was a little too wide in its scope, as it included domestic servants and farm workers. He thought the bill would have been better framed, along the lines of the Manitoba act, for industrial workers only.

**Rollo Explains Act.**  
Hon. Walter Rollo, minister of labor, explained the act stating that it had received the endorsement of labor. It would be operated by a commission of five, of which two would be women. The commission would investigate each case and draw up the minimum wage scale. Pressed as to scale Mr. Rollo pointed out those in effect in Manitoba and British Columbia. There they ranged from \$11 to \$15 a week. There could not be a fixed scale for all parts of the province, he said.

**Include Stenographers?**  
J. W. Curry wanted to know if it would include stenographers. Hon. Mr. Rollo said the board would have the power to deal with what class is desired, but that it would start with those who were in the greatest need of help. He said that it was not as much required to help the organized labor, who could look after themselves, as it was to look after the unorganized labor. The only charge upon the province would be paying the commission an allowance per day to draw up the wage schedules. If there was an industry essential to the province which could not pay the schedule, there would be a subsidy from the Government.

Thos. Marshall (Lincoln) brought up the matter of school teachers. He quoted figures to show that the average wage of the rural woman teacher was \$11 a week, and the urban woman teacher \$16. School trustees, he said, were pursuing a short-sighted policy. While sympathetic towards school teachers, Hon. Mr. Rollo thought they could organize. Mr. Marshall thought it would be a disgrace to the province if school teachers were obliged to form unions to get more salary.

## LLOYD GEORGE IGNORES PLEAS OF AUSTRALIANS

Refuses Reply To Heroes Praying For Irish Freedom, Claim.

LONDON, May 20.—(By Canadian Associated Press.)—The Daily Telegraph's Sydney, Australia, correspondent quoted a speech by Archbishop Mannix on his departure for Rome. He said that when he visited Lloyd George and took Australia's sympathy with him, that Prime Minister had received letters from ten Australian Victoria Cross winners and from ten thousand other soldiers affirming their sympathy with Irish self-determination, but had not the courtesy to reply.

## DRURY GOVERNMENT MAKING EFFORT FOR MORE FARM LABORERS

Hon. Manning Doherty Says Plans Have Already Been Adopted.

WINDSOR, May 20.—Declaring that the Drury Government had already adopted plans and was now working on them in a campaign that may cost \$100,000, H. Manning Doherty, minister of agriculture, in a letter to the Industrial Commissioner Scanderson of the Border Chamber of Commerce today said every effort was being made to bring in immigrant farm laborers from Europe.

**Entire Reorganization.**  
An entire reorganization of the machinery hitherto employed has been effected, the minister said, and commencing next fall a vigorous effort will be made in England, Ireland, Scotland, Sweden and Belgium to induce as many farmers as possible to locate in Ontario.

**300 Arrive.**  
Only last week, the letter stated, 300 Scotch and English farmers and farm laborers were brought to the province. There are prospects that several hundred more will be brought here before July 1.

"We have a great burden to carry, and the more numerous the shoulders, the lighter the load," Mr. Doherty said. "This province needs farmers and farm laborers badly, and can take them by the tens of thousands."

## WINDSOR WILL FOLLOW LONDON'S LEAD AND CONSOLIDATE CHARITIES

WINDSOR, May 20.—In future all appeals for funds for charitable purposes will be consolidated in one campaign under an organization of associated charities. This decision, made at a meeting of prominent border professional and business men, was coupled with a resolution that an immediate effort be made to launch a campaign for \$150,000 to finance extensions of Grace Salvation Army Hospital here.

**One Big Campaign.**  
Under the new system of collection for charities each organization will prepare a budget for the year, which will be passed on by the central executive. One big campaign will be conducted and the results allotted to the respective organizations according to their needs.

**Little Accommodation.**  
The meeting agreed on the urgency of more hospital accommodation for with a population exceeding 50,000 people, there are but 150 beds, or one bed for every 333 persons, while there should be one to every six or seven, doctors declared. Windsor is said to have the least hospital accommodation of any city its size east of Winnipeg.

**WILL CLOSE TWO DAYS.**  
TORONTO, May 20.—The Toronto Stock Exchange will be closed on Saturday, May 22, as well as on Monday, May 24.

SIR HERBERT AMES, financial director of the league of nations, who is now in Rome presenting the financial statement to the meeting of the council of the league, will sail for Canada on June 2. It is understood Sir Herbert, who is still a member of parliament, desires to address the Commons from his seat therein on the objects and progress of the league.

## DEWART MOVES FOR CHANGE IN SUPERANNUATION

Amendment To Make \$1,000 Minimum For Civil Service Bill Lost.

### FAVORED CHANGED BASIS

Wanted Servant of Thirty Years' Service On Three-Fifths Rate.

TORONTO, May 20.—An attempt was made by H. Hartley Dewar, Liberal leader, to make \$1,000 the minimum on which any civil servant may be superannuated when the Legislature in committee of the whole took up Premier Drury's superannuation bill tonight. The amendment was lost.

In addition Mr. Dewar wanted the basis of superannuation changed to read that a civil servant with 30 years' service shall not receive less than 3-5 of his average salary for the last three years before superannuation, with 40 years' service not less than 4-5, and with 50 years' service not less than 100 per cent of the same average salary.

The 40 and 50-year allowance, Mr. Dewar stipulated would include only those 110 civil servants who are eligible for superannuation now.

Thomas Marshall, Lincoln, and J. W. Curry, South Toronto, favored retiring the three officials of the House, Clerk Sydere, Assistant Clerk Colonel Delamere and Sergeant-at-Arms Fred Glackmeyer, on full salary. Each has had 52 years' service, having filled their positions since confederation. The suggestion was not assented to.

## WESTERN ONTARIANS WIN PRIZES OFFERED TO FARM SETTLERS

OTTAWA, May 20.—Last November Hon. J. A. Calder, minister of immigration and colonization, authorized a competition for settlers in Canada, who were invited to tell their experiences in the form of a letter to the director of publicity of the department. The conditions of the competition emphasized that neither literary style nor correct spelling were essential to winning a prize, but that letters should be written with a view to interesting new settlers who desire to locate in Canada.

Three cash prizes were offered for each province, the first being \$75; the second \$50 and the third \$25. The competition closed on February 1st and brought 1,076 entries. After nearly three months' careful study of the contributions the judges have announced the following eastern settlers as prize winners, to whom the checks for the amounts of their prizes have been mailed:

Ontario—First, James Grant, Bel-

wood, Ont.; second, John J. Beaton, Bridgen, Ont.; third, Bruce M. Jones, Denfield, Ont.

## LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.
