A GOOD TIME TO BUY STOCKERS AND FEEDERS

Farmers Now Have Chance to Stock Up.

At the Union Yards yesterday, with a light run of fresh cattle and with a good deal of unsoft lying around, the market for nearly all classes was very dull, with the exception of the good to choice butcher-cattle and the heavy stockers and feeders. Right here and now, it may be well to say that if there was a chance for the good feeders of Ontario to take advantage of a substantial cut in prices in the feeders and stockers, it is right now. Advice from Winnipeg yesterday show that the best feeders are selling there weak at 8c to 8 1/2c, while the medium to good kinds are selling from 6 1/2c to 7 1/2c. Locally, owing in a measure to sensational reports from Winnipeg and the general impression that the bottom was dropping out of everything, the farmers have shown some hesitancy in buying. The best informed men in the cattle trade at the Union Yards, getting in right now on the good stockers and feeders, is plentiful and comparatively cheap, and an experience has shown that around this time of the year the good times to buy, with a strong market for calves. The prices for the good to choice feeders are holding about steady, with a strong market for calves.
