March 3rd, 1919.

Dear Sirs-

Replying to your enquiry of the 1st inst.,
I am enclosing herewith a copy of the advertisement calling
for tenders for timber on the Lower French River Reserve. The
information referred to as being obtainable from the local
Superintendent, Mr. Logan, refers to such matters as the
location of the reserve, blue prints and copies of the re-
gulations, also such explanation of the regulations or inter-
pretation of the text as any prospective tenderer might desire
to be enlightened upon.

The timber was sold to Mr. Marley Chew, of
Midland, for the sum of \$10,000.00 over and above dues; this
was the highest tender received.

Yours very truly,

Duncan Chisholm

Deputy Superintendent General.
