LAW LETS DOGS FLAP THEIR EARS

Toronto Judge Finds Ear Cropping Illegal. ONCE SAFETY-FIRST DEVICE. Practice Started For Dogs' Advantage in Fighting-pit—Matches Now Under Ban and Need Vanishes.

(Mail and Empire). Unless the decision of the Toronto police court is successfully appealed against it will be illegal hereafter for fanciers to crop the ears of dogs. It is to be hoped that this view will prevail, for though the attorney for the defence asserted that thousands of dog breeders were affected, the truth is that the non-cropping law will be of benefit to the bull terrier fancy.

Originally, of course, dogs were cropped for fighting purposes. A long eared dog was at a considerable disadvantage, a cropped dog being at a serious disadvantage with a trimmed dog in the show ring. The law on one occasion a few years back, a little un-cropped puppy bred in this city was only defeated in the winners class at the exhibition by a famous aged dog that came all the way from Philadelphia.

Far as the bull terrier is concerned the breeders ought to be glad to be spared the future worry of cropping, and the worse worry of setting the dog's ears in cardboard in order that they may be carried erectly, if they cheerfully accept the police court decision and set themselves the task of breeding an Irish terrier's ear on the bull terrier they will not have to wait many years for their reward and they will emphasize the fact that has been generally acknowledged for many years past, namely that they are the headquarters for the bull terrier fancy of Canada and America, just as Birmingham used to be the headquarters for England and the world.

Robert Fitzsimmons, ex-champion pugilist, was arraigned in the First Criminal Court in Newark today before Judge Lingard, charged with assault upon James Hendricks of Dunellen. The alleged assault took place in the saloon at 44 Market street, at which the former champion makes his headquarters in this city.

On the night of Oct. 28 Hendricks went into the place and served Fitzsimmons with a dispossess notice relative to the Fitzsimmons saloon at Dunellen. The plaintiff in the action was Dr. Cornelius Hendricks, a brother of the complainant. Hendricks testified that he was punched in the jaw and in the solar plexus. He called a physician to tell how he was injured and he was given a swollen jaw and a cut on the right side of the face.

Fitzsimmons on the stand, said that after he had read the paper in question and a letter which came with it he had stood up and Hendricks came over and said: "You know what that means, don't you?" Fitzsimmons' reply was, he said, "Yes. It means that Dr. Hendricks will never get my farm." Fitzsimmons told the court that he used a vile name coupled with the name of the doctor and he had struck him on the side of the face with his clenched fist.

Hendricks struck me I struck him in the back of the head and I was sent out. Then I started a swing for his jaw. If I had ever landed he would have been sent out. I realized that and let the law go to the solar plexus, and I must admit he was pretty dazed when he went out.

Fitzsimmons was found guilty, placed on probation for one year and ordered to pay 60 cents a week until he has paid \$10 to recompense Hendricks for the amount he expended in doctors' fees.

The various organizations in the city interested themselves in such work have been well keyed up to the need in the city of an institution where girls can have all the proper facilities conducive to their mental and physical development and it is felt that the only way to solve this problem is the construction of a new body with the national Y. W. C. A. The different societies are giving this problem consideration with the assistance of Miss Una Saunders, national Y. W. C. A. secretary, and it is expected that some favorable plan will be worked out within a week or more.

A provisional committee has already been appointed to act and it is expected that on Monday of next week some decided step will be taken. Last evening Miss Saunders held a conference with the executive of the King's Daughters when the future plans of the new organization were further advanced.

The executive of the Playgrounds Association held a conference yesterday to consider travellers' aid work. A certain amount of this work in connection with immigration is being done by the King's Daughters' Guild which is affiliated with the organization in New York. Neither is fully affiliated with the Travelers' Aid of Canada which in all other cities is carried on by the Y. W. C. A. which has no branch yet in St. John. A motion was adopted expressing a desire of the Playgrounds Association to be in a committee of the King's Daughters' Guild, with the Presbyterian deacons and representatives of St. John's Society, who also do some of the work, with a view to co-ordination so that St. John may be linked up in an official way with the Travelers' Aid of Canada. A. M. Belding presided at the meeting.

Miss Saunders has accepted an invitation to address the Rotary Club at their Monday meeting.
