## ACTRESS TELLS SECRET

A Well Known Actress Tells How to Darken Gray Hair With a Simple Home Made Mixture.

Joley Williams, the well known American actress, who was recently playing at the Imperial Theatre in St. Louis, Mo., made the following statement about gray hair and how to darken it: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray streaked or faded hair, and make it soft and glossy. To a half pint of water add 1 ounce of boy rum, a small box of Olex Compound, and 1/4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or any druggist can put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look 20 years younger. This is not a dye, it does not color the most delicate scalp, is not sticky or greasy and does not rub off."
