## Be a Thrift Stamp Collector

Dress is as much a tonic to the state of the mind as it is a protection for the body. The best Spring tonic is a Spring suit. Some one says "Tailors ought to join the prohibitionists because their clothes are getting so tight," but we have plenty of the conservative loose fitting models.

Nova Scotia Roads. There has been purchased for the use of the roads service of Nova Scotia for the current year twenty-two motor trucks of one and a half and two tons capacity, one loading outfit and one rock crushing outfit. These are expected to arrive during the present month and be available for work early in May. With this addition to the equipment of the roads office, with a staff in the various parts of the province having one year's experience in the work, it is confidently expected that the year's programme will be undertaken with bright prospects of securing during the season satisfactory results in the prosecution of the work.

HEALTH REPORT. The last smallpox patient was freed from the isolation hospital yesterday. There are a few cases of influenza in the city, but they are of a much lighter nature than the previous attacks.

## USE The Want Ad Way

## Bringing Easter Footwear To The Front

Impossible here to tell the full story of the grand new styles for the season, and it would be futile for us to try. You must come in and see the showing for yourself—but come prepared to buy, as it is the most contagious line of Footwear we've ever had to offer.

Just to mention one particular line—and one we want you to ask for when you come in—Women's Combination Colored Boots in the latest lasts, choice of heels—military, Cuban and Louis; also Pumps and Oxfords. The nattiest, neatest line of gladsome Spring Shoes that milady would ask to see.

Also a comprehensive showing of Easter Footwear for Men and Boys, of course.
