ADDRESSED EVERY DAY CLUB.
At the Every Day Club last evening, James E. Brown said that in the United States in slavery days many well intentioned people sent clothes, Bibles, tracts and missionaries to the slaves in the south to improve their conditions, but that which the slaves really needed was today the people in dealing with social problems were also dealing with effects rather than causes. The speaker contended that the single tax system, which would eliminate the land speculation, make vacant lands productive, and bring them within the reach of the people, providing more work and ensuring greater production, would do more than any one single reform that is projected to improve social conditions. Before Mr. Brown delivered his address, A. F. Beidling played selections on the piano, and E. A. Beidling sang a solo. Mr. Brown went to Frederickton this morning, but will return to the city on Wednesday.

HEAVY STORM ON COASTS OF ENGLAND AND FRANCE

The Swedish bark Trifolium was driven ashore on Lands End during Sunday night, and Captain Olsen and four sailors were drowned. Storms all along the coast did damage to small craft and there also were several vessels wrecked in Queenstown and Liverpool harbors.

Paris, March 15—A terrific gale and the highest tide of the year tonight made great havoc along the coasts of Normandy and Brittany. Three hundred feet of the sea wall at Graville were swept away. The damage at Dieppe was very great. Pebbles were washed in by the sea in such quantities that the River Seine was dammed at its mouth and the valley of the river flooded for several miles.

London, Eng., March 15—Severe rain storms prevail throughout England and the country is flooded at many places. Several rivers have overflowed their banks. At Queenstown several houses were unroofed, and the sea was so high yesterday that the Cunard liner Andania from Boston for Liverpool, was unable to proceed to Liverpool with her Queenstown pilot. The American liner Haverford was five hours late in starting from Liverpool, and did not call at Queenstown but proceeded to Philadelphia, carrying her Liverpool pilot with her.

The cable steamer Telocita has for five days tried in vain to repair a broken cable and returned to Queenstown yesterday.

TWO YEARS IN PENITENTIARY

Judge Forbes Says Breaking Into Summer Camps Must Cease

Two years in Dorchester penitentiary with hard labor was the sentence pronounced this morning by Judge Forbes on James Lockhart, a youth of about eighteen, who came before His Honor under the Speedy Trials Act on a charge of breaking, entering and stealing from several summer camps in Millisville. To this charge the prisoner had previously pleaded guilty. He was arrested with a lad named Arthur Doyle, and with acknowledged their guilt. Doyle was out on suspended sentence and was a few days ago sentenced to serve three years in Dorchester penitentiary with hard labor. A warrant has been issued against Lockhart for stealing from his employer, but this was not executed.

His Honor said this morning that he was determined to put a stop to the breaking and entering of summer camps.

CAPT. W. R. KENNEDY'S HEAVY LOSS IN FIRE
His Beautiful Home Near New York Burned and Many Souvenirs Lost

Numerous friends about St. John will hear with regret of a happening in New York in which a former resident, Captain William R. Kennedy, sustained heavy losses by fire which destroyed his beautiful home at Monsey. The fire occurred a few days ago and made devastation of the property, which was one of the oldest in New York state. One of the papers of the metropolis described it as "a landmark of a century." It was one of the fine residences of one hundred years ago.

The home was valued at \$25,000. It was beautifully located at Monsey, about forty miles from New York city, and surrounded with extensive orchard and garden. Its destruction by fire was not only a heavy personal loss to Captain Kennedy but to the citizens of Monsey the blues caused much regret for they looked with pride upon the rich, old-time edifice. The house was filled with rare souvenirs gathered in his travels from all corners of the world and these were practically all destroyed in the flames. In addition to this he lost \$200 in cash which had been kept in a piano in one of the rooms. Many pieces of rare old furniture were destroyed.

Friends of Captain Kennedy will learn of the loss he sustained with regret. He was a visit to his old home here about three years ago. It is about thirty five years since he first left St. John. He has been going to sea since he was sixteen years of age, and is known in many of the larger ports of the world, and particularly along the Atlantic seaboard. Captain Kennedy is a brother of George R. Kennedy of Somerset street and Mrs. L. G. Macdonald of Duke street. It is understood that his loss was insured.

Boshuizen, arrived in port yesterday morning about 7.30 o'clock from Liverpool and docked this morning at 8.30 o'clock at No. 7 wharf. The Benguela was compelled to lie in the stream all day yesterday until the dredges, which were lying on her bows, were shifted. The steamer left Liverpool on March 9 and had a fair passage by the southern route. She will land here for South African ports.

Donaldson Line Saturday, which sailed for this port on Saturday is bringing eighty-eight cabin and ninety-five steerage passengers.

WHO BROKE IT?

Charles Diggs, business agent, commercial traveler, etc., etc., is in trouble again. This morning as he was walking along Mill street, and when he was just outside of the shoe-shine establishment conducted by Michael Mercuro there, came a crash of broken glass and a long pane in the door was broken in small pieces.

He explained that "someone had made a kick at him and landed one all right, but the second time they kicked they missed." He went on to say that when the kicking extremely just grazed his coat-tails, the foot sped on and went through the window. And then he wondered how it was that everybody smiled, and the clerk in charge seemed inclined to doubt his word. In fact the young Greek seemed to disbelieve him to such an extent that he pointed to the cane which Diggs was sporting and said the window was broken with it. Then, when Charles endeavored to make a peaceful but inglorious exit without further trouble, the young fellow followed him up, looking for a policeman to have the matter adjusted.

REPORT INCORRECT

A report that one of the largest road houses in the vicinity had resumed business has been investigated by the county authorities and proved incorrect. The rumor probably arose from the fact that the proprietor is still residing on the premises.
