## WHO IS WHO?

The Toiler presents for the second time here the novelty guessing contest, "Who is Who?" Below, in numbered paragraphs, are described a number of the best, up-to-date and most successful business houses.

Five prizes will be given for the first correct solutions. Make a list of the firms you believe are described opposite the numbers given. If none are correct, the first five lists containing the largest correct number of answers will be reward the prizes. If in doubt, telephone the prison. If in doubt, telephone the prison, and ask them if they are in the contest; the prison.

First Prize \$5.00; a Gold Second Prize \$2.00; Cash Third Prize \$1.00 in Cash Fourth Prize \$1.00 in Cash Fifth Prize \$1.00 in Cash

All lists must be addressed to "Who is Who," Toiler Office, 51st Adelaide street west, and be in by Wednesday evening, May 11th. The prize awards will be published in the Toiler Friday, May 13th.

If your dealer doesn't have them, get a sample supply at Stewart's Fine Chocolates. They are unsurpassed in purity and quality. Make him get them. Why makes them, and where?

2 Don't fail to ask for Weston's whole wheat wafers, vanilla wafers, maple creams, lady fingers, all attractive and tasty and palatable, and pleasing to the eye and tongue. A list of about quality, and no good union house who makes them. Who makes them?

3 Remember that J. C. Mair makes all kinds of railway, steamboat, yacht, university, college and band caps. Put university, college and band caps. Put them. Where are located?

4 A shoe that is made on the most workfully picked last is the best to wear, and gives you the best satisfaction for your money. "The Ironclad." Ask your dealer for it, or any other of West's shoes. Where are they made in the first?

5 Do you call newswavers? Why not order them before the rush? If there is a working in the family, the preparations will not be complete unless you have a sideship, canopy or tent. The American Tent and Awning Co., Limited, have the most up-to-date outfit for any social function. All their prices are more reasonable. Give them a call, or phone Main 3097, and they will send samples and quote prices. Remember the name. Where are they located?

6 What is the name of the sanitary mattress made at 282 Yonge street west? There is nothing like it for health, comfort and durability. It is perfectly ventilated, noiseless, and contains over 1000 sprung steel springs. Every article on a mechanical scale should have one. It ensures rest.

7 No home is complete without the New Williams' sewing machine. It has the latest ball bearing equipment, every part is made of steel, and hardwood. Golden oak woodwork is the only kind used. The attachments are all the latest inventions. Get a "New Williams" and be happy. Where is the head office, and who is the manager?

8 Get the "Charleson" from your grocer, which is manufactured and put up by a company in the Gouderham building. Use it for lighting fires, quickening fires, or getting a quick meal. Use it once, and you'll use no other. Try it. Phones 414 and 631 Main. What is the name of the company?

9 Don't stir up the dust and disease germs on the floor in sweeping when the world's only dustless flour crush will sweep without raising 97 per cent. of dust. It is used in all buildings at the World's Fair, is a whirlwind seller, and agents wanted everywhere. Write to 29 Colborne street for particulars. Who makes it?

10 What is a social or party without ice cream? This is the season when you want ice cream and bricks. For the best and poorest go to 421 Yonge street or telephone Main 3835, and it will send to you. What is it?

11 Are you losing your hair? Are you getting bald? If so, don't fail to see famous Seven Sutherland Sisters' Hair Grower and Scalp Cleanser. There is nothing like it on the market for increasing the hair. Where is their head office for Canada?

12 What is the name of the big plate glass and mirror company on Victoria street, just south of Welton avenue, which handles everything in plate glass and mirror line, does beveling, and makes art leadwork?

13 Now is the time you want to clean up your garments, curtains and other goods which have become soiled or torn. If you want the best work, done by the most skilled opera- tors, don't fail to go to Stone's Dye Works. Where is it?

14 Toronto are so injured or ill every year many union men of that need a truss, crutch or artificial limb. These can be seen at Authors & Cox. Where is their store?

15 Now is the time to get your bicycle, save care, and independent. Don't buy without going to 290 Yonge street, where you can get the latest make and style for \$25 to \$60. Who is it?

16 There is only one union cash register. It is the "Hallowood," it is better than any other. Speak a word for it. Where is it made?

17 There is a hardware store on Adelaide street east, near Yonge, where you can get any machine you need. It makes a specialty of blacksmithing and plumbers supplies and advertises in the Toiler. Who is it?

18 Every workman is lost without a watch. It is a necessity. You can get the most reliable watches from the lowest prices up at 144 Yonge street. Go there also to have your eyes fitted with the most perfect glasses. Who is it?

19 What is the name of the firm of men who are engaged in this city which makes the best and surest paper and sulphur matches? Who is it?

20 There is a textile company at 101 Yonge street which manufactures for the import habit that can be given without the parties knowledge, or promptness for particularities. What is it?

21 The largest candy factory in Canada is Robertson Bros. It makes the finest chocolates and bonbons. Buy them. Where is it?

22 Where did McLean & Dallas?

23 Every lady or gentleman who wants this is interested in the men's hair. They want instant hair. If they will send their address to 131 Yonge street they will get an illustrated catalog of hairdressing and will be informed of the merits of their wigs and toupees. Come over to their house.

24 What is the name of the paper? Is it a paper of the Times? The Queen & Terence street, where the finest wines, liquors and cigars are sold, and union men are always made to feel at home if you want to be comfortable.

25 Every union badge is the sign which universally shows to the world where you stand. There is a firm at 67 Adelaide street east which makes badges for all unions, and has the label on all work. A list and fifty cents to 975 Adelaide street west and you will know. Read it once and you'll not be without it.

26 Patterson's candy is the candy sign which universally shows to the world where you stand. There is a firm at 67 Adelaide street east which makes badges for all unions, and has the label on all work. A list and fifty cents to 975 Adelaide street west and you will know. Who makes them?

27 What is the paper that every union workman should receive each week? It is devoted to his interests entirely. It gives you the best satisfaction for your money. "The Ironclad." Send your address and fifty cents to 975 Adelaide street west and you will know. Read it once and you'll not be without it.

28 W. C. GURNEY ON THE STAND

Continuation of the Evidence in the Suit Against Labor Men.

259 Q.—And if they make too much paper you can put them out of work? A.—We desire them to make as much as they can; it is for the good of the company.

260 Q.—How much per cent. do you keep off when they work piece-work? A.—It will be stated in the indenture; I forgot. It varies for different years.

261 Q.—The indenture is in blank? A.—I do not know; there is a space to receive the name of the employer, and fifty cents to 975 Adelaide street west and you will know. Read it once and you'll not be without it.

262 Q.—Would it be forty, thirty and twenty for three years? A.—No; it would be thirty; it would be twenty, but since then it has been reduced, if I mistake not.

263 Q.—That is what you keep back a portion of their wages? A.—Yes.

264 Q.—For how long? A.—At the time of the strike, it was 30 per cent. for the first year, 20 per cent. for the next, and 10 per cent. for the next.

265 Q.—Do they ever get that? A.—I do not know; there is a room comes to them, but whether it is out of that or not I do not know.

266 Q.—That would go to recompense the company for teaching them the business—that is the idea? A.—If we keep it.

267 Q.—You do not know whether you pay it or not. A.—I do not know for certain.

268 Q.—What is the rule? A.—I do not know.

269 Q.—I thought you were in touch with the operation of the business? A.—That is a part of the detail that does not come under me.

270 Q.—Who would know about that?

A.—Mr. DuVernet—I object that this has been gone into three times already and twice by the Examiner—I do not remember the question being put in this way.

A.—These two boys that we consider apprentices stated that they were journeymen and demanded journeymen's wages;

271 Q.—That is the information that you got from him? A.—From all the sources that I have at my disposal.

272 Q.—Did you get this from the Examiner? A.—Yes.

273 Q.—What is the rate? A.—No, I will take that back—they are not all paid the same rate.

274 Q.—How are they paid? A.—They are from four dollars a week up to one dollar and twenty-five cents a day on longer.

275 Q.—That is the first year? A.—Yes.

276 Q.—And what is the second? A.—Before they get out of the first year they generally get info piece-work.

277 Q.—And what do they generally do? A.—On what class of work?

278 Q.—What is the general average, say on stove plate? A.—At the end of the first year after taking off their discount, I should think the average would be about two dollars a week.

279 Q.—For the first year's apprentices?

A.—Yes, they would have a percentage taken off.

280 Q.—They would be getting the same pay as journeymen less—they were not discharged? A.—I believe so—so I am informed.

281 Q.—Now is the time you want to clean up your garments, curtains and other goods which have become soiled or torn. If you want the best work, done by the most skilled operators, don't fail to go to Stone's Dye Works. Where is it?

282 Q.—What is the name of the big plate glass and mirror company on Victoria street, just south of Welton avenue, which handles everything in plate glass and mirror line, does beveling, and makes art leadwork?

283 Q.—Now is the time you want to clean up your garments, curtains and other goods which have become soiled or torn. If you want the best work, done by the most skilled operators, don't fail to go to Stone's Dye Works. Where is it?

284 Q.—They would be getting the same pay as journeymen less—they were not discharged? A.—That is if they could do the journeymen's work.

285 Q.—There is probably many of them who are engaged in the business?

A.—They would be doing journeymen's work? A.—They would not have the experience—to take some other line of work which as journeymen they should be able to take.

286 Q.—Do you know whether there was an indenture in McKeith's case? A.—I have been told not so.

287 Q.—By Hickey, I suppose? A.—I do not know. I do not think Hickey spoke to me about it.

288 Q.—From whom is your estab-

## THE TOILER

289 Q.—But it was a common occurrence for some apprentices to be without indentures at that time? A.—I think it was rather rare.

290 Q.—Are you don't allow apprentices to become members of the union? A.—It is against the rules of the union.

291 Q.—What about the rules—our rules?

A.—We would protest although we did not know we have any definite rule on the subject.

292 Q.—You protest about McKeith and McKeith? A.—I believe he did.

293 Q.—To whom? A.—To the boys.

294 Q.—When heard that he had a son?

A.—He told me what he said to him.

295 Q.—Just went to him and objected to him being members of the union?

A.—He objected to their being members of the union when they do not receive more wages on the ground that they were union journeymen so I am informed.

296 Q.—Had he known prior to that that they were members of the union?

A.—No, I do not think so.

297 Q.—If he had known prior to that that they were members of the union?

A.—No, I do not think so.

298 Q.—Had he known prior to that that they were members of the union?

A.—No, I do not think so.

299 Q.—Had he known prior to that that they were members of the union?

A.—No, I do not think so.

300 Q.—Had he known prior to that that they were members of the union?

A.—No, I do not think so.

301 Q.—Had he known prior to that that they were members of the union?

A.—No, I do not think so.

302 Q.—Had he known prior to that that they were members of the union?
