will be the revolution of to-morrow. ing from the parks appropriation of General Bailloud with artillery and \$5,000 was immediately available, but funds would not allow of the appointment of a permanent superintendent at

suggestion was commented upon by several of the other members, who expressed themselves in favor of adopt-

Following this general discussion o matters pertaining to its work, the board took up several questions of im-mediate importance. The Mayor spoke of the necessity of cutting the hay at Beacon Hill park. The council had been unable to obtain tenders for this work and the park was in danger of damage from fire. There is an average of two small as age of two small fires a day and the hay, if it once started to burn in the places where it is thickest, would cause almost irreparable damage to the shrubbery. Another matter that called

for the board's attention was the mat-ter of band concerts.

Both these matters were discussed at some length and it was finally moved that arrangements be made to have the hay cut and that part of it not needed for the feeding of some of the animals

a review of the work before the board, the discussion of plans for the initial programme of improvement and the election of two committees, one to draw up a set of regulations for the regulation of the parks and boulevards, and the other to take immediate charge of the board visited Beacon Hill this morning and inspected that portion of the parks and boulevards. To-day the commissioners visited Beacon Hill park on a cold cement floor within sight of the trees and the other to take immediate charge of the boulevards. To-day the commissioners visited Beacon Hill park on a cold cement floor within sight of the trees and the other to take immediate charge of the boulevards. To-day the commissioners visited Beacon Hill park on a cold cement floor within sight of the trees and the visiting brethren round the city. They toured round the most fa-

state of affairs.

Mayor Morley suggested that the board notify the board draw up a plan of campaign on the boulevard work first, obtaining from the city engineer a report showing how many streets were already boulevarded and how many had passed the council for boulevarded and how many streets were already boulevarded and how many streets were already boulevarded and how many streets were already boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many streets were already boulevarded and how many streets were already boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the council for boulevarded and how many had passed the counci
