

LORDS MUST NOT ALTER BUDGET

CHANCELLOR
SPEAKS AT NEWCASTLE

Number of Suffragettes Are
Taken Into Custody by
Police.

Newcastle, Eng., Oct. 11.—David Lloyd-George, the chancellor of the exchequer, received a popular welcome Saturday afternoon at the Palace theatre, where he gave an audience of 4,000 what he called a plain talk on the subject of the budget. "We are going to send that bill up to the House of Lords and get all the taxes or none," said the chancellor.

When Mr. Lloyd-George was leaving the theatre a crowd of suffragettes made a dash towards his car. Lady Constance Lytton, who was armed with a hatchet, Mrs. H. N. Balfour and Miss Davidson were arrested.

Early in the day four other sympathizers with the suffragettes were sentenced to fourteen days at hard labor for indulging in a window-smashing campaign at the local Liberal club on Saturday morning.

CRUISER INFLEXIBLE
LEAVES NEW YORK

Sir Edward Seymour Sends
Message of Thanks for
Cordial Welcome.

New York, Oct. 11.—Long after the blue-gray hull, the three elliptical funnels and finally the snapping ensign of the great British battleship cruiser inflexible had dropped below the rim of the Atlantic horizon Saturday night, the wireless of the U. S. flagship Connecticut, at anchor in the North river, began to spell out this message from the admiral of the fleet to the Connecticut:

"On leaving New York I wish to tender my thanks for the kindness and hospitality shown to us, especially by the American navy."

Immediately was sent this acknowledgment:

"To the inflexible I beg to express on behalf of the Atlantic fleet the pleasure we have taken in the welcome to America of Admiral of the Fleet Sir Edward Seymour and his officers and men, and to wish them a pleasant voyage home."

Preceded by the Mexican gunboat Morales and the German flagship Dresden, and followed by the United States battleships Kansas and Vermont, the British flagship inflexible weighed anchor at 4 o'clock Saturday afternoon. As she passed the battery, the stars and stripes went fluttering to her masthead, while her own colors dipped in salute to those on shore. Then 21 shots spoke her farewell, to which Castle Williams replied. Presently she began to overhaul the Morales and the Dresden, neither of which is passing out had fired salute. Coming abreast of them, colors were dipped and the inflexible soon was alone, with a day's distance to make up before she overtakes the other three ships of her squadron bound for Portsmouth.

Strong Help for Weak Kidneys.

"Fruit-a-tives" is the Best Kidney
Medicine in the World.

If people only realized the danger of
Weak Kidneys, and the value of
"Fruit-a-tives," there would be practi-
cally no Kidney Disease in Canada.
When the kidneys become congested
(too full of blood) or strained from
overwork, they can quickly be made
well and strong again by taking a box
or two of "Fruit-a-tives."

Pain in the back, frequent headaches,
loss of appetite, sleeplessness, coated
tongue, constant desire to urinate—
these are the common symptoms of
congestion of the kidneys.

The only possible way to relieve this
congestion, is to force the bowels and
skin to rid the system of more waste
matter and thus allow the inflamed
kidneys to rest and grow strong again.
"Fruit-a-tives," being fruit juices,
intensified, soothes and stimulates the
kidneys, and at the same time rouses
the bowels and skin and healthy action.
"Fruit-a-tives," by their prompt ac-
tion on bowels and skin, almost in-
stantly relieves the intense pain in back
and promptly takes away every trace
of Kidney Disease.

If you are suffering with your kid-
neys, begin at once to take "Fruit-a-
tives" and you will quickly realize the

ROBBER LOOTS
EXPRESS OFFICE

BINDS AND GAGS
CLERK AND ASSISTANT

Bandit in Seattle Secures
More Than
\$2,000.

Seattle, Wash., Oct. 11.—Overlooking
the strong box containing \$20,000 in
gold, silver and currency, a long band-
it held up the Great Northern Express
Company's office just west of the King
street station here shortly after mid-
night to-day, taking between \$2,000 and
\$5,000, at the point of a six-shooter.

"I'll give you just two minutes to
open that safe," was the gruff order
from behind a mask and reinforced by a
frowning revolver, which caused E.
W. Simonson, chief clerk, to throw
open the smaller safe.

After opening the bandit forced
Simonson at the point of a revolver,
to sit in a chair. Tying the chief
clerk's hands behind him to the chair,
the robber ordered him to walk to a
pair of scales, where the bandit again
used rope to prevent his escape. The
robber then looted the safe. He was
just in the act of donning a pair of
train messenger's trousers and a
jumper when a knock was heard at the
door.

"Just a minute," called the bandit,
hastily tearing off his disguise, except
the mask. Walking to the door, the
bandit threw it open and leveled his
gun at the head of A. F. White, Si-
monson's assistant, who was returning
from a midnight lunch. The bandit
forced White to go through the same
process of being tied with rope. He
threw a couple of raincoats over the
imprisoned men's head and then
quietly left.

The victims of the bold hold-up were
able to furnish only a meagre descrip-
tion of the bandit. They both say he
was short and heavy set. He wore a
black mask, which covered the lower
part of his face. An engineer's cap
was well drawn down over his eyes.
Simpson and White appeared at po-
lice headquarters to-day, and to Cap-
tain of Detectives Tennant told a
straightforward story of the robbery.
The almost absolute lack of any de-
scription of the bandit leads the police
to believe that he will never be cap-
tured. The exact amount of the loot
will not be known until the local office
checks up with the St. Paul offices.

STOCKHOLDER GETS
VERDICT FROM JURY

Misrepresentations Made in
Inducing Him to Purchase
Stock.

An interesting suit was in progress
all morning in county court before
Judge Lampman and a jury, turning
on the purchase of stock in the Cana-
dian Taylor Automatic Fire Alarm and
Call Bell Company. Jacob Sherer
asked for an order for the late J. E.
Church, directors of the company, and
that these agents had misrepresented
the facts in a number of particulars.
For the company it was pleaded that
the facts were true, that the gentle-
man mentioned were not agents, and
that the plaintiff had delayed bringing
his action so long as to constitute a
laches.

Judge Lampman delivered judgment
in accordance with the jury's findings.

When Colonel Arkwright learned that
a man whom he had hired as a driver
at the Witham, Eng., police court had only
1s. 6d. in his possession, he at once hand-
ed the balance to the clerk himself.

DAIRYING INDUSTRY IN WASHINGTON

Present Value of Dairy Pro-
ducts of State Reaches
\$15,000,000 a Year.

Olympia, Wash., Oct. 11.—The dairy
and food commissioner, replying to a
request for information from the gov-
ernor, presents some figures showing
rapid growth in the dairying industry
in this state. The bulk of the dairying
business is carried on in counties west
of the Cascades. Statistics for a num-
ber of years show that the dairying in-
dustry has grown in proportion as the
logged off land area has been extended.

The dairy and food commissioner es-
timates that the present value of the
dairy products of the state will total
about \$15,000,000 per annum.
A remarkable growth has taken place
in the last five years in the condensed
milk business, the value of the product
of the condensaries having been in-
creased from \$120,000 in 1901, to \$150,000
this year. The increased demand for
milk is resulting in the rapid extension
of dairy farms.

The city milk demand is also increas-
ing very rapidly, the value of the milk
so consumed amounting to not less
than \$3,000,000 annually. Nearly 10,000-
000 pounds of creamery butter, valued
at about \$3,000,000 are now produced
each year in this state, but this falls
very far short of supplying the demand
in the home market, as \$7,000,000 worth
of butter and other dairy products are
shipped into the state annually. It is
estimated that there are about 150,000
milk cows in this state, representing
a total cash value of over \$7,000,000.
The commissioner's figures show that
there are over \$300,000 invested in
creameries alone in this state.

RECORD FLIGHT.
Wright Flies at Rate of Forty-six
Miles an Hour.

College Park, Md., Oct. 11.—After
breaking the world's record for flight
over a closed circuit kilometre, Wilbur
Wright Saturday predicted that he
could attain a speed of sixty to seventy
miles an hour in an aeroplane racer.

On Saturday he travelled through the
air in the government aeroplane at the
rate of approximately forty-six miles
an hour, making a new record of 53.3
seconds for 500 metres and return, in-
cluding turn. To reach the high rate
of speed, Mr. Wright said he would re-
duce the size of the bi-planes in the
government machine, and at the same
time lighten their weight.

St. Louis, Mo., Oct. 11.—Under the
arch of a brilliant rainbow, Glen H.
Curtiss thrilled thousands of rain-
soaked spectators here late Saturday
by an aeroplane flight of more than a
mile over the tree tops of forest park.

Curtiss was in the air a minute and
forty-nine seconds, and in that brief
time he covered close to nine furlongs.
