## MARKET REPORTS

### STOCKS, BONDS AND PRODUCE

#### RELAXED MONEY RATES CHEERED MARKET TUESDAY

Improved Foreign Exchange and Favorable Technical Conditions Factors Guiding Yesterday's Moderate Trade

New York, Dec. 16.—Relaxed money rates further pronounced improvement in foreign exchange and favorable technical conditions were the principal factors guided today's moderately active stock market to materially higher quotations.

Banking interests expressed their satisfaction at the completion of yesterday's enormous tax payments and heavy cash transfers without disturbance to the local monetary situation. This was evident in the lower rate for call loans, which ruled at seven per cent, with a final rate of seven.

Sterling or British remittances rose about twelve cents to the pound over the recent low record, and discounts on France and Italy also eased, dealers reporting a marked reduction in offerings of bills on London and other foreign centers.

Much of the day's advance was made at the expense of the shorts, especially in motors, oils, steels and equipments, where extreme gains of two to ten points were almost fully retained. There were indications in other quarters of the market of an "oversold" condition.

Rails were the only important stocks to lag during most of the session, but that division came forward in spirited fashion just before the close. Their strength was based on reports that efforts to reconcile the differences between the Senate and House regarding transportation legislation was likely to succeed. Sales amounted to 1,000,000 shares.

Gossip on the Exchange dealt with prospective dividend developments in several active issues, particularly mercantile marine and American Can, while the renewal of heavy exports of copper infused moderate strength to materials.

Speculative railway bonds were low, or with several of the high grade Industrials including United States Steel five's. Several of the Liberty issues also yielded to further pressure, with nominal changes in Industrials. Total sales, par value, aggregated \$25,250,000.

Old United States bonds were unchanged on call.
