

FIFTY-THIRD SESSION OF DIOCESAN SYNOD ANGLICAN CHURCHES BROUGHT TO CLOSE

Lively Discussion With Reference to Collection of Funds for Orphanages—Special Collection in November, the Whole Amount to be Given to New Brunswick Protestant Orphanage, This City.

Fredericton, May 4.—Following the reading of the minutes at the opening of the Diocesan Synod today, the rules of order were suspended to welcome Rev. E. S. C. Powell, one of the church's foreign missionaries in Japan, to a seat in the Synod.

Upon resuming the order of the day, the report of the committee on the bishop's charge was taken up and adopted section by section.

The report adopted was as follows: "To the Right Reverend the Lord Bishop and the Diocesan Synod of Fredericton:—The standing committee having considered your Lordship's charge, beg to report as follows:—We feel that we are expressing the joy of the whole Church in the Province when we acknowledge our day's gratitude to Almighty God for His mercies vouchsafed to your Lordship in your recent recovery from the very serious operation which you underwent last year."

"We were much impressed with your Lordship's remarks in reference to the very serious outlook for the supply of candidates for the ministry of the Church in the diocese, and we strongly recommend the clergy to bring the call to their sacred ministry constantly before their people and especially at the ember seasons; and we reiterate the strong recommendation contained in our report at the last Synod. In this connection, we remind the Synod that those clergy who have received special training for missionary work have ever regarded as a point of honor to give at least five years' service to the diocese."

"While deeply sympathizing with those parishes which, owing to circumstances beyond their control, have lost their self-supporting status, we nevertheless feel that the requirements of the Church act should be strictly adhered to, and we strongly recommend the clergy to bring the call to their sacred ministry constantly before their people and especially at the ember seasons; and we reiterate the strong recommendation contained in our report at the last Synod. In this connection, we remind the Synod that those clergy who have received special training for missionary work have ever regarded as a point of honor to give at least five years' service to the diocese."

"In view of the action of the General Synod in the matter of provision for clergy, widows and orphans, we recommend that all married clergy, according to the diocese, provided they are not already contributing to a similar fund in any other diocese, and that all clergy in the diocese who may hereafter enter the holy state of matrimony, be required to become members of the fund of this diocese in order that they may thereby become eligible for the benefits of such beneficiary funds as the General Synod may establish, and with this end in view we recommend that our own canon governing this law be brought into line with the terms under which the General Synod's fund will be administered."

Pending action on the part of the State with regard to our suggestion of last year, that notice of intention to marry be compulsory, we strongly urge that, as far as possible, the requirement of the Prayer Book be adhered to, namely, that marriage be by banns and be solemnized in church, whenever possible. "Whereas, we are committed to contribute to the maintenance of the Maritime Home for Girls at Truro, we recommend that steps be taken at this Synod to discharge these financial obligations for which we have already become responsible; and in the matter of the proportion of the amount required from this diocese, in the future, we recommend that the Social Service Council to confer with the diocese of Nova Scotia seeking a more equitable adjustment, which notice of intention to marry be compulsory, we strongly urge that, as far as possible, the requirement of the Prayer Book be adhered to, namely, that marriage be by banns and be solemnized in church, whenever possible."

ACIDS IN STOMACH MAKE FOOD SOUR CAUSE INDIGESTION

"Experience has taught me that most people who complain of stomach trouble are indigestion-prone. Foods which are perfectly healthy and normal," says a well known authority. The real trouble, which causes all the nervousness, gas and pain, is excessive acid in the stomach. This acid irritates the delicate stomach lining, sours and ferments the food before it is digested naturally without pain. Try this for a few weeks and see if your stomach does not feel one hundred per cent better.

A great number of friends in the city regretted deeply to learn of the death of Mrs. Catherine McCarthy, widow of James McCarthy, who was for many years coachman in this city, which occurred Wednesday night at the infirmary, following an illness which has in one stage or another been afflicting her for years. She was an active member of St. Paul's Presbyterian Church in the voluntary society and the S.P.C.A. Some months ago she went to Boston and underwent an operation. Maritime Religious Education Council Annual Convention of Truro District Held at Truro Wednesday.

The annual convention of the Truro District Religious Education Council was held in the Methodist church, Truro, on Wednesday, May 3. This proved to be one of the most successful and representative gatherings in the history of Sunday school work in Colchester county. All but six of the twenty-two schools in that district were represented and presented reports of progress. At this convention the special feature of Sunday school work under consideration was the 'teen-age girls' program of religious education, which was presented thoroughly by Miss Allison, girl secretary of the M. R. E. Council, showing that the M. R. E. G. I. T. movement is accomplishing in the Maritime Provinces, after which the meeting was addressed by Mr. Milligan, Fredericton secretary of religious education, who gave a masterful presentation of the subject "Education for Evangelism" as the great spiritual objective of the churches following the forward movement.

The Maritime girls' work secretary was the guest at the Acadia Seminary during the last week-end. Miss Allison visited the institution in the interests of the Student Christian Movement, which she is connected, as well as girls' work of the churches.

The Sixteenth International Sunday School Convention will be held June 27-29 at Kansas City, Missouri. The 4,000 delegates who will assemble at the opening of the Sixteenth International Sunday School Convention represent a tremendous army of whose influence on the future of the United States and Canada is beyond estimating. Canada reports as follows: Sunday schools, 10,255; officers and teachers, 94,204; pupils, 904,513; while the United States reports with: Sunday schools, 145,967; officers and teachers, 1,283,491; pupils, 16,131,723.

No argument is needed as to the wisdom of attending the convention when it is realized that plans and methods which are so connected, and which are so important, will be discussed and formulated that will put into the hands of all these officers and teachers the material that will largely shape their teaching of this vast multitude of boys and girls, young men and young women, and those of mature years, for the four years following.

One of the features of this exhibit will be the presentation in historical order of the chief developments in Sunday school helps from the beginning of the Uniform Lessons 100 years ago. Special recognition will be given to Golden Age materials, which is the great event in the history of the Bible in the convention sessions.

Funerals
Gagetown, May 2.—The funeral of Leslie G. Boyd, the victim of Saturday's appalling accident at Reid Brothers' mill, took place from his late home yesterday afternoon to the Gagetown Methodist church. The funeral was the largest ever seen here, all the surrounding communities being represented in the crowd which completely filled the church, many being obliged to stand on the sidewalk outside, and the general sorrow which marked the faces of everyone present was an eloquent tribute to the esteem in which the

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

unfortunate young man was held, as well as an evidence of the regret and sympathy felt for the grief-stricken family. The employees of Reid Brothers' mill attended in a body, and fifty-six teams and cars followed in the funeral procession. The service was conducted by the Rev. Henry Penna, pastor of the Gagetown Methodist church, and was a deeply touching and impressive one. The hymns "Rock of Ages," "Just as I Am" and "Abide With Me" were sung, and Mr. Penna gave a most comforting and eloquent address on the occasion. The funeral was held at her late residence, 74 Waterloo street, to Fernhill. Service was conducted by Rev. F. S. Dowling.
