

RAILWAYMEN NOT TO MOVE "BLACKLEG" COAL

Engineers and Firemen Have
Thrown Down the
Gage of Battle.

MAY YET BE A GENERAL STRIKE

Government May Introduce
Legislation to Keep Out
Foreign Money.

London, May 13.—For several days past an unmitigated, if tangible, feeling that there will be an early settlement of the miners' strike has been everywhere apparent. This feeling has probably been prompted by the vague statements of Herbert Smith president of the miners' union, protesting that the government and owners had attempted to argue the miners' proposals for a settlement, and promising that if the government or owners produced a better scheme the miners would give it serious consideration. Premier Lloyd George had nothing new to tell questioners in the House of Commons last evening. He merely stated that the government had made certain suggestions, which the miners had rejected, and added that the home secretary, Edward Shortt, was in no way responsible for the present position of the controversy.

May Introduce Legislation.
The premier further declared that the government was considering the possibility of introducing legislation, which would prohibit the receipt of foreign money intended to be devoted to revolutionary propaganda and movements in the British Isles. One of yesterday's developments was the decision of the executive of the Association of Locomotive Engineers and Firemen, of which J. Bromley is president, to support members refusing to handle imported coal. Although this action was taken without waiting for today's conference of the transport workers and national union of railway men, the resolution embodying the instructions to the engineers and firemen is rather feeble, a only qualified support is promised to members who may be victimized as a result of their refusal to handle imported coal.

Railway Strike Ordered.
In Glasgow and the west of Scotland the railway extremists have declared for a sectional strike to begin at midnight tonight, but it is very far from certain that other railway and transport workers will make any general response to this strike call. The trouble at Glasgow arose from the dismissal of railway workers who refused to handle sea borne coal, but it is reported that the movement of coal is now being carried on by the employment of non-union labor. The total number of Scottish railway employees suspended was only thirty. Coal mine owners in certain districts are making every effort to re-open the pits with scratch labor. The general labor situation which is sufficiently bad was further aggravated today by a strike of eight thousand electrical workers against a proposed reduction of wages.

THROUGH RAIL SERVICE TO PACIFIC COAST

Canadian National Railways Offer
Most Direct Connections With Fast
Through Trains From Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National-Grand Trunk "Continental Limited" now leaving at 9:00 p. m. daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane, and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest road-bed. From Maritime Province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday. The Maritime Express arriving in Montreal at 7:40 p. m. affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime Express arriving at 1:50 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5:00 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10:30 p. m. via Sudbury, Port Arthur, Port William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the West will be explained by all C. N. R. Ticket Agents, and folders and illustrated matter may be obtained by application to any of the City Ticket Offices or by writing the General Passenger Department, Montreal, N. B.
