TUESDAY EVENING, AUG. 26, 1873.

The Royal Commission.

Mr. Huntington has been served with a copy of the Royal Commission, and directed to appear before the Commissioners with his witnesses on the 4th of September. Will he obey? If he has half the evidence he boasts of having he will, with promptitude. If he has any regard for the opinion of the public he will, whether he has evidence or not. Since the publication of the empty conceits of Mr. Attorney Beatty it is generally supposed that there is little left. Surely such trash as that would not have been given to the world as evidence against anybody if its publishers had anything of real weight in reserve. Should Mr. Huntington send in one of the thousand reasons that any lawyer can concoct for any course of conduct, instead of sending his witnesses, not one man, outside of the ignorant swallowers of all the assertions of the enemies of the party in power, will believe that he has any evidence to give that amounts to anything. But we shall see what Mr. Huntington will do. He cannot stand aloof on his respectability quite so well as he has been doing. That little railway swindle in which he has been detected shows him to be dishonest himself or capable of becoming the ready tool of dishonest people. He subscribed $600,000 stock in a new railway enterprise, without any intention of paying it up, so that the provisional directors might appeal to the municipalities for aid. The directors announced that $720,000 stock had been taken, and several municipalities voted subsides on the strength of the faith inspired by the large subscription. It has now transpired that $700,000 of this is bogus, $600,000 of it having been subscribed by the immaculate Mr. Huntington. What does he say for himself? That he "subscribed for the stock at the request of the directors, intending to keep it in his name until bona fide subscribers could be procured to take it." In other words he became the tool used by the directors for imposing on the general public and cheating the municipalities. It cannot be regarded as an honorable transaction. It was a fraud, and Mr. Huntington was the tool employed by the perpetrators. He may be the tool of the perpetrators of a far more gigantic fraud—a fraud on the whole people of Canada—for anything that has yet been shown to the contrary. He has lost the right to be believed, except when sustained by proofs, and he must face the music or slink into a corner.

Pacific Railway Scandal—Full Text of the Commission.

DUFFERIN. CANADA:

Victoria, by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, &c., &c., &c.

To the Honourable Charles Dewey Day, of the City of Montreal, in the Province of Quebec, in our Dominion of Canada, late one of the Judges of the Superior Court in and for Lower Canada; the Honourable Antoine Polette, of the City of Three Rivers, in the said Province of Quebec, one of the Judges of the Superior Court in and for Lower Canada, and James Robert Gowan, of the Town of Barrie, in the Province of Ontario, in our said Dominion, Esquire, Judge of the County Court of the County of Simcoe, in the said Province of Ontario, and to all others to whom these presents shall come, or whom the same may in any wise concern.

GREETING:

Whereas, the Honourable Lucius Seth Huntington, of the City of Montreal, in the Province of Quebec, a member of the Honourable the House of Commons of Canada, in his place in Parliament, did, on the second day of April, in the year of our Lord one thousand eight hundred and seventy-three, move the following resolution:—"That he, the said Lucius Seth Huntington, is credibly informed and believes that he can establish by satisfactory evidence, that in anticipation of the legislation of last session, as to the Pacific Railway, an agreement was made between Sir Hugh Allan, acting for himself and certain other Canadian promoters, and G. W. McMullen, acting for certain United States capitalists, whereby the latter agreed to furnish all the funds necessary for the construction of the contemplated railway, and give the former a certain per centage of interest in consideration of their interest and position; the scheme agreed upon being ostensibly that of a Canadian company, with Sir Hugh Allan at its head."

"That the Government were aware that the negotiations were pending between the said parties."

"That subsequently an understanding was come to between the Government and Sir Hugh Allan and Mr. Abbott, one of the members of the Honorable the House of Commons of Canada, that Sir Hugh Allan and his friends should advance a large sum of money for the purpose of aiding the elections of Ministers and their supporters at the ensuing general election, and that he and his friends should receive the contract for the construction of the railway."

"That accordingly Sir Hugh Allan did advance a large sum for the purpose mentioned, and at the solicitation and under the pressing instances of Ministers."

"That part of the moneys expended by Sir Hugh Allan in connection with the obtaining of the Act of Incorporation and Charter were paid to him by the said United States capitalists under the agreement with him."

"That a Committee of seven members be appointed to enquire into all the circumstances connected with the negotiations for the construction of the Pacific Railway with the legislation of last session on the subject, and with the granting of the charter to Sir Hugh Allan and others, with power to send for persons, papers and records, and with instruction to report in full the evidence taken before, and all proceedings of, the said Committee," which said resolution upon a division of the said House was lost.

And Whereas, the Right Honorable Sir John Alexander Macdonald, Knight, also a member of the said the House of Commons of Canada, in his place in Parliament, did on the eighth day of April aforesaid, move a resolution in the words following:

"That a select committee of five members (of which Committe the mover shall not be one) be appointed by this House to inquire into, and report upon the several matters contained and stated in a resolution moved on Wednesday, the second day of April instant, by the Honorable Mr. Huntington, member for the County of Shefford, relating to the Canadian Pacific Railway, with power to send for persons, papers and records, to report from time to time, and to report the evidence from time to time, and if need be, to sit after the prorogation of Parliament," which said last named resolution was carried.

And whereas, by an act of the Parliament of Canada, passed on the third day of May, in the year of our Lord one thousand eight hundred and seventy-three, and in the thirty-sixth year of our reign, intituled, "an act to provide for the examination of witnesses on oath by Committees of the Senate and House of Commons in certain cases," it is amongst other things in effect enacted.

"That whenever any witness or witnesses is or are to be examined by any Committee of the Senate or House of Commons, and the Senate or House of Commons shall have resolved that it is desirable that such witness or witnesses shall be examined on oath, such witness or witnesses shall be examined upon oath or affirmation, where affirmation is allowed by law."

And Whereas, the Honorable John Hillyard Cameron, also a member of the said the House of Commons of Canada, in his place in Parliament did, after the passing of the said above named act of Parliament on the Third day of May aforesaid, move a resolution in the following words:

"That it be an instruction to the said Select Committee to whom was referred the duty of inquiry into the matters mentioned in the statement of the Honourable Mr. Huntington relating to the Canadian Pacific Railway, that the said Committee shall examine the witnesses brought before it upon oath," which was carried.

And Whereas, the said Act of Parliament has since the passing thereof been disallowed by Her Majesty.

And Whereas, no power exists whereby the said Committee so appointed as aforesaid can legally administer oath to witnesses brought before it, whereby one of the objects desired by the said House of Commons cannot be attained.

And Whereas, it is in the interests of the good government of Canada not only that full inquiry should be made into the several matters contained and stated in the said above recited resolution of the eighth day of April aforesaid, but that the evidence to be taken on such inquiry should be taken on oath, in the manner prescribed by the said resolution in the third day of May aforesaid, and the Governor in Council has deemed it expedient such inquiry should be made.

Now know ye, that under and by virtue and in pursuance of the Act of Parliament of Canada, made and passed in the thirty-first year of our reign, intituled "An Act respecting inquiry into public matters," and of an order of the Governor in Council, made on this thirteenth day of August, in the year of our Lord one thousand eight hundred and seventy-three, reposing special trust and confidence in the loyalty and fidelity of you, the said Charles Dewey Day, Antoine Polette and James Robert Gowan, have constituated and appointed you to be our Commissioners for the purpose of making such inquiry as aforesaid, of whom you, the said Charles Dewey Day, shall be chairman. And we do authorize and require you, as such Commissioners, with all convenient despatch and by and with all lawful ways and means to enter upon such inquiry, and to collect evidence, and to summon before you any parties or witnesses, and to require them to give evidence upon oath or on solemn affirmation, if they be parties entitled to affirm in civil matters, and to produce such documents and things as you may deem requisite to the full investigation and report of the matters and statements as aforesaid. And we do hereby order and direct that the sittings of you, the said Commissioners, under this our Royal Commission, shall be held at the city of Ottawa, in our Dominion of Canada.

And we do require you to communicate to us through our Secretary of State of Canada, and also to the Honourable the Speaker of the Senate and to the Honourable the Speaker of the House of Commons of Canada as well, the said evidence as well as any opinions which you may think fit to express thereupon. And do strictly charge and command all our officers and all our faithful subjects, and all others, that in their several places and according to their respective powers and opportunities, they be aiding to you in the execution of this our Commission.

JOHN A. MACDONALD.
Attorney-General of Canada.

In testimony whereof, we have caused these our letters to be made patent, and the Great Seal of Canada to be hereunto affixed. Witness, our Right Trusty and well beloved cousin and councillor, the Right Honorable Sir Frederic Temple, Earl of Dufferin, Viscount and Baron Clandeboye, of Clandeboye, in the County Down, in the Peerage of the United Kingdom Baron Dufferin and Clandeboye, of Ballyleidy and Killeleagh, in the County Down, in the Peerage of Ireland, and a Baronet, Knight of Our Most Illustrious Order of Saint Patrick and Knight Commander of Our Most Honorable Order of the Bath, Governor-General of Canada and Vice-Admiral of the same. At Our Government House, in Our City of Ottawa, this Fourteenth day of August in the year of our Lord one thousand eight hundred and seventy-three, and the thirty-seventh year of our reign.

By command.

J. C. AIKINS,
Secretary of State.

Nova Scotia News.

Miss Birt and her party of destitute English children—50 boys and 20 girls—arrived at Halifax in the Hibernian on Saturday night. Monday the children were distributed to the places prepared for them by Col. Laurie.

On Saturday drafts on England were selling in Halifax at the Banks at 8¼ per cent. This is a lower rate than such drafts have sold for there for a number of years, and is attributed to the stringency of the money market.

A canoe in which were four persons, including a woman, upset in a lake near Kempt, Queen's County, N. S., while the party were returning from a pic-nic, a few days ago, and they narrowly escaped drowning. It was with great difficulty the young woman, Miss McClearn, was saved.

Brown's friends announce that the challenge is open to Biglin still, for two or three weeks. The opinion is expressed that Biglin's backers had a spy in Halifax watching Brown practice, and considering that the Halifax champion was too much for their man, had the race broken off rather than lose the money.

Three soldiers of the 87th regiment were arrested on Saturday night, charged with stealing money from the till in the shop of Mr. James Carroll, Halifax, where they had been drinking. Mr Carroll seized one of them but was unable to hold him. The police pursued and captured him after a severe struggle. One of the others was taken in Gottingen street and the other in the barracks.

The great Boydell Shakespeare is to be reproduced in *fac-simile* by Messrs. Gebbie & Barrie, of Philadelphia, in twenty-five parts, each, with four plates, at $1 each. This magnificent edition was the result of the labors of Alderman Boydell, of London, about the beginning of the century, and it is said that over a million pounds were spent in his successful endeavour to procure the finest illustrations of the great poet from the greatest artists of that generation and to have them reproduced in copper in the most perfect manner. He paid one guinea for every design submitted and one hundred for every one accepted by the committee of artists which he headed. The price of the original work was two hundred guineas for proof impressions and one hundred thereafter, and it is now very scarce.

Hon. Dr. Tupper arrived last evening from St. Andrews, and left for Nova Scotia this morning.

Brevities.

The Common Council meets to-morrow afternoon in the Council Chamber, at the usual hour.

The Most Worthy Grand Lodge of British Templars opens in annual session in Charlottetown on Saturday next. Tickets on steamboat and by rail are issued at one fare to go and return.

The Directors of the Protestant Orphan Asylum meet in the Trinity Sunday School room this evening at eight o'clock.

The Lacrosse Club meet for practice this evening at 6 o'clock on the Barrack Square, and hold a business meeting after their practice, at the usual place.

The meeting of the regatta subscribers takes place at the Victoria hotel this evening. The managers are anxious to have a full meeting, as there will be interesting reports from all of the committees.

THE DAILY TRIBUNE advertises on liberal terms and gives the largest city circulation.

The Weekey Tribune

of this date contains the fullest account of the Reception of the Governor General and party in this city. Copies in wrappers ready for mailing may be obtained at the COUNTING ROOM.

Bangor Excursionists Coming.

There will be a popular excursion from Bangor to St. John over the E. & N. A. Railway, Wednesday of next week (Sept. 3d). Tickets will be sold for the round trip at three dollars. The tickets will be good to remain over one day in St. John, and no more excursionists will be taken than can be comfortably accommodated.

The Father Mathew Pic.Nic.

The party started this morning in the steamer Rothesay from Indiantown. The Band of the Association played through the streets on their march to Indiantown. This Band has improved wonderfully during the past few months, the result of constant practice. A large number of visitors took passage for Long Island, where the Pic-Nic is to be held.

IF YOU HAVE ANYTHING TO SELL advertise in THE DAILY TRIBUNE and secure the benefit of its large circulation.

Theatre.

Mr. Nannery's Comedy Combination arrived from Halifax last evening, and open to-night in the Academy of Music. The bill is a good one, and, no doubt they will be greeted with a full house. Mr. Nannery has been long connected with Mr. J. W. Lanergan in the management of the Lyceum of St. John, and the success that has followed him as manager will no doubt in a measure follow Mr. Nannery. The company is equal in talent to any that ever appeared before a St. John audience. "Rose of Castile," an elegant drama, and "Po-ca-hon-tas," announced as "an original, aboriginal, erratic, operatic, semi-civilized, demi-savage extravaganza." The box-office opened this morning, and the seats sold well.

NOTICE TO SMOKERS.—We would direct attention to the fine assortment of beautiful Meerschaum Pipes now on exhibition at F. B. Marter's drug store, 81 King street. Some of them are the finest we have ever seen imported for sale in the city.

Lee's Opera House.

Mr. Lee's company did well last evening, the songs, dances and general minstrelsy being fully equal to any of his previous performances. The opening piece, "A Bag of Shorts,' provoked much laughter. Marie Poinier's selections were received as well as usual, and the singing of the Foster children was fair. The voices are hardly strong enough, however, to sing in a public assembly, nor does their musical training warrant. Dick Sands and Niles were both loudly encored in their dances. The entertainment closed with the pantomime "Faust and Marguerite."

Shipping Notes.

Wrecked.—The schooner Marie Joseph, Rudolf, master, from Bay Chaleur for Halifax with shingles, was wrecked on Canso Island on the night of the 20th inst. The cargo and materials will probably be saved.

The brig Matilda B., which sailed from Sydney, C. B., with coal for Cuba, on the 18th inst., went ashore on Livingstone Ledge, at the mouth of the harbor. She is likely to become a total wreck.

The new steamer Newfoundland, intended to carry the mails between Halifax and Newfoundland during the winter has arrived at the former port from Pictou.

The schooner Alpha, Salisbury, master, with lumber from this port for New York, ran ashore on the Gridiron Rock in Hell Gate, on the 23rd inst., knocking a hole in her starboard side and filling immediately. No lives lost.

Ashore.—The bark Nora, loading at Buctouche, is reported ashore, having broken from her moorings during the gale of Sunday last.

New Vessels.—One of the finest ships ever built at this port was launched from the yard of Joseph K. Dunlop, Marsh Road, on the afternoon of Saturday last the 23rd inst. She is named the "Prince Umberto," registers 1400 tons, and measures 215 ft., 9 in. length of keel; 39 ft. breadth of beam; and 24 ft. depth of hold. She was built under special survey, is thoroughly iron kneed and copper fastened, diagonal celled both below and between decks, her waterways measure 2½ ft. in width. She is constructed of oak, birch, and pitch pine, thoroughly seasoned, and will class 9 years French Veritas. This superior vessel has been built for Messrs. Moran, Galloway & Co., of Liverpool. She is to be commanded by Captain Robert Scott. She now lies at the Ballast Wharf taking in her ballast, after which she will be brought up the harbor and fitted for sea and loaded with lumber for Liverpool. George Thomas, Esq., is the vessel's consignee at this port.

Mr. Dunlop has commenced to lay the keel of another ship of about the same dimensions, for the same firm, to be launched in May next.

James A. Moran, Esq., of St. Martins, has also on the stocks in his yard, for the same firm, and nearly in frame another ship of similar measurement. She also is to be launched in May next.

Capt. Cruckshank, Courtenay Bay, is getting out the material for a large ship, to be built for Messrs. Fernie & Sons, Liverpool, to be launched in May or June next. All the above vessels are to be built under special survey. Geo. Thomas, Esq., is agent for both the firms in this city.

The Show of Shows.

The Show of Shows will be here on the 2nd, 3rd and 4th of September, and will exhibit on the Ballast Wharf. Arenic art in all its varieties will be presented to the public. Connected with the above is an immense Managerie consisting of all sorts of strange and curious animals. The animals are freely exhibited to all who produce a ticket for the Circus performance at fifty cents. With the characteristic push of Barnum & Co. arrangements have been made so that Special Trains will be run on the Intercolonial to give people from the rural districts a chance to come to town to see the show. Excursion tickets will also be issued on the regular trains, good to return for four days.

The Governor General in Fredericton.

The Viceroy visited Mr. Gibson's mills, church, village and residence on the Nashwaak yesterday morning, and then went up the Riviere du Loup Railway as far as Keswick bridge, 28 miles. The chilliness of the weather was the only drawback to the pleasure of the party. On the way back the excursionists, four car loads, stopped and picnicked—that is, they had something to eat, something good of course, in a grove. The Viceroy, in reply to his health, as proposed by Sheriff Temple, made a happy speech. The Lt. Governor and Gen. Warner also made speeches. In the evening there was a brilliant gathering of invited guests at Government House. The Governor General and Lady Dufferin started for Woodstock this forenoon.

City Police Court.

Ten prisoners were in the dock this morning, and it took very few moments to dispose of them. There were also several cases of assault and abuse, which occupied considerable time.

Patrick Kennedy, John Dougherty, Henry Hoyt, William Kimball, were each fined $4, the charge against them being simple drunkenness.

Hugh McCormack is an old offender and has been out of the Penitentiary only a short time. He was charged with being drunk on the Market Square, and fined $6 or two months in the Penitentiary.

John O'Gallagher was arrested for being drunk and creating a disturbance in Church street. He was fined $6.

William Bailey and Thomas Taylor were arrested for standing and singing on the corner of Queen street. They were fined $4 each for this little amusement.

Andrew Holliken was from Carleton, and charged with being drunk and breaking the window of Maurice Dieneen. He was fined $4 for drunkenness and $20 for breaking the windows.

James Price was given in charge by the Mate of the barque Mohawk for being drunk and disorderly on board the vessel. He was sent back to his ship without being fined.

Walter McAllister, Mate of the ship Eartsherry, was charged with assaulting Grinnell, a seaman on board. The assault took place last Saturday while the vessel was in port. John Kerr, Esq., "the seamen's friend," appeared for Grinnell, and the charge was fully proven by the testimony of two apprentices. The Mate was fined $26 for the assault.

Mrs. Mary Williams was arrested and called to answer a charge of using abusive language to Jane J. Bradley. She admitted that she had said some things she ought not to have said, but was provoked to do so by Bradley. Sergt. Ryder gave Mrs. Williams an excellent character as an industrious, quiet woman who was the only support of a family of children and a sick husband. His Honor refused to investigate the charge under these circumstances. Miss Bradley was disgusted, demanded justice, and wept through pure rage at not having the trial go on. She finally left the Courtroom, asserting that she would seek a higher court.

A Sheffield street row had also to be settled by His Honor. Matilda Ryan and Matilda Taylor were charged with assaulting Isabella Ward, who wore a black eye as the result of the encounter. Ryan and Taylor were each sent to the Penitentiary for 2 months for the assault.
