Crankshaw's Annotated Criminal Code of Canada

6th Edition, 1935

PRICE \$20.00

THE NEW edition has been greatly enlarged, containing about fifty per cent more matter than the previous edition in 1924. It is the most exhaustive work on Criminal Law ever published in Canada.

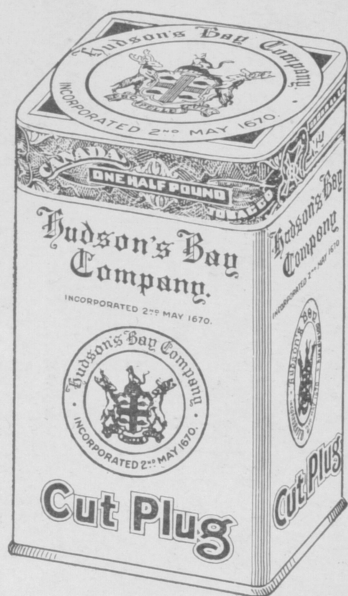

For the benefit of officers who lack legal training, explanations and remarks in simple language have been made in connection with many sections relating to their duty and affecting their functions.

As a guide to Crown officers, various Forms which had been omitted from the fifth edition, including Forms of Indictments, have been revised and inserted in this edition.
