FORTY-FIRST YEAR

KITCHENER, ONTARIO THURSDAY, MAY 15, 1919.

8 PAGES, PRICE TWO CENTS

8 PERSONS SHOT BY MAN WITH GUN

GODERICH'S GOOD FORTUNE; GETS BIG STEEL INDUSTRY

Amalgamation of U. S. Steel and Automobile Men.

COUNCIL ADOPTS HOUSING ACT AND WILL ERECT 500 HOUSES THIS YEAR. (Special To The Record). GODERICH, May 15.—Today Goderich citizens awoke to the fact that a real live Board of Trade can accomplish things. For two weeks past C. L. Moore, Chairman of the Industrial Committee, J. W. Craigie and Councilor T. S. Mitchell had quietly been acquiring a large section of land to the south of the town and last night, without any warning, at a special meeting of the town council a proposition was placed before the members that when consummated will double the population of the town. J. J. Mahon of Newark, late steel expert of the Imperial Munition Board, accompanied by Edward C. Beck and Allan George, arrived in town and put the finishing touch of approval on a gigantic industrial proposition, that will probably create a new community.

CAPT. REV. C. E. JENKINS.—President of Ontario Great War Veterans' Association, which is meeting in convention at Windsor this week.

A CANADIAN OFFICER AND HIS BELGIAN BRIDE.—Lieut. Goldwin Gregory, son of Mr. W. D. Gregory, of Toronto, whose marriage to Mlle. Irene Brihay, daughter of Mons. Alfred Brihay, of Fleurbaes, Belgium, took place in Belgium. He arrived home with his bride on the Melita.

REV. DR. T. E. BARTLEY, pastor of the Woodgreen Tabernacle, Toronto, who died suddenly Tuesday night from an attack of heart failure.

Mr. W. G. Weichel and Mr. Chas. Ide of this city have returned home from a business trip to Saskatchewan where they have been the past few weeks in connection with the choosing of a site for a factory building at Muskiki Lake near Dana, Sask., and also to make arrangements with the chairman of the Western Freight Association who is located at Winnipeg regarding freight rates to Kitchener from the above mentioned plant. The above gentlemen are connected with a company who intend to manufacture magnesia products, Epson salts and so forth, and this city has been chosen as the main distributing station.

RETURNED FROM TRIP TO WEST

Making Arrangements to Manufacture Certain Chemicals

Mr. W. G. Weichel and Mr. Chas. Ide of this city have returned home from a business trip to Saskatchewan where they have been the past few weeks in connection with the choosing of a site for a factory building at Muskiki Lake near Dana, Sask., and also to make arrangements with the chairman of the Western Freight Association who is located at Winnipeg regarding freight rates to Kitchener from the above mentioned plant. The above gentlemen are connected with a company who intend to manufacture magnesia products, Epson salts and so forth, and this city has been chosen as the main distributing station.

COUNCIL OF FOUR DECLINED REVISION

OF ADOPTED INTERNATIONAL LABOR LEGISLATION

PARIS, May 15.—The council of four has declined to consider the note from Count von Brockdorff-Rantzau, relative to International Labor legislation. In a note sent to the German delegation, M. Clemenceau says the allied and associated governments are of the opinion that their decisions give satisfaction to the anxiety which German delegates profess for social justice and insure a realization of reforms which the working class have more than ever a right to expect after the great trials which the world has been subjected during the last five years.

VERA LAVELLE WAS FOUND GUILTY OF

HELPING MCCULLOUGH BREAK JAIL

TORONTO, May 15.—Vera Lavelle was today found guilty of assisting Frank McCullough to break jail on April fifteenth.

SENTENCE LEVIED ON OFFENDERS

WHO WERE IMPLICATED IN MURDERS. BERLIN, May 15.—Lieutenant Kurt Vogel has been sentenced by a court martial to two years and four months imprisonment. He was under arrest after the trial for the murder of Karl Liebknecht and Rosa Luxemburg last winter. Lieutenant Rittman was sentenced to six weeks arrest and a hussar named Runge to two years imprisonment and four years deprivation of civil rights. The others accused were discharged.

LLOYD GEORGE AND THE U.S. DELEGATES

DECLINED TO MEET THEM.

LONDON, May 15.—Andrew Bonar Law told the commons yesterday, that Premier Lloyd George had asked Frank P. Walsh, Edward Dunne and Michael R. Ryan, representatives of Irish societies in the United States, to call upon him. He had planned to lay before them the British case and have it widely reported in America, where it is insufficiently understood, Mr. Bonar Law said. "The Premier has withdrawn the invitation," the government leader said, "because while he is unwilling to receive Americans he is unwilling to receive those who come to Ireland and not only take part in the politics of Ireland, but also in rebellious movements."

SERVICE AT ABBEY FOR EDITH CAVELL

AN IMMENSE THROG PRESENT

LONDON, May 15.—Great Britain paid tribute to Edith Cavell, English nurse executed at Brussels, October 12, 1915, here today, when her body, brought from Brussels to her native city of Norwich, was taken to Westminster Abbey for an impressive memorial service. It was a public funeral in which, it seemed, every inch of standing room in the neighborhood of the Abbey was occupied by a densely massed multitude, which was eager to do reverent honor to "that brave woman," as the Bishop of London described her, "who deserves a great deal from the British Empire."

KOLCHAK CAPTURES CITY OF SAMARA

IS AN IMPORTANT EVENT.

BERNE, May 15.—The Ukrainian press bureau announces the capture by Admiral Kolchak's forces of Samara, an important city on the river Volga. Senator Oscar W. Underwood and W.P.G. Harding governor of the Federal Reserve Board, are to head the list of speakers at the annual convention of the Alabama Bankers' Association, which meets today at Montgomery.

OF UNSOUND MIND SHOOT NEIGHBORS AND FIRES BARN

8 PERSONS WOUNDED, SEVERAL SERIOUSLY

MONCTON, N.B., May 15.—A telegraph message from the village of Rexton, Kent County, reports that Robert Childs, alias McIntosh, apparently insane, and armed with three revolvers, is hiding in the woods near there. After wounding his sister-in-law and her son, and two men named Hebert, father and son, and two of the victims are in a serious condition. Childs came to Rexton last night and proceeded to the old homestead, of which he claims part ownership, but which is in possession of John Childs, his brother. He set fire to the barn and when Mrs. Childs and son attempted to save livestock, he shot both. Two men named Heberth, who live nearby, also attempted to save the cattle, and both received bullet wounds.

WAR STAMPS SALES ARE DISAPPOINTING

ONLY \$2,000,000 HAVE BEEN SOLD

TORONTO, May 15.—War Savings Stamps of Canada are not proving the success that it was hoped. An issue of \$50,000,000 was authorized but after almost a year's sales the total receipts are still under \$2,000,000. The comparative failure of the scheme shows the value of aggressive campaigning. Nothing of the sort was done in pushing the sale of these savings certificates, although they were extensively, but quietly advertised all over the country. Manufacturers of staple groceries throughout the country have been invited to meet at Syracuse today to inaugurate a movement against the alleged inroads being made by the big packing interests into the grocery trade.

THE NEW BELL TELEPHONE RATES.

In connection with the new Bell Telephone rates, sanctioned by the Dominion Railway Board, there are 475 business phones; 140 two-party business phones; 370 residence and 900 two-party residence telephones. A total of 1885. The town of Waterloo has 110 business and 35 two-party business phones; 100 residence and 240 two-party residence telephones. A total of 475. The present rates are: Independent business telephones \$30; two party business phones \$24; independent residence \$25 and two-party house phones, \$18 per year. The new rates increase these 10 per cent. Thus when present contracts expire or new telephones are installed their respective annual costs will be: Independent business phones \$33; two-party business phones \$26.40; independent house phones, \$27.50 and two-party house phones \$19.50 per annum. The increases will annually mean \$900 to the two communities. Regarding the long distance rates, they will hereafter be on a mileage basis and are increased 9 per cent. The rate is ten cents up to 8 miles and 5 cents for each additional 8 miles, for a 3-minute conversation. Night messages from 8:30 p.m. to 11:30 p.m. are 60 per cent of the initial day rate and from 11:30 p.m. to 6 a.m. 40 per cent of the initial day rate to the nearest multiple of 5 cents.

ONTARIO RY. BOARD AND PHONE RATES

HOW IT DEALT WITH PRO-VINCIAL CO.

TORONTO, May 15.—The principle under which the Dominion Railway Board granted Bell Telephone Company power to increase its rates is not upheld by the Ontario Railway and Municipal Board. On the contrary, in a parallel case heard by the latter board some weeks ago, the application of the Erie Telephone Company for authority to increase its charges twenty-five per cent was refused. The Erie Telephone Company operates over a wide field in and about the town of Hagersville and has a large list of subscribers. It was organized in 1906 and since that time figures were submitted to show that it had expended on plant and equipment \$84,053, of which amount \$51,394.21 was contributed by net earnings. "It would therefore appear," the Board observes in giving judgment, "that over sixty per cent of capital has been furnished by subscribers out of rentals and tolls paid by them. This is a record unprecedented in telephone systems within the jurisdictions of this Board."

WIRE NEWS IN BRIEF

From Many Quarters

SCOTIAN REACHES QUEBEC. QUEBEC, May 15.—The steamship Scotian arrived at noon today carrying about one thousand returned men. Having disembarked a few for this district it proceeded to Montreal, with the greater part of returning Canadians. GENERAL HENDERSON RECEIVES APPOINTMENT. PARIS, May 15.—The International League of the Red Cross Societies, has appointed as director-general the famous British staff officer, General Sir David Henderson as organizer of British air forces. PORT COLBORNE, Ont., May 14.—Louis Arthur Kinnear, B. Sc., of the engineering staff of the Hydro-Electric Commission, was drowned in Lake Jessie, near Nipigon, on Monday. The body has not yet been recovered. Deceased was a graduate of Queen's University, Kingston, in mining engineering of the class of 1912. He was a son of Louis Kinnear, M. A., barrister, of this place.

G.W.V.A. & CALGARY'S \$2000 RESOLUTION

PRESIDENT JENKINS CALLED

WINDSOR, Ont., May 15.—Recommendations of the special committee that part of President Jenkins' address to the Ontario Great War Veterans' Association convention yesterday, which referred to the resolution of the Calgary association's for a demand of \$2,000 gratuity as a "half-baker" scheme, be deleted before the President's address appeared in published form, caused a heated discussion before the convention. "I move this report go right back to the committee," said Comrade McLean of Hamilton. The acclamation we gave our president at the time of the reading of the address should have been sufficient indication to the committee on our attitude."

ENGINEER DROWNED

Louis Kinnear, of the Hydro Staff, Meets Death Near Nipigon

PORT COLBORNE, Ont., May 14.—Louis Arthur Kinnear, B. Sc., of the engineering staff of the Hydro-Electric Commission, was drowned in Lake Jessie, near Nipigon, on Monday. The body has not yet been recovered. Deceased was a graduate of Queen's University, Kingston, in mining engineering of the class of 1912. He was a son of Louis Kinnear, M. A., barrister, of this place.

MILK FACTORIES WANT PRIVILEGES

OF OPERATING FACTORIES ON SUNDAYS DURING SUMMER

(Special To The Record) TORONTO, May 15.—Authority to handle milk on Sundays was sought by a deputation from the milk-condensing factories of Ontario, which appeared before Edward Bayly, solicitor to the Attorney-General at Queen's Park today.

R. B. Mutt, Superintendent of the Borden Milk factory and Mr. Coyle, Superintendent of the Carnation Milk Co. were spokesmen of the condensing firms. Dr. Rochester appeared for the Lord's Day Alliance, supported by a deputation from the ministerial alliance of Ingersoll and Oxford county, as well as farmers and representatives of Women's Institutes of South Oxford and Elgin counties. The scarcity of labor on farms was one of the objections offered by the farmers, supplying milk to factories, by order of the Canadian Food Board on Sundays, as a war measure.

HON. JAMES BECK AND T. & N. RY. BILL

MAKES PLEA TO RAILWAY COMMITTEE

OTTAWA, May 15.—Hon. James M. Beck of New York told the special railway committee in the hearing upon the Toronto and Niagara Power Co's bill today that he appeared not only for bondholders, to whom the company's securities were sold but to interpret views generally of investing houses in America. "We have no higher rights," he declared. "Nor claim more than Canadian investors. In thanking the committee for postponing their sitting for one week, he said that the services he had been able to render the allies, while his country was neutral, had been repaid a hundred fold by courtesies given him by Great Britain and by Canada in 1912. He declared that the charter of the

COOPERATION SOLUTION FOR GOOD RELATIONS

Between Capital and Labor and Progress

MUTUAL UNDERSTANDING IS NECESSARY. (Special To The Record). TORONTO, May 15.—Cooperation between capital and labor is an urgent need, according to the report of the Committee on Welfare, submitted to the annual meeting of the Toronto division of the Canadian Manufacturers' Association, held this afternoon in the Board of Trade rooms. The report took up eleven typewritten pages and gave in much detail the result of various industrial plans to establish better relations and closer harmony between capital and labor. The war is cited as the cause for this cooperative movement. It is recognized by all thoughtful people that a better understanding between capital and labor is necessary, if the grave problems of reconstruction are to be solved with the maximum success and benefit to Canada. Between 1,500,000 and 2,000,000 persons will be affected vitally by demobilization and consequent industrial changes. Unless there is sympathetic understanding and sincere cooperation between employers and employees, industrial machinery cannot be adjusted to the

AMERICAN BALLOON REACHED ST. JOHN

AFTER 25-HOUR, NONSTOP FLIGHT

ST. JOHNS, Nfld., May 15.—The American dirigible C-5, scheduled for a possible nonstop flight from here to the British Isles, arrived here today, after a 25-hour and forty minutes flight from Montauk Point, N.Y. Catherine Russell, 30, was killed at Belding Mich., when she mistook the cellar door for the bathroom and fell to the concrete floor below.

SKODA WORKS TO BE DISMANTLED

PARIS, May 15.—The peace terms to be presented to the Austrian delegates, probably on next Wednesday, will likely demand the dismantling of the famous Skoda works and other armament plants.

COAL BARGE SINKS, SIX PERSONS DROWNED

PORTSMOUTH, N.H., May 15.—The coalbarge Nanticoke, sank off the Isle of Shoals early today. Captain Gray and one hand were picked up, but Gray's wife and four children and engineer drowned.

CELTIC REACHES HALIFAX

HALIFAX, May 15.—The steamship Celtic with 125 officers and 3,645 other ranks of Canadian expeditionary forces docked at 8 o'clock this morning. Disembarkation commenced shortly afterwards.
