FREDERICTON, N.B., FRIDAY, FEBRUARY 21, 1958

UNB MODEL PARLIAMENT POLITICOS STATE PLATFORMS

Liberals propose scholarship plan

The Liberal party's platform reads as follows:

1. The Liberal party proposes to establish, in consultation with the provinces and working through the National Council of Canadian Universities, 2500 Canada Scholarships and 7500 Canada Bursaries for university students; and with federal capital, to establish a University Loan Fund.
2. In order to combat present unemployment, the Liberal party proposes to increase government expenditures and decrease taxation.
3. The Liberal party believes that the prime object of Canadian trade policy should be to continue to increase exports as much as possible and to widen the geographical basis of our external trade. This expansion, not diversion, of trade is the only policy compatible with sound, rapid, economic development and with increasing productivity and living standard.
4. The Liberal party believes that the effectual defense of Canada can be most practically achieved through continual adaptation of domestic defense policies and current requirements together with judicious support of the North Atlantic Treaty Organization and Canadian-American defense agreements.
5. The Liberal party advocates that the present special excise tax of 7 1/2% on automobiles be abolished.
6. The Liberal party believes the New Brunswick fishermen should be brought into closer relation with the subsidies granted to other primary producers.
7. Mistresses should be deductible for income tax purposes.

LECTURES CANCELLED

Students will take note that the election speeches will be given on Tuesday February 25, 11:00 a.m. in the Gymnasium, and that consequently all lectures for that period are cancelled. Election regulations will be published in the next issue of the Brunswickan.

IMPORTANT NOTICE

Readers are reminded that the write-ups for candidates will only be published once. For that reason keep this issue until voting time on Wednesday.

Christian Atheists favor pensions

The platform submitted by the Christian Atheist Party is as follows:

1. Pensions for veterans of future wars. They'll all be dead, why not give them the pension now.
2. Give New Brunswick back to the Indians, and take their reservations in exchange. Follow Mr. Gordon's advice.
3. Parliament based on the governments of both the French and the Irish. The Irish don't want any government, and the French change it every week.
4. We are the only political party in this election which has opinions unbiased by public opinion.

AAA Announces Varsity Managers '59

Applications accepted by the A.A.A. at the Feb. 17 meeting:

- | | |
|-------------------------|--|
| Majorettes | Dawn McGowan |
| Women's Basketball | Norma Wiley, Anne Grant (Ass't) |
| Skiing | Roch Dufresne |
| Football | Bill Bearisto |
| | Doug Scammell (A.s.soc.) |
| | Jim Jardine (Trainer) |
| Curling | Eric Jamieson |
| Men's Basketball | Elwin Sherrard |
| | Bob Osgood (Ass't) |
| Swimming | |
| Men's | Jim Bayer |
| Women's | Ann Vickery |
| Track & Field and Cross | |
| Country | Dave Tweedie |
| Hockey | Hugh Millar |
| Missing: | Cheerleaders, Men's J. V. Swimming, J.V. Hockey, Tennis, Badminton, Soccer, Men's J.V. Basketball. |

Newmanites Confer

The Newman Club will have at least two representatives at the Regional Conference of Newman Clubs in Moncton this weekend. Both the President, John Reinsborough and the Secretary, Mary Lou Hughes will be in attendance.

11th Annual Held Here

The 11th Canterbury Conference of Eastern Canada, held in Fredericton last weekend with UNB Canterbury as hosts, was attended by delegates from McGill, Assumption, Western, U of T, Carleton, Dalhousie, Mt. A, and Bishop's, as well as from UNB. Rev. K. H. M. Creal, diocesan missionary from Niagara, conducted the conference along parish life lines. Two important motions: (1) that Canterbury drop the club aspect, (2) no merger with SCM: were carried unanimously, and from now on the association will be known as "Canterbury". This Sunday at 8:15 pm in Cathedral Hall, Rev. Savary will lecture to Canterbury members on his work as a Missionary in Japan.

P.C.'s offer larger engineering grant

The following planks compose the Conservative platform:

1. Establishment of a National Sports Promotion Scheme.
2. Inducement of industrial investment in the Maritime provinces.
3. Legislation to make New Brunswick Liquor Laws more modern and realistic.
4. Reorganized secondary school mathematics courses to better prepare students for the University.
5. Recommendation to APEC that they survey Maritime industries with respect to employment of Maritime university graduates.
6. Conversion of the old "College Field" into landscaped "Lovers Lots".
7. Larger grants to U.N.B. Engineering faculty in order that the number of professors, course options, and individual attention be increased.
8. Increased development of Canada's northland.

Manzer - Miles off to McGill

Ron Manzer and Peter Miles have been selected by the UNB Debating Society to be our representatives at the McGill Winter Carnival Debating Conference. At McGill they will debate against such universities as Harvard, Toronto, and Columbia.

Manzer last week combined with Allison Trites, and defeated the Canadian champion St. Dunstan's team that was sent to UNB. Miles has been on the UNB Intercollegiate Debating Team for two years. The boys will leave Fredericton on Friday morning, and return on Sunday. All intercollegiate debates have now been completed for the year, with UNB coming off second best in all but the St. Dunstan's match. More experienced Mount Allison and Acadia teams took decisions from UNB.

The club will hold regular intramural debates until the end of March.

SRC NOTES

A complete report of the SRC dances was given at the weekly meeting Wednesday evening. Out of nine dances held, the average loss was \$15.15, and the average paid attendance was ninety-eight. It was noted that only one dance showed a profit. Since the adoption of records as the source of music, the overhead has been cut considerably, but lack of attendance has negated any advantage gained.

The SRC will sponsor one more dance. The possibility of future dances being held will depend on the success of this one.

Reports from WUSC and NFCUS Regional Conferences were presented. The NFCUS delegates returned with two mandates. They were asked to investigate the possibilities of the establishment of a summer school for bilingualism, and of student weekend exchanges.

The WUSC report indicated that the organization was firmly imbedded in the Maritimes. The Council was informed that a student from Southeast Asia was presently being selected for the WUSC Scholarship.

The SRC constitution was changed to allow the chairmen of the local WUSC and NFCUS committees to be in the future elected by campus-wide elections and to sit as voting members of the SRC.

UNB Graduate Rings

A year ago the S.R.C. contacted Henry Birk and Son concerning university rings. As a consequence the company has made up a number of samples—an all-metal man's size, and a gem-inserted ladies' model. These samples are currently on display at the Students' Centre.

The Birk Representative stated that:

1. Red and Black were difficult colours to work into jewellery;
2. Enamel work usually cracks and discolours;
3. The synthetic gem insert is Al₂O₃, the same chemical composition as a genuine ruby;
4. To have the date engraved on the rings would increase the

cost and also the delay in ordering.

The S.R.C. had several ideas concerning the samples and their distribution.

1. The rings should be available to graduates and seniors;
2. No mention of faculties should be present on the rings;
3. The rings were possibly too large and ornate;
4. The university crest should be larger and the university motto included.

If you have an interest in these rings please contact your S.R.C. representative or fill in the following questionnaire. A box will be provided upstairs in the Student's Centre for all interested persons.
