My dear Meighen,

I am sorry I missed you the last time I was in Canada, but I was hurriedly recalled to fight, and I am glad to say to win East Walthamstow, as a supporter of Mr. Baldwin and his Government. At the same time I follow Dominion affairs very closely and note your vigorous speeches.

If you can spare a few minutes to run through my address in the enclosed Magazine, I should like your frank criticism on it. As you know, the matter is one of great importance and is certain to be raised at the next Imperial Conference.

My wife joins me in best regard to Mrs. Meighen and to yourself.

Ever yours sincerely,

Rt. Hon. Arthur Meighen, M.P.
