Sir,

Referring to your letter of the 15th ultimo enclosing the report of School Inspector Deane, I have to call your attention to that gentleman's remarks respecting the condition of the Orinda School, which is reported to be poorly seated with long wooden benches only four of which have writing desks, and that it needs banking before winter sets in that the cracks and knot holes show daylight through them, and that the black board needs a coat of black wash.

You will be good enough to
