

September 10th, 1915.

P. 427,031-17.

Dear Mr. Graham -

I have your communication of the 1st instant, with enclosure from Dr. Fran, in reference to making provision for cases of contagious disease on the Keeseekoose Reserve.

I have no doubt that such a building would be of much value, but a very important point has not been touched upon by either Dr. Fran or yourself, i.e., the supervision and care of any patients who might be placed therein. I would ask you to be good enough to let me know how it is proposed to provide for this. I enclose Dr. Fran's letter, as requested.

Yours very truly,

James C. Scott
Deputy Superintendent General.

W. H. Graham, Esq.,

Inspector of Indian Agencies,

Sulcarres, Sask.
