Cockburn Island Lady Tells How Si Cured Her Stomach Troubles b Using Dodd's Dyepepsia Tablets,

How many people are simply "troubled with their stomachs." They hardly recognize their complaint under the pretentious title of Dyspensia, but they do know beyond a doubt that they have hours of discomfort and that the stomach is the cause. To those the experience of Mrs. B. S. Rombough, Occkburn Island, Ont. She says:

"I was troubled terribly with my stomach. I got some of Dodd's Dyspepsia Tablets and they did me good. I think they are a good Tablet, and I would recommend them to all who are troubled with their stomach."

Now that is a simple statement regarding a simple trouble. It simply tells all swhe have stomach troubles that they can find relief in Dodd's Dyspepsia Tablets.

Mrs. Schoff is also deeply interested in the welfare of her sex and is a famous organisation woman. She is a member of the Century club of Phila-delphia, one of the largest and most influential clubs of women in the country. She was chairman of a committee whose efforts resulted in raising the salaries of the public school teachers

How charming!" and I have gone to mansians where I found not an atom of comfert though it was teeming ing with priceless articles. I can call to mind a little house occupied by the vicar of a big, imposing church, in whose yard it was plumped, where millionaires' daughters delighted to pour tea when the vicar's wife threw open her doors to the parish, says the Philadelphia Bulletin.

It was wonderfully simple and pret-ty, with its mattings and rugs, its short muslin window curtains and old short muslin window curtains and old fashlened furniture, such as can be bought for a song in secondhand stores—not valuable mahogany, but stained woods in odd, shapes and full of com-fort. There were siways flowers grow-ing in that house—not many, but the common kinds, suited to the seasons common kinds, suited to the seasons and giving touches of color and sweetness to the place. The Children's Toys. One of the most perplexing problems with which the order loving mother has to contend is to decide where to put the children's toys. If placed in the nursery closet they keep the floor in an unsightly litter, and the dust gathers

One of the most convenient devices is a box couch seven feet in length, three feet wide and three feet deep. To this is a hinged top. The box is covered with a deep red brocade, and on the lid is fitted and securely fastened a hair mattress, also covered with brocade. Into this thoroughly ernamental piece of furniture the toys may be stored every night, it being the children's duty to pick off everything from the floor and put it away in a neat and orderly manner.

There does not seem any reason for such a condition of affairs, and when we are further told of a house with many large bedrooms containing only folding beds one can but rub one's eyes and ask what next? Nature has just one pigment on her pallette with which she produces all the marvellous tints of beauty, and that one pigment is the blood. The shell-like pink beneath the finger nails, the delicate rose of the cheek, the cherry ripeness of the lips, the irridescent brilliance of the eyes are all produced by the blood. Just as the permanence of a beautiful painting will depend upon the purity of the colors with which it is painted, so the permanence of beauty depends on the purity of the blood. Paint, powder and cosmetics won't avail to preserve beauty. Beauty begins in the blood. Dr. Pierce's Golden Medical Discovery is a true beautifier, because it provides for nature that pure blood with which alone she can paint. The use of this medicine will cleanse the skin, heighten the complexion, brighten the eyes, and give to face and form that radiance of health which is the greatest charm of beauty. Dr. Pierce's Pleasant Pelleta are very effective in ridding the system of clogging residaum, which accumulates with constipated habit.

LEABN DRESSMAKING IN TWO WEEKS

IN TWO WEEKS

I will be at the Garner Hotel, Chatham, on Saturday, July 22nd, between 9 and 6 o'clock, to show how dressmaking can be taught in two weeks. Why spend from six to nine months learning dressmaking in a shop, and them not know anything about cutting, when I teach you everything from measuring to finish in the making of ladies' and children's garments in two weeks. I have taught over 700 girls in this way within the past three years, and all were more than satisfied. If you are the wife or daughter of a farmer, mechanic, laborer, merchant or millionaire, you should learn Dressmaking. No accomplishment you can acquire will prove of such every-day, life-long value to you as a practical knowledge of Dressmaking. And if you have this knowledge you can, by saving dressmaker's bills, be able to dress much better, with less money, than you probably do now. I teach you how to put together, not only the lining, but all the outer goods, in coats, skirts, waists, wrappers, sleeves, in fact everything in dressmaking. And you are losing nothing by trying, for if you are not satisfied at the end of the term, then there will be no charge. School teachers, college girls and everybody who are having your holidays now, do not fail to take advantage of this splendid opportunity. You may never get another like it.

Charge for full course is \$10, when you are through, if satisfied, including one of the most perfect fitting systems in use, which I give you free! I will also at the same time teach part of the course, consisting of shirtwassis, sleeves and skirts, and teach you how to use the system for \$6.

I will teach at Chatham from July 24th to August 5th. Hours from \$30

teach you how to use the system for \$6.
