

# HOLLAND LINEN

The Proper Paper for  
Particular People

Holland Linen is a high-grade Linen or Fabric Finish Paper with a beautiful smooth surface that is pleasant to write upon, being absolutely free from the unpleasant roughness which some Fabric Finish Papers have.

No Paper ever placed on the market has become so popular as Holland Linen. If you once try it you will prefer it to any other and will recommend it to your friends. Made in all kinds of stationery—Writing Paper, Envelopes, Tablets, Papeteries, Visiting Cards and Black-bordered Goods. Ask your Stationer for it and take no other.
