

Synopsis of Canadian North-West Land Regulations

THE sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required, except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. **Duties**—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. CORY, C.M.G.,
Deputy of the Minister of the Interior.

This great offer is made to introduce the famous Fleet Pen to Canada. Over 100,000 have been sold in England. Agents Wanted. Liberal Terms.

4 H.P. Cushman Weighs Only 190 lbs. 8 H.P. 2 Cylinder Only 320 lbs.

Cushman Engines are the lightest weight farm engines in the world, yet they are even more steady running, quiet and dependable than most heavy engines, because of Throttle Governor, perfect balance and almost no friction nor vibration. The simple Cushman Governor releases just enough fuel to take care of the load at any moment, thus avoiding the fast and slow speeds at which most engines run. While Cushman Engines are only about one-fourth the weight, per horsepower, of most other stationary engines, they will deliver as much or more steady, reliable power, per rated horsepower, than any other farm engine made.

Note the Many Special Advantages Not Found On Other Engines.

Cushman Light Weight Engines For All Farm Work—4 to 20 H. P.

Are not cheap engines, but they are cheap in the long run, as they do so many things heavy engines cannot do. May be attached to machines such as binders, balers, etc., to save a team. Easy to move around. Moving parts enclosed and run in bath of oil. Run at any speed—speed changed while running. Direct water circulating pump prevents overheating. Schaebler Carburetor and Friction Clutch Pulley.

The ONE Binder Engine
The Cushman 4 H. P. is the one practical binder engine. Its light weight and steady power permit it to be attached to rear of binder. Saves a team during harvest.

Farmer's Handy 4 H. P. Truck
Easy to Move Around from Job to Job.
Same Engine Used on Binder.

Dave Linton, Ransom, Ill., says: "I can do everything with the 190-lb. Cushman that I could with an engine that weighed 1000 lbs., and do it better and with a lot less noise."
