HAVING more stock than we care to carry over winter, we are prepared to make exceptional inducements to those wanting Percheron Stallions or Mares, or Jersey Cattle. We have a number of select animals whose breeding would seem to be guaranteed by the fact that they have been followed by the best lines and are confident that an inspection of our stud will convince you that the stock we have selected are of the best and can now show an accumulation of first class animals unexcelled by any in proportion of GOOD ones to total number. We have stallions for sale ranging from one to seven years old, but would call special attention to those from five to seven years. A portion of them have been bred and raised in the Island of Jersey, and are of the best blood. The larger number are of the first class, a few are of the second class, but all are of the best blood and are of the best quality. We have a number of cows of the best quality, and a few of the best quality. We will make prices on these animals that will secure speedy sale. The good ones at reasonable figures, much lower than we think the same quality can be bought elsewhere, and those of lesser merit, but whose breeding is all right, at prices that will enable a good work horse, and so low that any one having a few cows to breed and wishing to improve their stock can afford to purchase. We have a few good bulls to sell. The prices ought to insure cash sales but we will extend any reasonable credit to responsible parties.
