| LIVERPOOL MARKETS | | | |
|--|--|--|--------|
| Liverpool, Jan. 11.—To-day's closing prices were as follows: | | | |
| Manitoba No. 1 Northern | | | \$1.11 |
| Manitoba No. 2 Northern | | | 1.09 |
| Manitoba No. 3 Northern | | | 1.06 |

| July | | | 1.04 |

The wheat market opened with moderate covering by shorts and prices $\frac{1}{2}$ to $\frac{1}{4}$ higher, and later there was a further advance of $\frac{1}{4}$, with offers light. The strength in America and firmness in Buenos Ayres, together with the firmness of Canadian offers, contributed to the advance. The advance was checked, freer Plate offers and predictions of larger Argentine exports next week, and the liberal Argentine shipments indicated by Bradstreet. The market on the whole is dull but steady, with the question of Argentine exports holding balance of power. At the close the market was dull but steady and $\frac{1}{4}$ to $\frac{1}{2}$ higher than yesterday. Corn opened $\frac{1}{2}$ to $\frac{1}{4}$ higher and later further advanced $\frac{1}{2}$ with the undertone firm. The strength in America, firmness in Buenos Ayres and the fact that a cargo of Plate corn destined to Liverpool has been diverted to the continent caused the covering. Plate Spot was $\frac{1}{2}$ higher.

The "Bissell" Double Action Disk

is a two-in-one Implement. This Harrow is both In-throw and Out-throw. By hitching 4, 6 or 8 of the Bissell Disk Harrows together in a group, you can have a double action outfit for Engine power and disking on a large scale. The gangs are flexible on the Bissell Harrow and are not too long to fit the hollows made by heavy Engine Drive Wheels. These same Harrows may be used for double action or single disking with horses.

The "Bissell" will make a proper seed bed for you. Another Bissell special is a 28 plate wide sweep, 4 gang flexible Harrow covering 14 ft. It is nicely handled with 6 horses and is a favorite with many farmers. For further particulars write Dept. "O"

CHICAGO WHEAT MARKET
Chicago, Jan. 11.—Saturday's prices for grain, after the bullish debauch of the two previous sessions, declined moderately, as did provisions. Fluctuations were rather narrow, and the volume of business moderate.

A heavy snowfall in Kansas preceding the predicted cold, and the prospects of large shipments from Argentina, were bear factors in wheat. The fact that shorts had pretty well eliminated themselves during the previous two days, also affected prices. At the close May was $\frac{1}{2}$ over the bottom, but $\frac{1}{2}$ to $\frac{1}{4}$ under yesterday. Corn opened sharply higher, but it soon developed that this was due to bidding scattered, beated shorts, who missed the bull band wagon Friday.

On the modest decline which ensued, considerable corn was worked for export, lending a firm undertone to the market. Shippers are finding difficulty in meeting demands of export buyers for early shipment, owing to the non-accumulation of earlier sales.

Trade in oats was chiefly of an evening-up character, typical of week-end sessions. May closed $\frac{1}{2}$ down.

Little Ethel had been brought up with a firm hand and was always taught to report misdeeds promptly. One afternoon she came sobbing penitently to her mother.

"Mother, I—I broke a brick in the fireplace."

"Well, it might be worse. But how on earth did you do it, Ethel?"

"I pounded it with your watch."

A SLANDER

Guest—"I have eaten many a better steak than this!"
