

St. John Telegraph—When the great Titanic was launched her owners proudly declared that she was unsinkable. A few weeks later she was at the bottom of the Atlantic. The owners of the Imperator, who that leviathan was ready for sea, a month or two ago, boasted that she was a fire proof ship. Last week a member of the Imperator's crew was burned to death in a fire which practically ruined her interior fittings and threatened the lives of more than 1000 people on board. The "fire-proof" ship has taken her place with the "unsinkable" ship.

The First Week in September

Is the beginning of our busy season. It is better to wait till then. Get started before the rush begins. SEND FOR CATALOG

KENTVILLE, N. S.

Why Red Rose is "Distinctive"

Because it is largely composed of the fine teas of Northern India, which are generous in strength and richness. These, blended with the flavory teas of Ceylon, produce the qualities for which Red Rose is famed.

N.B.—Coffee users will find Red Rose Coffee as generously good as Red Rose Tea.

Why, Indeed?

A certain captain had been lecturing his new recruits at some length on "The Duties of a Soldier." At last he thought the time had come to find out just what he had accomplished.

Casting his eye over the room, he fixed on Private Murphy as his first victim. "Private Murphy," he asked "why should a soldier be ready to die for his country?"

The private scratched his head for a while; then an ingratiating smile flitted across his face. "Sure, captain," he said, pleasantly, "you're quite right. Why should he?"

A trunk has been invented which is guaranteed to stand the roughest handling. At a recent test it was dropped from the roof of a building, a distance of 200 feet. The trunk was not damaged sufficiently to need repairs of any kind.

relieves constipation and headache

workers in their part... As president of the Corporation, Mr. ... speaks of trade conditions... Intimately, a British ... during firm's to establish... Longueville, a writer for... Canada, who recently ... investigation throughout... tario, tells of a satisfactory... affairs in all the important... turing towns and cities... of the Province... growth, development, confidence... the future."

In each of the places visited "the skeleton timbers of factories and additions were rising rapidly. Factories, long established and prosperous, were installing new machinery. The signs "Help Wanted" were numerous. Processions of loaded freight cars were moving out of switches. Many manufacturers stated that they could not keep up to their orders. There seemed to be no idle men anywhere. No strikes were encountered. Manufacturing suburbs full of workmen's homes were appearing in places where the hay fields rustled a few years ago. Good homes they were, too, and, walking among them, one was forced to wonder if there were any poor."

In Hamilton, the third manufacturing centre in the Dominion, thirteen factories are being extended and 22 new factories erected. In Galt, "the little Birmingham of Canada," the capacity of several of the largest existing plants is being enlarged at considerable expense to keep up with the demands from a growing market. A new cotton mill and a new steel plant are under construction at Welland, and a furnace company is to spend \$750,000 on a plant at Port Colborne which will employ two hundred men. Thorold and Port Robinson are securing new industries this year, while important industrial expansion is reported from Niagara Falls and St. Catharines.

At Brantford a great deal of money is going into new plants and enlargements of old ones, and similar developments are forward at London, St. Thomas, Stratford, Guelph, Berlin, Preston and Sarnia. Windsor, Walkerville and Sandwich are getting new industries from the United States and a considerable portion of the City of Detroit is said to be "moving across into Canada" in the wake of motor car and other transplanted industries. Altogether this review of industrial conditions throughout Western Ontario is very cheering to those who are inclined to be pessimistic over the stringency in the money market. So long as our crops increase, so long as the population continues to grow as rapidly as at present, and so long as the National Policy is maintained we are scarcely likely to see many idle factories or much poverty in this country.

Antigonish M. P. Had Toes Amputated by I. C. R. Train

Halifax, N. S., Sept. 7—William Chisholm, M.P. of Antigonish, while returning from Halifax to his home at Healderton on Saturday, met with a very painful accident, having his foot crushed under the wheels of the train at South River Antigonish county. A special train with physicians was sent out, and Mr. Chisholm was taken to the Antigonish Hospital and the toes amputated. He had left the train for a few minutes, and while getting on board he made a misstep and his foot went under the wheels. A dispatch from Antigonish tonight says that he is resting easily.

CORNS CURED

IN 24 HOURS. You can positively remove any corn, without any use of knife, or applying any ointment or salve. It never hurts, never causes any swelling, and is the only sure cure for corns. It is sold by all druggists and is guaranteed to cure in 24 hours. Price 25c per bottle. Write for free literature.

VITNAM'S PAINLESS CORN EXTRACTOR

severe thunder storm... noon. The lightning was... 4 p. m. the barn of R. C. S. Kent... was struck and in a few minutes... on fire. There were forty tons of hay and a quantity of farming implements in the barn all of which were destroyed. The loss will probably amount to about \$1500.

Heaviness at Pit of the Stomach

Feeling of Uneasiness Before and After Meals is Quickly Cured With Nerviline.

Nearly everyone gets an occasional attack of indigestion and knows just what that heavy feeling means in the stomach. It was subject to stomach troubles and my health was seriously hampered on this account. After meals I belched gas, had a weighty sensation in my stomach and over my left side. The first relief I got was from Nerviline—I used it three times a day, and was cured. I continue to use Nerviline occasionally, and find it a wonderful aid to the stomach and digestive organs.

NERVILINE RESTORES WEAK STOMACHS

The above letter comes from Mrs. P. R. Stinson, wife of an important merchant in Brockton, and still further proof of the exceptional power of Nerviline is furnished by A. E. Dutton, the well-known upholsterer of Chester, who writes: "Let anyone who has a bad stomach use Nerviline and I am sure there will be few complaints left. I used to have cramps, flatulence, gas on my stomach, and acute fits of indigestion. Nerviline was the only remedy that gave me relief, and I found it so entirely satisfactory that I would like to have my letter of commendation published broadcast in order that others may profit by my experience."

You'll find a hundred uses for Nerviline—it's a trusty household remedy.
