RE-ELECTED

Col. Leys has no Difficulty Holding his Seat as Member for London.

London, June 10. — The bye-election in this city yesterday for the choice of a representative in the Local Legislature, resulted in the defeat of Darch, Socialist, by Leys, Liberal, by a majority three times the total vote polled for the socialist candidate.

The polling was conducted very quietly. There were almost no election rigs, and no committee rooms. The Socialists in numerous divisions had not so much as a scrutineer to watch their interests. There was practically no concern felt in the result. The return of Col. Leys was anticipated by everybody. The vote polled was exceedingly small.

Following are the returns:—
Darch—524.
Leys—2,179.
Majority for Leys, 1,655.

THE SMALL VOTE.

A comparison of the vote polled at the last election shows how very small was the polling yesterday. In 1898 the total vote was 7,870—5,167 more than in the bye-election. So that only a third of the voters of three years ago took the trouble to go to the polling booth on this occasion.

SMALL-POX SCARE

Dr. Hodgetts Predicts a More Alarming Outbreak in the Fall Unless Great Care is Taken.

Toronto, July 10.—A more alarming and disastrous outbreak of small-pox is a probability in Ontario next autumn, according to Dr. Hodgetts. That prominent officer of the Provincial Health Board presented a written report to the secretary of the board, yesterday afternoon, in which the outlook is officially depicted in plain, outspoken language.

Reviewing his inspection of the outbreak in Brant county, the report states that he visited the townships of Burford, Oakland and Windham. Dr. Hodgetts states that he inspected 34 houses where small-pox was supposed to exist. Of these 34 had small-pox. Of the 154 who less than \$1 were unvaccinated. Dr. Hodgetts traced the infection of a house in Brantford, where the person had brought it from London. An unvaccinated girl visited the house and returned to other home in a locality where two-thirds of the settlers were unprotected by vaccination.

The representative medical men and other municipalities that unless greater precautions prevail there will be "in the approaching autumn an outbreak of small-pox more alarming and more disastrous than any seen for some time. Vaccination of all the people, and successfully, should be the order of each municipality in this province," says Dr. Hodgetts. "If this warning is not heeded the future expense incurred in stamping out small-pox will be both great and burdensome in many municipalities. Many from infected districts attended the circus in Brantford and the Baptist convention in Scotland. This warning is given both to laity and clergy as physicians. Be on the lookout for new cases."

HOME CROPS

The Outlook in Various Parts of Western Ontario as Bulltined in Toronto.

Toronto, July 10. — Reports from various parts of Ontario were received to-day, among them being the following:—

Chatham—Hay crop very heavy, and nearly all harvested. Fall wheat rapidly ripening and some farmers as early as last week harvested this product. Boots suffered for want of rain and corn and peas also somewhat backward. On the whole the outlook is a most promising one. The acreage of beans and corn is more extensive this year than formerly.

Stratford—Wheat looks well and prospects for a good crop are excellent. Peas are looking well, oats rather short, barley fair, but very little seed. Walkerton—Farmers in this section are at present engaged in cutting the hay crop, which is a very large one. All crops in this section look remarkably well, and the prospects are for the biggest harvest for years in this part of the country.

Brantford—Little or no spring wheat sown here. Fall wheat about half a crop, and in some places the wheat has been destroyed by the Hessian fly. A good average crop of oats; long straw. Rye good; long potatoes and corn are promising. Good cherries. Scarcely half a crop of pears. Apples a fair average. Small fruits plentiful.

St. Catharines—Late corn looking well. Oats a good average. Fruits—Apples, not twenty-five per cent. of average. Peaches average high. Grapes a full crop. Plums average seventy per cent. Cherries almost total failure. Berlin—Hay abundant. Fall wheat, heavy yield. Spring wheat, oats and peas promise good crop. Oats look fine. The recent rain brought fruits up to good prospects.

Brampton—Fall wheat pretty well up to average. Spring wheat considerably above the average. Barley, peas and oats very heavy. Hay abundant. Fruit looking promising.

Woodstock—The wheat outlook is only half a crop. Grain has been damaged to some extent by the Hessian fly. Barley and oats good, and promise to yield well. Corn up to average. Hay an exceedingly large crop. Roots looking good. Farmers well pleased with the prospects.

Hood's Sarsaparilla helps tired mothers in many ways—it refreshes the blood, improves the appetite, and assures restful sleep.

LANDRY GETS 60 DAYS.

Niagara Falls, Ont., July 9.—Arthur M. Landry, of Montreal, who represented himself to be Mr. Bourdeau, private secretary to Sir Wilfrid Laurier, was brought before P. M. Logan to-day. He pleaded guilty to a charge of attempted fraud preferred against him, and was sentenced to 60 days in the common jail at Welland, where he was taken at three p. m.

The Canadian Post Master General Arrives in London From Australia.

London, July 9.—Mr. Mulock, Postmaster-General of Canada, reached London on his way from Australia, where he represented the Dominion at the inauguration of the Australian Commonwealth. He was accompanied by Mrs. Mulock and son. The party had a pleasant trip from the Antipodes.

There are now six Canadian Ministers of the Cabinet in London. Mr. Fisher intends to return at the end of the week.

THE STRIKE

A Settlement Between Company and Trackmen Within a Week Looked For.

Montreal, July 10.—The indications to-day point to a settlement of the trackmen's strike on the C. P. R. within a week. Both sides are evidently tired of the struggle. If a disinterested party, influential enough to open negotiations, comes forward, the difficulty can be speedily settled. The settlement, it is hinted, will be on the basis of recognition by the company of the men as an organized body, with reasonable concessions in respect to conditions of employment and wages. This information is gleaned from good sources on both sides.

Toronto, Ont., July 10.—(C. P. R. despatch)—D. Wilkinson, chairman of the local committee of trackmen here, has issued a circular saying that General Manager McNichol's letter of 12th June was not received before the strike was ordered, but his does not agree with President Wilson's statement in an interview, published in Montreal papers of Monday night, that the letter has been received, but was copied by the local committee and being kept fully posted.

PRESENTATION

A Veteran Maple City Oddfellow Honored by the Order in Detroit.

Samuel McCracken, Wm. Potter, A. M. Lafferty, and Hy. Gibson have returned from Detroit, where they have been acting as delegates from Western City Lodge, No. 93, I. O. O. F., at the presentation of a veteran's jewel to W. S. Somerville, formerly of Chatham, now of Detroit, and at present a member of Western City Lodge of this city. The presentation, which was made by P. G. M. Sellers, of Detroit, who also gave a very appropriate address, took place in the United Lodge, I. O. O. F., of that city. Mr. Somerville's aged mother, of this city, was present. About 100 Oddfellows were present, including those who attended from here. After speeches by the different delegates, the brethren were entertained to luncheon by the ladies of the order, after which a number of addresses and songs were given. Although Mr. Somerville has been away from Chatham for about 18 years he has not been forgotten by the brethren Oddfellows in the Maple City, and those who attended the services last evening in Detroit, were highly pleased in again grasping his hand in brotherly friendship. The delegates arrived back in the city this morning, feeling well satisfied with what had taken place.

REAL RUMPUS

Woodstock all Torn up Over a Dispute Between the Principal and Two Teachers.

Woodstock, July 10.—The educational interests of Woodstock have not been aroused to their present state of excitement in many years, and the trouble that is now at hand has been caused by the action of the Collegiate Institute Board in dismissing two of their best teachers, in the persons of Mr. A. B. Stephenson and Capt. C. F. Errett, on the grounds of insubordination. These two gentlemen were dismissed by the board in a summary manner that has not met with public favor. The teachers were not given a hearing, the principal's word alone being taken. As these two words were considered among the best in the service of the board the Collegiate scholars have circulated a petition praying the board to reconsider its decision. The petition is being largely signed, and on every hand the board is referred to in one of the city pulpits on Sunday, and the board strongly denounced. From present indications an investigation will be demanded. Andrew Pattullo, M. P., and Hon. Jas. Sutherland, M. P., are members of the board. Mr. Pattullo is having a good deal of criticism directed at him.

GENTLEMEN WHO ARE BALD.

or have thin hair, should call on Prof. Dorenwend at the Garner House, Chatham, on Friday, July 12, to Saturday, July 13, noon sharp, and see his wonderful device in Toupees, and Wigs worn on over 65,000 heads. Everything for Summer Wear

From crown to toe—everything a civilized man wears is here except shoes.

Most garments sold in the store are made in our own factory. Well made they must be, or the factory would not have grown so steadily from a small beginning—would not be able to pay the best wages and provide spacious, airy workrooms for its employees—but these things go with good work as naturally as growth goes with sunlight.

Other lines of garments and furnishings we buy, but our own ideas—and yours—are often worked into them. When you think of it, it takes about as much technical knowledge to buy right as to make the article yourself.

Between making and buying, this store has gathered for you the finest all-round collection of summer wear that Chatham men have ever been invited to choose from. If a thing is seasonable, sensible and stylish, we're showing it. Test us.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires a constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
