Going Out to Spread the Doctrines.

on to sell out and go eath into the workl to spread the truth. The result is that at least twenty families have sold their homes and as many more hemes are new efford for sale. Some have left for Australia, and The isberasle had a congregation of ever 3 0.00 people at the meeting called to raise maney to apread the seven day dec-trine. The donations were self-sacrificing

In the mildle of the room, at some dis-tance from the trough, lay another rigid corpec. This was the body of a cat, one of two which inde the bakery their home. When extricated from the design and attrotched inpan the floor, it was found that the dead misn was Gootlieb Schmidt, an employee of the bakery. On Sundays and legal helidays it had been his habit to take turns with Booker, the employee whe made the ghasely discovery, in design the work which was unavoidable in connection with the business. On such occasions one weld

the business. On such occasions one would begin work at 4 o'clock in the afterness,

begin work at 4 o'cleck in the afterneen, mixing the spange and deing the other pre-liminary work necessary te running off a batch of bread. At 10 o'cleck at night the other would relieve bim. Schmidt put in an appearance at the bakery at 4 c'cleck yesterday afterneon. After wishing young Ruhl, who was in the store, a "Happy New Year," be went up to the bake shop. He closed the deer and was subsequently whelly alene at his labor. That was the last seen of him alter. the densition was every. 80 geld watches, a large number of gold rings, brooches, several bioycles, and almost everything that can be thought of in the shape of personal pro-perty had been given. The value of the densitien is estimated at from \$25 000 to \$20 000. This meney will from \$2,000 a \$30,000. This energy was by used parsity in this country, and parsly in foreign countries. The adventists de opt forget these at home. They have on-tributed largely to the charitable fund here. but no member of their faith has ever asked it of the memory and the country of the set of the larget the set of the set of the set of the set of the larget the set of the set

relieva his comrade, he found the elevator which is used in geing to the upper fisers at ble top end of the shaft. "Schmidt !" he called. "Schmidt !"

There was no response. About the same time Becker neticed that the evens were tremendously hot ard smoking, renfortry a fire in the building imminent. The place was so hot that breathing was exceedingly difficult. It dawned on Becker at ence LONDON, Jan. 3 -- Edward U. Sayers, barnster, dica suddenly to-night from gastric catarb, aged 35 years. Deceased was well known throughout the Province as difficult. It dawned on Becker at ence that semething must be wrong with his comrade. He tugged at the elevator repe and fically succeeded in bringing the car-riage down within reach. He then started for the second fleer, but as seen as his head came, abeye the landing he discovered the awful portion of his unfortunate comrade, and ranked eut and gave the alarm. * The peculiar death of Schmidt can only be explained on the theory that he was seized with a sudden attack while working ever his deugh, fell forward into the trouch and was unable to extribute himself. He

was well known throughout the Province as a first-class orlokater, being one of the best players of the London elub. In a match at l'oronto last summer he met with an acci-dent, from the effects of which he never fully recovered. Has was the second son of the late Edward G. Sayers, of Cayuga. [Deceased was formarly a resident of this olvy, living with the family on West avenue south. He played for the London olub in the last cricket match which the Hamilton olvb played agains. Lo. der. He was also a Rugby fooball enthusiast. He was a man of fine athletic build and was everywhere popular.] and was inable to extribute himself. He was known to have some species of heart treuble. Whether he died saddenly or was sowly smothered in the dough, cannot, of sourse,

The only theory on which it can be explained is that the animal was evercome by the in-tense heat. FULTON, Jan. 2.—The young people here spent their New Year's en Mr. Adkin's fishpend, where there is excellent skating,

To Isolaw the Physician.

To isolate the refractant. The Board of Bealth will have an impor-tant question is deal with at its meeting this evening in connection with the small-per cases in the city. At present there are four cases at the pest house, two of the patients being physicians. They have been attended by a city physician who has been doing nothing class and who is receiving \$10 a day for his services. The suggestion has been made that the attendant physician should also be heisted; character is worthy of admiration," though won by the negative, rifloted great orediton all the combatants, as the subject was brillantly discussed. Next Friday evening Mr. V. Jacksen has kindly consented to give us an account of his visit at the World's Fair. The society will meet with a great less in the person of Miss L. St. John, who is going to reside in Hamil-ten, and Messr. Gillesple and Merritt, who start for Belleville College to day. Miss Jennie Backbee, who has been visiting friends at Mud Creek, her sturned heme.

The suggestion has been made that the attendant physician should also be isolated, but it is net likely that anyone would take the position as as low a figure as \$10 a day. The suggestion has been made that ense of the physician patients should be engaged, and it the doctor who is at present acting declines the centinue his services this will likely be done. Miss Ida White has returned to her schoel
