THE LATE JOHN MENZIES

Scott Act Inspector for North-
 umberland County, John Menzies,
 of South Esk, died at his home
 Friday forenoon, after a few days
 illness. He was over 75 years
 of age, had been Scott Act Inspect-
 or for 18 years, ruling elder of
 Redbank Presbyterian church for
 over 20 years, and a prominent
 Orangeman. He was well
 known as a most efficient and in-
 corruptible officer, and his place in
 temperance circles will be hard to
 fill. Deceased was twice married.
 His first wife was Miss Barbara
 MacKay of Strathadam. By her
 he leaves the following children:
 Allan, of Iowa; Mrs. Shepherd, of
 Salt Lake City; Mrs. George Rogers,
 Strathadam; and Ex-Councillor
 Edward Menzies, of South Esk.
 His second wife, formerly Miss
 Katherine Ferguson of South Esk
 and afterwards Mrs. David Black-
 more, survives him also. A large
 number of grandchildren remain.
 Deceased was buried in Whitney-
 ville yesterday afternoon. The
 funeral was under the auspices of
 No Surrender L. O. L. No. 47,
 of Newcastle, of which deceased was
 a Past Worshipful Master and hon-
 orary member. The Orange services
 were conducted by Ald. Thos.
 Russell, W. M., and the church
 services by Rev. E. E. Mowat. A
 large number of No Surrender
 Lodge attended and were joined
 by representatives of the lodges in
 Blackville, Indiantown and
 Chelmsford. The funeral was
 one of the largest ever seen in the
 parish, the procession being about
 two miles long. The pallbearers
 were Ald. Thos. Russell and Wm.
 Corbett, Jr., of Newcastle, Ainslie
 Mullin, John Parks, Robert Parks
 and Arnold Parks.

**Wreckage of Dutch Mail
 Boat Picked Up Off the
 Coast of France Today**

Amsterdam, Mar. 16. The first traces
 of the Dutch liner Prins William 11,
 since she was reported missing were
 picked up at sea near Belle Isle, off the
 Coast of France, to-day and have no
 doubt regarding the fate of the vessel.
 A lifebuoy and boat oar both bearing
 the ship's name, were first found float-
 ing near Belle Isle. Subsequently a
 propeller blade and a name board, evi-
 dently belonging to the mail steamer,
 were washed ashore at a neighboring
 island.

The Prince William 11, of the Royal
 Dutch West Indies mail line, sailed
 from Amsterdam for West Indian
 ports and New York on January 21
 and some time ago was given up as
 lost. The crew and passengers number
 52.

CHEAP RATES

For the Easter Holidays the
 Intercolonial is offering a first class
 one way fare between all stations
 on the line, good going from March
 24th until March 28th and good to
 return until March 30th. This is con-
 siderable of an inducement to many
 who find it convenient to travel at
 this time of the year. For instance,
 it affords a cheap and enjoyable
 trip to Montreal, where at Easter
 tide there is so much to attract and
 charm in the "city of magnificent
 churches." The regular rate from
 here to Montreal is \$ 20.65 while
 during the time mentioned above
 the round trip fare will be \$13.75.
 The fares will be proportionately
 low between other stations along
 the line.

RESULT OF 'MEAT STRIKES'

Paradoxical as it may seem to the
 unenlightened, the increased price of
 meat unquestionably will be of very
 great advantage to the public. At
 least it will induce thinking men and
 women, and a few who do not think,
 to give some consideration to the sub-
 ject of scientific dietetics. The more
 one studies this subject the more one
 is compelled to realize that meat is not
 by any means a necessary article of
 food, for one possessed of a healthy
 stomach. One should also remember
 that when meat is not obtainable, one
 is not by any means deprived of
 animal food. For instance, milk and
 eggs and cheese, and the various pro-
 ducts of the dairy, are animal foods,
 and they practically take the place of
 meat as far as nourishing the body is
 concerned, even for one who has the
 impression that animal diet is necessary
 to life or to health; in fact, none of the
 animal products are necessary to
 health. There may be conditions of
 disease where animal food, such as is
 found in milk and eggs, is absolutely
 essential to the building up of the
 vigor and vitality that are lacking un-
 der certain circumstances. In fact
 there may be diseased conditions
 where even red meat can be used with
 advantage, but a careful study of the
 diet question, and of the physical con-
 dition of those who perform various
 duties, will convince one beyond all
 possible doubt that an animal diet
 predisposes towards disease. In other
 words, it is inclined to fill the system
 with poisons and effete matter which
 clog the tissues, and which are the
 cause of serious acute and chronic dis-
 eases.

Sackville, N. B., March 20—
 More assurance of the existence in
 good health of Mr. Herbert W.
 Read in Buenos Ayres, was re-
 ceived Friday night when his
 father was handed the following
 brief cablegram, dated Buenos
 Ayres, March 18: "Coming," signed
 by his sons name "Herbert."
 If he starts out immediately he
 should arrive in about six weeks'
 time. It is expected that nothing
 more is necessary to be done until
 he arrives or is heard from again.

NEW YORK, Mar. 9—So great has
 been the interest displayed in the New
 Brunswick Government exhibit at the
 Sportsman's Show at Madison Square
 Garden that the manager of the Chi-
 cago show visited New York for the
 explicit purpose of arranging the trans-
 portation of the moose and bear to
 the western metropolis show opening
 there on March 19, lasting two weeks.
 W. Harry Allan, to whom the success
 of the present showing is due, is to
 accompany the two young bulls and
 baby bruin.

Mr. Allan expects excellent results
 from the Chicago trip as many of the
 westerners have returned from New
 Brunswick during the past few years,
 including a few prominent men. As
 the western show has been widely ad-
 vertised, and numerous articles on
 New Brunswick have appeared in lead-
 ing periodicals in Denver, Chicago,
 and Milwaukee, the trip is bound to
 show definite results.

The present show has been most
 successful as most of the guides have
 filled dates, and where people spoke
 casually in the past they have this
 year shown more interest. "Teddy," the
 baby bear, has been a great drawing
 card, as thousands of people pay daily
 visits to his cage. As a rule they tell
 their friends. Charles Crimmins, who
 has faithfully filled the part of nurse
 has much cause for amusement when
 Teddie is fed from the bottle. Even
 after the sensational high dive people
 crowd into the New Brunswick booth
 to watch the cub clamor for his mid-
 night supper. Among the visitors this
 week were Thompson Seton and Dil-
 lon Wallace. The latter expects to
 take a trip next fall to New Brun-
 swick, with S. W. Clinch, and has ac-
 cepted an invitation to speak before
 the Canadian Club at St. John. Mr.
 Clinch also expects to arrange for
 Messrs. Gaumont to take moving pic-
 tures of salmon fishing on the Upsal-
 quitch and moose shooting on the head
 waters of the Nepisiquit. People who
 in the past visited Maine and Ontario
 will try the Upsalquitch and South
 West Miramichi for salmon.—Sun.

**Chicago Pair Were Married 45 Minutes After Their
 Meeting and now Wife Seeks Divorce**

Chicago, March 19.—Residents
 of West Chicago and the adjacent
 countryside, by popular subscrip-
 tion, will raise a fund to pay off
 debts owed by Mrs. Louise Whittig,
 mother of seven children and de-
 fendant in a divorce case brought
 in Chicago by Henry Whittig, a
 printer.

Whittig's allegations that his
 wife had beaten him and had forced
 him to eat horse and goat flesh
 aroused the interest of the West
 Chicagoans and caused them to in-
 vestigate the case.

To Police Magistrate J. C. Nel-
 son, in West Chicago, Mrs. Whittig
 told a strange story and the magis-
 trate and other residents of the
 town believe the story and have
 decided to relieve Mrs. Whittig.

Mrs. Whittig said: "I met Whit-
 tig five years ago. I was walking
 on West Madison street when he
 approached me. He exercised some

influence over me, and I could not
 resist him. He led me to a Mor-
 mon church at Monroe and Pauline
 streets where we were married
 forty-five minutes after we first
 met. I was always under his in-
 fluence until the time he brought
 the suit for divorce. I never made
 him eat horseflesh or beat him.
 The horse died a natural death
 and was disposed of naturally.
 The goat died later, and it died a
 natural death. We did not eat it,
 either.

My husband was cruel to me.
 The three acres we lived on I
 bought. I built the house and did
 all the work on the farm myself."

Magistrate Nelson advised Mrs.
 Whittig to file a cross bill to her
 husband's suit and promised to
 help raise money to relieve her
 present necessity and to pay her
 debts.

**TERRIBLE TRAGEDY
 IN CENTREVILLE, N. B.**

**Brother Shoots Sister Dead—Esther Gallup Killed by
 Buckshot Charge—William Lewis took Weapon to
 Clean; Hammer Fell; Contents Discharged into
 Woman's Head—Child's Miraculous Escape.**

Centreville, Carleton Co., March
 20—A terrible tragedy occurred
 at Centreville on Saturday morn-
 ing as a result of which Mrs.
 Esther Gallup is dead, and her
 brother, William Lewis, a respect-
 ed farmer, the innocent cause of
 her death, is almost crazed with
 grief.

Mrs. Gallup had been visiting at
 her brother's home. On Saturday
 morning she was sitting in his
 kitchen while Mr. Lewis was ex-
 amining a shotgun. Inadvertently
 he pulled the trigger. There was
 a crash and shriek and the poor
 woman lay dead upon the floor,
 the side of her head torn away by
 a heavy charge of buckshot, while
 the walls and ceiling of the room
 were splattered with ghastly
 splashes of blood and brains.

The sole witness to the terrible
 affair was a little grandchild of
 the unfortunate farmer, who, but
 an instant previously, was stand-
 ing at Mrs. Gallup's knee, pratt-
 ling childishly with the woman
 to whom death came in such tragic
 form. Several of the shot passed
 very close to the little tot's curly
 head, and the wonder is that there
 were not two victims of the fatal
 shot.

Mr. Lewis at once rushed to the

spot and raised the prostrate form
 in his arms, only to find that ap-
 parently life was extinct. Dr.
 Peppers was summoned but death
 had been instantaneous.

Few families in Centreville and
 the adjacent village of Knoxford
 occupied a higher place in the com-
 munity than did that of which
 both parties to the awful tragedy
 were members.
 Mr. Lewis, who at this time is
 inconsolable, but who cannot in
 any way be held responsible for
 the occurrence, is 67 years of age.
 All his life has practically been
 spent on his farm here where his
 sister, Mrs. Esther Gallup, was a
 frequent and ever-welcome visitor.
 The entire countryside is plunged
 in grief over the sad occurrence.

Mr. Lewis cannot account for
 the accident. The gun had hung
 in the kitchen for years and he
 had never thought of its being
 loaded until after the fatal pulling
 of the hammer. He had been in-
 tending for several days to clean
 it and on Saturday morning took
 it down for this purpose. With-
 out thinking, he pulled the ham-
 mer back, when it snapped and ex-
 ploded, and when the smoke rose
 he saw his beloved sister a corpse
 almost at his feet.

SPRING SKIN TROUBLES

**PIMPLES, ERUPTIONS AND "SPOTTY
 COMPLEXIONS."**

At this season, scores of people—
 girls and young women especially—
 find their faces disfigured by pimples,
 dark spots, eruptions, etc. The skin
 needs attention— needs renovating
 after the trying time it has passed
 through during the winter.

Just think what it has gone through!
 You have been out in rain and sleet
 and snow. You have been at one
 moment perspiring from skating, or
 some other exertion. Then you have
 stood to "cool off." You have spent
 hours of the day indoors at a temper-
 ature equal to summer heat. Then
 you have covered up your skin—except
 your face—and gone out into a tem-
 perature away below zero! No wonder
 that, with all these changes, the skin
 of the face and neck shows signs of
 needing attention.

Don't forget that the skin has to do
 work just as any other organ of the
 body, and if you overwork it, it gives
 out. Zam-Buk is the remedy. Smear
 it lightly over the spots, the eruptions,
 the scaly patches, at night, and
 notice how quickly your appearance
 improves. As the rich, refined, herbal
 essences sink deep into the tissue, the
 hard, scurf-like patches are removed.
 Better color results. The cells of the
 skin become transparent. The blood
 beneath is able to impart its proper
 coloring to the tissue, and the delicate
 bloom of health replaces the sallow-
 ness and pallor of disease.

Zam-Buk is also of great use for
 skin injuries and diseases. Eczema,
 ulcers, chaps, ringworm, acne, yield
 to its use. For cuts, burns, bruises,
 children's rashes, etc., it is unequalled,
 and it is a cure for piles. All druggists
 and stores at 60c box, or Zam-Buk Co.,
 Toronto, for price. Refuse harmful
 substitutes and imitations.

Proper attention to the hair
 and scalp is the best preventive
 of baldness. An occasional ap-
 plication of Bearine Hair Pom-
 ade keeps the scalp in healthy
 condition. It nourishes the
 hair follicles and supplements
 the natural oil of the head.
 Bearine not only prevents fall-
 ing hair but stimulates new
 growth. 50 cts a jar at your
 druggists.
