## CORRECTION

We regret that through an error  
in making corrections, the first line  
was omitted in the editorial captioned  
"The Town Council" in last week's  
issue of the Advocate. The second  
line which appeared should have  
been omitted because it contained a  
typographical error, but inadvertently  
the first line was taken out and  
the wrong line allowed to remain,  
thus spoiling the proper meaning of  
the sentence.

The line which was omitted read  
as follows: "Uneasy lies the head  
that wears a crown."

We hope the above explanation  
will be satisfactory to our readers.

## MARCH WEATHER

Fredericton, March 29—With 12  
below temperature and a continuous  
gale blowing throughout the night  
Fredericton has shivered through the  
last twenty-four hours as if it was  
still midwinter instead of within a  
few days of April 1st. Official re-  
cords of the Dominion Meteorological  
Station show that 52 above was the  
maximum temperature on the corre-  
sponding date of last year, while in  
March, 1922, the temperature never  
dropped below zero after March 2nd.  
This year on fifteen of the 29 days of  
the present month there has been  
zero or lower temperature.

Some temperatures in New Brun-  
swick on Thursday were as follows:  
Bathurst ..... 22 below  
Campbellton ..... 20 below  
Woodstock ..... 20 below  
Andover ..... 20 below  
Chatham ..... 19 below  
Newcastle ..... 18 below  
Grand Falls ..... 16 below  
Florenceville ..... 15 below  
Fredericton ..... 12 below  
St. John ..... 5 below  
Modern records for cold weather in  
the month of March in New Brun-  
swick have been shattered during the  
past twenty-four hours.

The cold wave extended all over  
Eastern Canada and the New Eng-

land States and it has been accom-  
panied by a number of serious fire  
losses.

## NOTED FRENCH ACTRESS IS CALLED AWAY

Paris, March 26—Sarah Bernhardt  
died peacefully in the arms of her  
son Maurice at one minute before  
eight o'clock tonight. In life she had  
had an amazing power of emotion, of  
marvelous realism and pathos in her  
acting of death scenes. At the end  
of her days she quietly drifted away  
into eternity, tired after her long  
fight against death, which she did  
not wish, but never feared.

Hope for the life of the great ac-  
tress had long since been abandoned  
and half an hour before she passed  
away, those in attendance found her  
sinking beyond recovery, though,  
knowing her recuperative powers, it  
was thought she might live through-  
out the night.

Mme. Bernhardt died in a large  
room on the second floor of her home  
with windows wide open in the  
Boulevard Pereire, the noise of the  
trucks and railroad keeping up a low  
roar to which she was long accus-  
tomed. It was the sudden closing of  
these windows, opened on one of the  
finest days of spring, that gave the  
signal to those waiting and watching  
without, that Bernhardt was dead.

Death was due to a renewed at-  
tack of uraemic poisoning which be-  
gan on Friday, but the actress aston-  
ished her physicians by her repeated  
rallies and her will to live, just as  
she did last December when hope  
had several times been abandoned.

A priest was summoned hurriedly in  
the middle of the afternoon when  
symptoms of the gravest nature su-  
pervened, but Bernhardt rallied and  
regained lucidity. The priest admin-  
istered extreme unction, which she  
acknowledged with faint movements  
of the hands and head, too weak to  
speak.

The widow of Edmund Rostand,  
whose fame is linked with that of  
Bernhardt, and the poet's son, Mau-  
rice Rostand, were at the bedside.  
Bernhardt's grandson, M. Gros-  
sac, brought the first flowers into the  
death chamber—mauve and white  
lilies. Flowers came from many  
friends quickly and soon the room  
was heaped with them, those from  
the family and dearest friends being  
placed on the bed.

The actress' son, Maurice aided by  
the family physician, Dr. Marot, ar-  
ranged his mother's hair and cloth-  
ing and readjusted her position on  
the large bed on which she died,  
facing the windows.

This room is filled with antique  
furniture, chosen by the actress her-  
self with the walls covered with  
tapestries, except where hang many  
autographed photographs of sover-  
eigns and great personages who were  
her friends.

Many hundreds of friends, persons  
prominent in all walks of life, and  
others, little known, but quite as  
dear to Bernhardt, called during the  
three days of her last illness, but  
few of them were permitted to see  
her. Aside from the members of the

## Lumbermen's Association To Make Represent- ations To Provincial Government

Lumbermen's Association . . . . .  
As a result of the meeting held in  
Moncton on Wednesday, the execu-  
tive of the New Brunswick Lumber-  
men's Association representations  
will be made to the Provincial Leg-  
islature urging that the Lumbermen's  
Association be recognized by the  
Workmen's Compensation Board.  
Such recognition would cause the  
adoption by the Board of Regulations  
submitted by the lumbermen relative  
to the application of the Workmen's  
Compensation Act is respect to the  
lumbering business in the province.

The foregoing decision is the climax  
of an agitation for some time among  
the lumbermen of the province with  
respect to the application of the  
Workmen's Compensation Act inso-  
far as it concerned them. The lum-  
bering and the mining industries, it is  
stated, are and have been the heav-  
iest assessed under the Act of all the  
industries in the province and the  
lumbermen, particularly, complain  
that the burden has become practi-  
cally unbearable. While the mining  
men have no association as such it is  
probable that they will unite with the  
Lumbermen's Association for the pur-  
poses of the Compensation Act, since  
theirs is more closely similar to the  
lumbermen's than any other of the  
industries.

The meeting was the first execu-  
tive meeting of the Lumbermen's  
Association held in Moncton and the  
largest since the association was  
formed in 1919, and in addition to  
lumbermen from all over the prov-  
ince there were present several re-  
presentatives of the mining men.

Considerable discussion took place  
as to the application of the Work-  
men's Compensation Act in particular  
as it affects the lumbermen and as it  
affects employers generally. With re-  
gard to the latter aspect of the mat-  
ter it was considered whether the  
Association should join the Employ-  
ers' Association organized in St. John  
some time ago or remain a distinct  
organization. The consensus of opin-  
ion, however, was that the lum-  
ber-

men should remain separate and a  
decision to that effect was arrived at.  
The proposition that manufactur-  
ers generally including the lum-  
bermen were of the opinion that the  
beneficiaries under the act, the em-  
ployees themselves, should make a  
fair contribution to the fund was  
strongly adhered to by the meeting.  
The lumbering industry is now being  
assessed four per cent and other in-  
dustries, it was stated, were assessed  
much less, many of them paying less  
than one per cent.

Other matters included in the gen-  
eral discussion were freight rates and  
the cost of materials but no action  
was taken with respect to these mat-  
ters.

Officers for the ensuing year were  
elected as follows: President, Angus  
MacLean, Bathurst; Vice-President,  
Howard E. Beady, St. John; Secre-  
tar-Treasurer, Robert W. McLellan,  
Fredericton.

The new executive is composed of  
the following—Donald Fraser, Plas-  
ter Rock; J. Fraser Gregory, St.  
John; Wm. Richards, Campbellton;  
Angus MacLean, Bathurst; W. B.  
Snowball, Chatham; J. W. Brankley,  
Chatham; J. H. Irving, Buctouche;  
T. H. McEvoy, Bathurst; Geo. Kink,  
M.P.P., Chipman; and Howard E.  
Beady, St. John.

Those present at the meeting  
were: Messrs. Donald Fraser, Plas-  
ter Rock; Senator F. B. Black,  
Sackville; Miller, Campbellton;  
Priest, Dalhousie; Burchill, Nelson;  
O'Brien, Nelson; Fenderson, Jacquet  
River; Schryer, Bathurst; Gregory,  
St. John; Snowball, Chatham; Sin-  
clair, Newcastle; Blackhall, St. John;  
Richards, Campbellton; McEvoy, Dal-  
housie; Patterson, Newcastle; Holly,  
St. John; Irving, Buctouche; Beady,  
St. John; MacLean, Bathurst; Ritch-  
ie, Newcastle; McLellan, Frederic-  
ton. In addition the following min-  
ing men were in attendance—Messrs.  
Coll, Wood, Streeter and Taylor, of  
Minto.

## Thankful Mothers

Once a mother has used Baby's Own  
Tablets for her little one she would  
use nothing else. The Tablets give  
such results that the mother has noth-  
ing but words of praise and thank-  
fulness for them. Among the thousands  
of mothers throughout Canada who  
praise the Tablets is Mrs. David A.  
Anderson, New Glasgow, N. S., who  
writes:—"I have used Baby's Own  
Tablets for my children and from my  
experience I would not be without  
them. I would urge every other moth-  
er to keep a box of the Tablets in the  
house." The Tablets are a mild but  
thorough laxative which regulate the  
bowels and sweeten the stomach,  
drive out constipation and indiges-  
tion, break up colds and simple fevers,  
and make teething easy.

The Tablets are sold by medicine  
dealers or by mail at 25 cents a box  
from The Dr. Williams' Medicine Co.,  
Brockville, Ont.

## BONAR LAW IS IRISH, NOT SCOTCH

A very general impression is that  
the Law family, from which the pre-  
sent Premier was sprung, was Scot-  
tish. The following obituary notice  
of the late James Law, father of  
Bonar Law, extracted from Assembly  
Minutes of 1883, Appendix 282  
shows that to Ireland belongs the  
honor of giving to the Empire its  
present Premier, although Bonar Law  
was born in New Brunswick, Canada,  
where his father was for some years  
a Presbyterian minister:—"Rev. Jas.  
Law, for many years minister of

household and family and her closest  
intimates, only Dr. Marot and the  
other persons visited the sick room.

Richibucto, N. B., died lately at the  
place of his birth, Portrush, County  
of Antrim, Ireland. Mr. Law was  
educated for the ministry in Glas-  
gow and soon after received license.  
In company with Rev. Wm. Millen,  
still laboring in N.B., he emigrated  
to this country in 1845. The follow-  
ing year he was ordained as a pastor  
of Richibucto, where he labored with  
much success for nearly 32 years.  
His preaching was of a high order,  
associated with great natural elo-  
quence. It was about 1870 that his  
naturally robust health began to give  
way. It was not, however, until 1877  
that he retired from the active duties  
of the ministry. Since that time he  
has resided in Portrush, where he  
passed away in peace. He was twice  
married and has left a large family."

## FURTHER SOURCES OF REVENUE FOR PROVINCE

Fredericton, Mar. 27—New Brun-  
swick is to add circuses, carnival  
companies, and travelling shows to  
its list of sources that produce re-  
venue through taxation, Attorney  
General Byrne introduced a bill in the  
Legislature this afternoon by which  
taxes running up to \$500 for circuses  
of more than thirty cars shall be pay-  
able to the provincial treasury and  
until provincial tax is paid, municip-  
alities shall not be permitted to tax  
the shows. A schedule of charges has  
been prepared extending down to one-  
cent shows. It was not stated wheth-  
er shows coming into the province  
to operate at agricultural exhibitions  
shall be exempt or not.

The provincial government's grant  
of \$50,000 to the memorial building  
and at the University of New Brun-

## A WONDERFUL LINEN Display

We want everyone to see the effective  
display of Canadian and Irish Linens  
now shown in our store windows. It is  
instructive, interesting and educating;  
and shows the different stages of man-  
ufacture from the growing of the flax,  
until the finish product is completed.

Then we want all householders to see the  
wonderful values at our Linen Depart-  
ment. Prices about 25 per cent below  
regular values.

For nearly 50 years we have held the re-  
putation of selling "Good Linens". To-  
day our displays are more extensive than  
ever.

## New Blood Needed In The Springtime

Try Dr. Williams' Pink Pills  
as a Blood-Improving, Health-  
Restoring Tonic.

Every man, woman and child needs  
new, rich, red blood at this time of  
the year. That is a scientific fact. All  
doctors know it. The blood grows thin  
and poor in the winter; there is not  
enough of it and spring shows the  
effect. Take notice and see how many  
people are pale and sallow at this  
time of the year. They complain of  
being easily tired, their appetite is  
poor, and they are often depressed  
and low spirited. That is mother  
nature urging them to improve their  
blood supply; but often their diges-  
tion is weakened so that they cannot  
turn food into blood without help.  
Here is where modern medical  
science comes to the rescue.  
Dr. Williams' Pink Pills have a  
direct action on the blood and en-  
able you to get full use of the blood-  
making elements in your meals. You  
soon feel their effect—your appetite  
improves, your nerves are steadier,  
color returns to the cheeks and lips,  
you have more vim and energy and  
can work with less fatigue. The above  
statements are borne out by the ex-  
perience of Mr. J. P. Gieschuk, Janow-  
Man, who says:—"Very recently I  
found myself in a badly run down con-  
dition. My stomach was quite out of  
order; I could eat but little and what  
I did eat did not appear to nourish  
me. I did not seem to have enough  
blood; my hands and legs were blue  
and I had no strength to work. I  
tried several medicines but did not  
get good results. Then one day read-  
ing our newspaper I read about Dr.  
Williams' Pink Pills and decided to  
try them. I used a half dozen boxes,  
and now feel well and strong, have a  
good appetite, and can do my work  
with ease. Naturally I have great  
faith in this medicine as a blood-  
making tonic."

Whether you are seriously ill, or  
merely feel easily tired and out-of-  
sorts, you should try Dr. Williams'  
Pink Pills this spring. They are sold  
by medicine dealers everywhere, or  
will be sent by mail at 50 cents a box,  
by writing The Dr. Williams' Medi-  
cine Co., Brockville, Ont.

wick is authorized by a bill intro-  
duced in the legislature this afternoon  
by J. P. Byrne, attorney general.

## "BUY AT HOME"

## Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes:—  
"Dr. Chase's Nerve Food has done me a wonderful lot of good.  
I suffered from general weakness and was so run down and my heart  
and nerves were in such bad shape that I would sit down and cry  
and not know what I was crying about. I also  
used to have weak spells. Thanks to Dr. Chase's  
Nerve Food, however, I am real well now. I  
shall always keep a box of the  
Nerve Food in the house, and re-  
commend them to my friends;  
they are a wonderful medicine."  
(Mr. J. W. Vince, Druggist,  
Madoc, Ont., says: "I have sold  
Mrs. Hocking your Nerve Food,  
and the medicine has done her  
much good.")

**DR. CHASE'S NERVE FOOD**
