

THE IRISH OUTLOOK IS VERY SERIOUS

Conditions in West and South Are Reported Extremely Grave

Public Feeling So Inflamed as to Become Quite Irrational, Says the Dublin Correspondent of The London Times—Monstrous Theory of Sinn Fein as to Murder of Lord Mayor

LONDON, March 24—The Dublin correspondent of the London Times describes the situation in Ireland in the darkest colors. He says the outlook is serious. Conditions in the west and south are extremely grave. The situation had last week, is now definitely worse. Public feeling is so inflamed as to become quite irrational. The most outrageous charges against the government are accepted as gospel truth. The correspondent says the Sinn Fein asks the country to accept the monstrous theory that Lord Mayor Curran was killed by actual agents of the government. He describes the overnight riot in Dublin as another danger signal, and says it is impossible to get an impartial account of the incident, the popular version being that the soldiers provoked and assaulted civilians. The correspondent learns that the soldiers were stoned by a crowd because they left the theatre singing the National Anthem as a protest against the failure of the theatre orchestra to play it. He adds that public opinion throughout the country is exasperated by a wild charge against the police and soldiers who hardly would be human if they did not resent the campaign of murder and calumny.

PUT YOUR NAME AND ADDRESS ON OUTSIDE OF YOUR LETTERS

Postmaster Carlisle is sending out the following notice:—"Place your name and address on the outside of your letters and parcels. This is not compulsory, but is strongly recommended in your own interests, particularly for registered articles. Because if your name and address are on the outside of any article that cannot be delivered, it will be promptly returned to you unopened. Undelivered articles without your name and address on the outside have to be sent to the dead letter office, causing delay and inconvenience.

SOLDIER AND HIS YOUTHFUL ENGLISH BRIDE FAIL TO AGREE AND HUBBY GETS TO COURT

Magistrate Advises Joseph Madson to Get a Proper Home For the Girl Who Trusted Him in England—Girl Followed Madson to Canada With Her Child.

In police court today Margaret Madson, an attractive young English girl, charged her husband, Joseph, a returned soldier with failing to support her. She had been in Canada six months she said. Their little two-year old baby was with the young mother. "His father had to pay for the license and I had to buy the ring when we were at last married," said Mrs. Madson. "I have nothing against him and there would be no trouble if it were not for his people." Madson is an electrician, and had been getting 70 cents an hour, his wife said, but lately he has not been getting wages, he doing the work and his father collecting the money. "Last Thursday night his father put me out of the house," said the girl. "I wouldn't go, so he took me by the back of the neck and put me out. When I told my husband he just laughed in my face." To the magistrate she said she wanted her husband to leave his people and come and live with her. Further questioning brought out that the girl had lived with Madson when he was in England as a soldier

but they had been married when they came to Canada. "I had to go to a workhouse when my child was born," she said. T. J. McCarron, counsel for Madson questioned the young wife as to her friendship with another man but she said she had never had anything to do with him. The child is certainly Madson's she said and Madson has always acknowledged it. Mr. McCarron said he thought the husband should get a separate home. Madson said he was quite willing as long as his wife agreed to do as he said. She had left the house and he didn't know where she had gone. She must look after the child properly. Questioned by the magistrate, Madson said he didn't marry the girl in England because he had not sufficient means. He had married her in Canada just as soon as he was able. He admitted however, that he had an interest in a business which pay well. The magistrate told Madson he must deal fairly with his wife and get her a separate home away from his father. The case would be adjourned for a week to give him a chance to get a home.

NO MORE DIRECT LOANS WILL BE MADE TO MUNICIPALITIES FOR HOUSES

New Arrangement in Regard to the Housing Plan Whereby the Different Towns and Cities Will Be Allowed to Issue Their Own Bonds For Loans For Houses.

Municipalities will get no more direct loans from the Ontario government for house-building. In future they may issue their own bonds for that purpose, and the government will guarantee them. New legislation covering these two points was introduced in the Legislature yesterday afternoon by Hon. H. C. Nixon, Provincial Secretary. Mr. Nixon informed the House that ten days ago word was received from the Dominion Government that there would be no further loans to the provincial authorities for housing purposes. In view of this his amendment was to wind up the work under the present act at the end of this year. The amendment to the municipal act allows municipalities to issue their own bonds which will be guaranteed by the government. The money raised in such a way will then be expended for housing. During the year seventy municipalities in Ontario were carrying on active work under the act. For the completion of the work now under way there is a revised list of amounts which may be loaned. Following are the loans available under the old act and under "The Municipal Housing Act of 1920." Amounts loaned under Ontario Housing Act, 1919—House of frame construction, \$3,000; brick veneer, \$3,000; solid construction, \$4,000. In the case of brick veneer construction if the cost of the land is included \$3,600 may be loaned. In the case of solid construction \$4,500 is obtainable. Amendments to Ontario Housing Act—House of frame construction, \$3,200; house of brick veneer construction, \$3,800; house of solid construction \$4,000. If the cost of the land is included in the case of frame construction \$3,800 may be loaned. If the cost of land is included in the brick veneer type \$4,200 is obtainable. If the cost of land is included in the type of solid construction \$4,600 may be had. Amounts of loans under limitations of "The Municipal Housing Act, 1920"—House of frame construction \$3,500; house of brick veneer construction \$4,000; house of solid construction \$4,500. If the cost of the land is to be included then \$4,100 is obtainable for frame, \$4,600 for brick veneer, and \$5,100 for solid construction.

Marshall Says U. F. O. Ideas Are Liberal

MEMBER FOR WEST LINCOLN OUTLINES PLATFORM AND SAYS DRURY POLICY IS IN THAT OF LIBERALS.

TORONTO, March 24—New ideas are being difficult to find and the debate on the reply to the speech from the Throne in the Legislature begins to lag. Yesterday afternoon and at the first night session last evening or the present house it was carried on. The outstanding speech made by Sgt. Major MacNamara, the independent soldier candidate for Riverdale. Sgt. Major MacNamara lives up to his title of "independent soldier." He sits on the Government side of the house, but he spoke against Premier Drury in the Halton by-election and yesterday much of his criticism was again levelled at the Premier. He quoted exhaustively from statistics of various countries and left no doubt that he was for protection by a substantial tariff. It was on this ground that he criticised the Premier. His remarks were applauded by the conservative members. J. W. Curry, Liberal member for Southeast Toronto, reached a high level in his contribution to the debate. He had sincere praise for the new Government and appealed for a higher form of political endeavor. Thomas Marshall (Lincoln) Dr. Forbes Godfrey, (West York) and Col. W. H. Price (Parkdale) three veteran members of the House who survived the general disaster of the last election also spoke in the debate. Liberal Platform Adopted Thomas Marshall Liberal member for Lincoln, outlined the platform of the Liberal party and ended by declaring that practically every item in the Government platform had been advocated by the Liberal party for years. Why the U.F.O. clubs could not have contented themselves with backing up the Liberal candidates he could not understand. "It was not necessary to form a 'farmers' party to get farmer sin the House," he stated. "The farmers are in the majority in the rural ridings. Had they turned out in force at the party conventions they could easily have nominated one of their own class."

Strike in Berlin Has Ended And Work is to Be Resumed To-day; Kapp is Missing

BERLIN, March 24—The strike committee has unanimously proclaimed the strike ended. Work will be resumed today. Major General von Luettwitz, the military commander in the Kapp revolt has been placed under arrest, it is officially announced. Admiral von Trotha, chief of the admiralty, has also been arrested. There is no definite news of Kapps whereabouts. It is supposed he is on his estate in East Prussia. Insurgents have captured the palace in the town of Schleswig-Holstein according to a dispatch received here. A number of cavalry officers were taken prisoner. A so-called committee of action is in control of Schleswig, the dispatch says. A detachment of the Lowenfeld

naval brigade on the way to Eckernforde, ten miles south-east of Schleswig, was held up by the citizens guard of Eckernforde, but a truce was established as a result of negotiations with the Schleswig committee of action. The detachment will be allowed to proceed to Dugensstadt, near Rendsburg. President Ebert today decreed the abolition of drumhead court-martial in Greater Berlin, expressing confidence that order would not be further disturbed. Order has not yet been re-established at Nordhausen, Saxony, and the situation at Sonderhausen and Koburg is worse. The demand for disarmament of volunteers in those places having been rejected, the extremists have armed themselves.

Kelsey Didn't Know Where He Got Booze

George Kelsey on his second appearance in police court inside of half a week on an intoxication charge when asked by the magistrate where he had got his booze, was very uncertain to where he had got it. "Three of us got a bottle," began Kelsey, "Where did you drink it?" in the magistrate. Kelsey tried and tried but for the life of him he couldn't think. "Suppose I send you to jail for three months, do you think you could remember," asked his worship. Kelsey, under probing, finally remembered it was in Thorold the party was held but he couldn't remember who had supplied the bottle. It cost them \$7. Somewhere below the avenue they had got the bottle. "Ten dollars," said the magistrate finally. Didn't Know the Ropes A colored youth, William Young, accused of driving on the wrong side of the street, said he was unacquainted with the traffic regulations and was not used to driving. A man had asked him to drive his horse around the corner and he had consented. He was let go with a warning not to try anything he didn't know how to do again.

Coal Control is Abandoned; Edict Issued By Wilson

WASHINGTON, D. C., March 24—With a warning against profiteering, President Wilson yesterday ordered abandonment of government control over bituminous coal and asked miners and operators to negotiate a new working agreement on the basis of the majority report of the coal strike settlement commission. The President ordered termination of price control on April 1st, when the new working agreement becomes effective. This will permit at least partial absorption in coal prices of the increase in miner's wages, established at 27 per cent, by the commission's majority report. The increase in wages the commission estimated, will entail an added annual cost of \$200,000,000 and includes the 14 per cent increase awarded the miners in settling the recent strike. The operators, however, were reminded by the President that unreasonable prices must not result from the relinquishment of price control and the addition of increased wages to their expenses. Brakesman Drinkwater, a brakesman of Smith's Falls, was fatally injured when run over by a freight car of a train off which he fell, a mile from Fauquier, on the C.N.R. near Cochrane.

Two Handsome New Steel Cars For Local Line

A welcome sight to people who use the street cars, can be seen in the railway yards of the N. S. & T. R. where two handsome car bodies are being got ready to put on the local line. These bodies are of steel construction throughout, the first of the class to be brought here. They are pay-as-you-enter cars and very handsomely appointed. Manager Cummings stated today that the new cars will be put on the line just as quickly as they can be put on trucks and otherwise fitted. These cars were ordered last autumn and have just been delivered which shows how hard it is to get supplies and equipment.

Supposed Lieut Niemer, U. S. Marshall, is Now Being Held at Rochester, N. Y.

The police have been notified that the young man, known as Lieutenant Arthur Niemer and who posed as a United States marshal and showed a big 45-calibre revolver and a pair of handcuffs when he tried to victimize a Niagara Falls merchant and who passed several bad cheques on Niagara Falls, N. Y. chauffeurs and hotel men in payment for joyrides and chicken suppers with a Niagara Falls, N. Y. woman known as Geraldine, had been arrested in Rochester under the name of Arthur Hudson. He is being held there on a charge of passing bad cheques and having a gun without a permit. When arrested Niemer wished to send a telegram to Geraldine at Niagara Falls, N. Y., and the Rochester police immediately looked up his record there. Niemer stopped at the Imperial hotel over the river for six days about two weeks ago. He still owes the hotel bill and also a bill of \$8.50 for

pressing his clothes. The hotel attendant said he never wore a suit more than a half a day without pressing. He was always well groomed. He presented cards giving his occupation as a U. S. marshal. To back up his claim he showed the handcuffs and the big 45. During his Falls stay he was particularly attentive to Geraldine and took her and her girl friend to Buffalo on numerous occasions. Many Falls chauffeurs still carry Niemer's checks with them and would like to see him if only for a minute. An Incubator Caught Fire and Firemen Called The firemen were called at 11:30 last night to 26 Pleasant Avenue, where an incubator belonging to Mr. Grant had caught fire while he was away. The firemen put the blaze out with a chemical engine.

Shipbuilding Outlook Not Very Bright

The Welland deputation that visited Ottawa in an endeavor to secure orders for the British American Shipbuilding Company returned Monday morning without having secured a great deal of encouragement. C. C. Ballantyne stated that he would be glad to place further contracts but the programme was exhausted and no more money was available. Sir Harry Drayton, Minister of Finance, pleaded the money stringency and announced that the estimates were already made up and would be brought down this week. Mr. German suggested that a further contract be taken care of in the supplementary estimates. Sir Harry agreed to give this proposal consideration. The members of the deputation were Wm. German, K. C., Robert Cooper, M. P., L. B. Spencer and Supt. Welsh. The resolution to repeal the State Daylight Saving Bill was defeated in the New York Assembly yesterday. This means that N.Y. State will adopt the new time on Sunday next.

ESTIMATES ARE DECIDED UPON

The finance committee held a meeting yesterday afternoon to deal with the estimates. It is understood the rate will shrink. A special meeting of the city council will be held Monday night next to pass the estimates and strike the rate. The finance committee held a meeting yesterday afternoon to deal with the estimates. Leola Will Go Back Home to St. Thomas, Ont.

Mrs. Leola Greenwood will be handed over to the St. Thomas police and they are sending a man here to take her back to that city. When the Tillsonburg chief of police said his town didn't want her Chief Greene called up the St. Thomas chief. The latter said they wanted the girl there. St. Thomas is her home and it is possible she will be given to her parents on good behavior. The girl is absolutely penniless and if the authorities here had let her go she would have been in bad shape because she would have been unable to get out of town. In commemoration of the silver jubilee of their Archbishop, Roman Catholics of the dioceses are to erect at the head of Wellesley place a residence for students entering upon courses in philosophy.

Lawn Bowlers Reorganize And Are Looking Forward To a Successful Season

The annual meeting of the shareholders of the St. Catharines Lawn Bowling Club was held last night and there was a large and enthusiastic attendance, everybody looking forward to a successful season's sport on the newly made greens on Glen Ridge. It was again decided to allow non-shareholders to become members of the club. The officers elected were: President Joseph Hodgins, Vice President F. H. Morey, Secretary

Capt. Harry Graham is Home From War; Served In India With Imperials

Captain and Mrs. Graham Church Street, received a welcome surprise last night, in the form of a long distance from Toronto from their son Captain Harry, who had just reached that city on his way home from the war. This is the first word they have had from him since he reached London from India three months ago. He had evidently been ill. Captain Graham served in India with an Imperial regiment and saw a great deal of fighting. He left here for the front several years ago and is probably the last St. Catharines man home. Captain Graham arrived in St. Catharines today.
