GREEN RACE.

LOCAL AND OTHER ITEMS

AT Terra Haute, Indiana, on Friday last, Alexis trotted a mile in 2.051, equalling the race record. THE steamer Orinoco arrived her from Quebec on Sunday, and left for New York at noon on Monday.

THE steamer Campania from Liverpool arrived at New York on Friday, making the trip in 5 days, 9 hours and 47 minutes, beating all previous westward records. Is is estimated that the yield of wheat

in Manitoba this year will be 16,000,000 bushels, and that the total yield of grain in the province will be 31,000,000 bushels. In a yacht race in St John harbor yesterday afternoon, the yacht Primtose was struck by a squall and sank immediately. Of twelve men on board only four were

Kemptville, Yarmouth, while passing through a field, the other day was attacked by a vicious bull, and horribly mangled and gored to death. His son found the remains with the bull lying beside them. The bull attacked the

THE St. John Telegraph says Capt. Coonan intends to institute proceedings, in an action for damages, against the Harvey and Havelock railway for injuries to his daughter, Miss Ethel Coonan, received last June. It will be remembered at that date two passenger through the bridge over cars went through the bridge over Shepody River, when Miss Coonan was hadly injured. The amount claimed t

Extensive preparations are now going on for the Mammonh Bazaar, in aid of the new Cathedral, which opens in the Hillsboro Skating Rink on the 24th. September. The different committees are hard at work perfecting arrangements for the opening. Those in charge of the decorations have commenced work, and the well known reputation of the artists leaves little roum to doubt that the interior of the Skating Rink will not be the attractive feature of the bazaar.

A GENTLEMAN who has been visiting Lot 11, reports a case which for cold-blooded audacity will rank high. A neighbor was seen in the act of scattering something inside the pasture field of a farmer named Morrison Attention was drawn to the fact, but Morrison would bendly believe that anything wrong was drawn to the fact, but Morrison would hardly believe that anything wrong was intended. He went to the spot, however, and discovered a quantity of bran in which was mixed some other ingredient. Subsequent investigation proved that this ingredient was Paris Green, evidently put there for the purpose of poisoning Morrisons cattle. It is said that a warrant for his arrest has been issued, and that he sons cattle. It is said that a warrant for sons cattle. It is said that a warrant for the next morning twenty-five acres the arcest has been issued, and that he took an open boat and put to sea.—Ex. were pegged off, and the ar-joining blocks at each end were also taken up.

LELA MILLL, a bright, intelligent thirteen year-old daughter of Mr. John Mills, Little River, Lot 56, after coming home In the Eoval Victoria regatta at Ryde, lule of Wight, on Thursday last, the Satanita took the lead at the start and held it throughout, winning a splendid contest. She was six minutes ahead of the Britannia. which was over a minutes ahead of the Vigilant. There was a stiff breeze blowing. In the race, at the same place, on the following day. the Vigilant did not start, as the workmen were busy overhauling and making repairs after Thursday's race. There was a good breeze and the Corina

The case of the same of the back fields to gather the same used fields to gather the same used about half her satched the had brought with here sa cookie that full when she stopp the had brought with here as horrified a growl, and looking around the cookie fell from her hand. The bear grabbed it, which gave the terrified girl a chance to run for her life. This she did, but b ruin, as soon as he had swallowed the cake, gave chase and soon overtook her. He made several grabs at her, but she brought with the same of the same of the was a good breeze and the Corina manager weighed the gold, and it is that turned the scales at 4,280 onnoes. A few days after the discovery became public. One lump has been taken from the reef sonsaining more gold than ore. By this time she was nearing her home. dash towards her but did not come a very great distance; then he suddenly turned and slunk away into the woods in the rear of the field and disappeared. When Lela got home she was very much frightened, but is now none the worse for her terrible experience. Her father and neighbors, with cars, went looking for bruin, but did

NEWS OF THE WEEK

The Government of New South Wales intends to introduce Australian Rabbits on the English markets by shipping them in a frozen condition. They hope to thus get rid of the pest.

Carl H Maxwell. a foreman of trolley lenemen in the employ of the Consoli-dated Traction Company, was killed at Jersey City, N J, on the 15th by a live wire. A horse was also killed. Washington advices say the next White City is to be built in 1897. The Baltimore Centennial Exposition is to take place in that year; \$2,500,000 will be spent on bulldings and grounds Ind the States will be invited to erect buildings and send characteristic exhibits.

Andrew Carnegie, the Pittsburg million Andrew Carnegie, the Pitisburg million-aire has leased for twenty-one years Bunck-hurst Park, in Sussex, the seat of Lord de la Warn brother of Lord Sackville, the Hon Sir Lionel Sackville West, with its evtensive shooting park. The estate is one of the finest in England.

Advices from St Joseph's, Mo. state that the St Joseph & Grand Trunk Island Railroad has issued orders to abandon over a dozen stations on its lines. The people living in the sections where these stations are situated depended almost entirely on the corn crop, and the damage to that crop has been so great that teey are leaving in great numbers.

At a meeting held at Windsor, Ont. Young Conservative association which is being organized, it was decided by a vote Racing at Central Park.

The race meeting at Central Park, Hope River, on the 8th inst., was the minertly successful Quite a large number of people were in attendance, and the harmony and good feeling that prevailed speaks volumes for the liditions were successful Quite a large number of people were in attendance, and the harmony and good feeling that prevailed speaks volumes for the liditions were successful. The Colonial Office requests the successful with the declared platform and policy of the conservative party of Canada. This is a limited directly at the P. P. A.

The Colonial Office requests to the learning of the learning

prevailed speaks volumes for the judicious management of Central Park, and was indeed very commendable. The racing was quite interesting and some of the fivers were pretty evenly matted. The indeed to the covering rence O'Brien to continue to occupy the Governorship of Newfoundland another year, although the term expires in November, when his age compels him to retire from service. The British authorities waive that in his behalf, being desirous to mated. The judges on the occasion, from close observation, did the square thing, and were invariable friends of the trotting horse. Their decisions, and decisions such as theirs, will have a vail themselves of his services in managing Newfoundland affairs till the whol olitical embroglio is settled. It is under tood that the Governor will agree. The evidence in the trial of Henry Kane stop running, pacing and hitching in a race for trotters. The Judges were: John C. Durant, Margate, who acted as The evidence in the trial of Henry Kane for manslaughter in Boston was given to the jury on Thursday afternoon and a verdict of "quilty" was returned Sentence was reserved until Friday. Kane and one Daniel Connolly became involved in a quarret on Court Street, on the night of July 25, when Kane struck Connolly knocking him dawn. The latter's head struck the sidewalk, causing a fracture of the skull, from the effects of which he died. starter; George R. McNeill, Cavendish, and David McKinnon, Ch'town. The

The London Standard of the 16th says that the continued wet weather has done great damage to the crops. There are places where hunreds of acres of oats and wheat have been beaten flat. The potato blight in its most virulent form, the Standard adds, prevails in many districts of Ireland. Late advices also say that the weevil has done great damage to the wheat crop in sections of New York State. Some fields are yielding as low as six bushels to the acre as a result of its de-

predation.

The St Petersburg correspondent of the Berlin Koinische Zoitung says that much ill-feeling was caused by the Czar's refusal to declare an amnesty for miner criminals at the time of the Grand Duchess Xenia's marriage. The declaration of such amnesty had been confidently expected. Since the wedding many anonymous letters threatening revenge have been received by the Czar. The St Petersburg police have received information from Paris that several of the most desperate The fomous horse Edison was exhibi-ed and was much admired by all who Paris that several of the most desperate French anarchists have left Paris for Russia. French detectives who know the faces of these outlaws have been stationed to London. The details of the principal find near Coolgardie had already reached London. A party of six were returning from an unsuccessful prosat the entrances gf the Peterhoff Palace. A peculiar accident happened at the camp one night they separated to test, and examine the neighborhood. A man named Mills came to one of the association. The president of the association was large 'thows' which are obey many large "blows" which are char-acteristic of the country. He was as-tonished, on rubbing his hand across a lying under a table about three feet from acteristic of the country. He was astonished, on rubbing his hand across a protruding piece of stone to see gold standing out prominently. He knocked a large piece off the boulder, and at his feet lay a magnificent specimen literally studded with coarse gold, while before him' dazzling his eyes, was a magnificent reef of almost pure gold, a fortune itself. Mills, taking several pieces from the reef, placed them in his bosom and carefully covered the reef with earth, found his mates. On the next morning twenty-five acres ing the branch of an artery. Surgeon Jacques attended to the injured man

Jacques attended to the injured that. There has not been a serious accident on the range for thirty years, and the following morning Colonel McDonald refused to allow the firing to begin till the surgeon, who was late arrived. One man went to town and bought a dolly, the largest he could procure. la one day they dollied one thousand ounces, and in a short time had near REPORTS from various sections Vestern New York describe a plague of

> A Sr. John despatch of Sunday says that the tug Maggie M. of that port ran on Martins Head, during a thick fog. Shortly after striking she began to sink and the occupants, eight in number, On the way she capsized, precepitating all hands into the water. Four of them were drowned. Three of those lost are said to be brothers named Mowry.

The debate on the second reading of he Evicted Tenants' bill in the house of lords on Friday last drew a large of the opposition. The government benches, however, began filling up as the debate proceeded. The gallery was well filled and many members of parliament who were present manifested intense attention. The Duke of Devonshire (liberal) opened the debate by professing pity for the tenants, but he added that in his opinion the landlords' case was stronger. Lord Salisbury denied that the house of lords was a landlords' house. They were threatened with abolition, but he had noticed that in France, when the second chamber was abolished, the extinction of the lower chamber followed immediately. He concluded by expressing the hope that the house would do their duty and reject this dangerous measure. of lords on Friday last drew a large We chronicle today with deep regret We chronicle today with deep regret the death of Mrs. John Murshy (baker), of this city, which took place very suddenly at her home on Friday afternoon. She took dinner as usual on Friday, and was well and in good spirits. About two o'clock she went to her room when she was seized with hemmorage of the brain. Shortly afterwards her daughter entered the room, not having the faintest idea that her mother was even unwell, and was horrified to find her unconscious. Drs. S. R. Jenkins and H. D. Johnson were immediately summoned, but were unable to render summoned, but were unable to rende any assistance. She lingered until five any assistance. She lingered until five o'clock when she passed away. Mrs. Murphy was a daughter of the late Dougald McAulay, of Tracadie. She was of a very kind and genial disposition, was noted for her charity and generosity, and was held in high esteem by a wide circle of friends and accounting the state of the s

a brief illness, Jane McAree, in the 66th year of her age, leaving a sorrowing husband, five sons and one daughter to mourn their irreparable loss. Eternal rest give unto her, O Lord, and let personal light shine upon her.

At Mansfield on the 11th August, after desirous of taking degrees in literature, science or philosophy need not now leave the Province for that purpose, as \$1.00 to the Divine Will, Dolly Anderson, the beloved wife of the testimonials published in behalf of Her age. The deceased by her many faculties (in virtue of its offiliation to Laval) for the conferring of all these. The deceased by her many faculties to see the college crowded during the coming year. Studies will be fessimed on Tuesday September the large concourse of people who followed her remains to St Peters, where a Requiem ligh Mass by the Rev R J Gillis was celebrated for the rejose of her soul. She leaves a sorrowing husband and one seen leaves a sorrowing husband and one seen fully prepared from the best ingredients.
