Word comes over the cable that both the Roumanian and Spanish Cabinets have resigned.

The Halifax-Ottawa Hydroplane flight, probably the longest official flight yet tried in Canada, ended successfully on Saturday evening, about seven o'clock, when Capt. H. Allen Wilson of Montreal, pilot, made a graceful landing on Ottawa River at Rockcliffe.

One of the best evidences that Great Britain is getting back to normal conditions is the trade figures. The latest statistics show that the balance of trade for July against Britain was reduced from £34,000,000 in June to £8,000,000 for July. Export trade increased for the month by no less than £21,000,000.

Hon. J. D. Reid, Minister of Railways, stated the other day that rapid headway is being made with the preparation of the necessary information and the valuation of the Grand Trunk Railway required for the Board of Arbitration which is to decide what the Government is to pay for the system. He thought it quite probable that the arbitrators would be in a position to commence their labors by the middle of September.

Lightning has, of late, been executing some destructive stunts in the Province of New Brunswick. On Monday morning of this week a barn, containing a horse, cow, a large quantity of grain and the season's hay crop, belonging to John Burningham, Woodstock, was completely destroyed. On the same date Mrs. A. M. Burke, aged 35, was killed by lightning at her home at Fox creek. On the Kenebecasis River, near St. John, on the same date a barn belonging to E. Puddington was struck, when five cows and a horse were killed, and the hay crop of two farms, farming implements and harness were destroyed.

Stories continue to come through from the West of the very favorable crop prospects of many soldier settlers. One man, J. E. Fagg, who served with the "Princess Pats," was established on a homestead ten miles from Carmanagay, Alta., on May 8, 1918. He put in 110 acres to wheat and 10 acres to oats, and his expectations are that his wheat will yield him 30 bushels to the acre. At \$2.90 a bushel this will give him a yield worth \$8,600 on this crop alone. He has taken 1st prize at Carmanagay on his oats. "This soldier settler will make some of his comrades in the city feel envious," writes a Soldier Settlement Board official.

Winnipeggers sizzled in 94 degrees of heat on August 25th, in spite of the fact that September was less than a week away, and that last week saw the nipping of much tender garden stuff by several degrees of frost. It was hot enough in Winnipeg, according to many worthy citizens who stated the fact while they sipped iced sodas and mopped their brows, but, nevertheless, it was hotter in Regina and Moose Jaw where the thermometer rose to 100. These two cities showed an amazing range of temperature during the day, Regina's minimum being as low as 49 and Moose Jaw registering a minimum of 50.

Due to war influences, ten European nations engaged in the world war show a potential loss in population of 35,320,000 persons since 1914, according to a statistical research conducted by the Society for Studying the Social Consequences of the War of Copenhagen, made public lately. At the end of 1913, the society reports, these nations had a population of 400,850,000, and under normal conditions this population should have increased by the middle of 1915 to 424,210,000. However, it had fallen by that time to 389,030,000. The causes of the abnormal falling off in population were attributed to the society's reports as follows: Killed in war 9,819,000; deaths due to augmentation of mortality, economic blockades, war epidemics, 5,301,000; fall in birth rate due to mobilization of 56 million men between 20 and 45 years of age, 20,200,000.

Fred Wilson, of the Boston schooner Commonwealth, was picked up on August 25th by the life saving station at Sable Island. He was found adrift in his dory, which had been missing from the vessel since the previous Saturday.

It was stated by a leading milling expert in Montreal on August 26, that when the new western crop starts moving, a new price list for flour and other products would be probably issued with a probable downward trend in the cost of bread to the consumer.

Mrs. Kenny, wife of a farmer living near Cargill, Ont., one night recently yawned in her sleep, and her jaws became locked. She was unable to speak, but attracted the attention of her husband by rapping on the floor. A physician was called and succeeded in readjusting the jaw bones after an hour and a half.

All records for oats yields in Middlesex county, Ont., were smashed on August 25th, when at the threshing at the farm of Kenneth Ross, on the second concession of East Williams, the crop averaged 75 bushels to the acre. The grain is a splendid sample in every respect. With the exception of barley, crops in general in this section are among the best ever known, and the farmers expect one of the most prosperous seasons in their history.

The following item of intelligence is contained in a London despatch of August 25: The Florence Nightingale Medal has been awarded by the International Committee of the Red Cross to Miss Margaret Clotilde Macdonald, Matron-in-chief of the Canadian Expeditionary Force during the war. This decoration is international in character and is awarded only to women whose work in the cause of humanity has been of paramount importance. Miss Macdonald belongs to Baillie's Brook, Pictou County, in the diocese of Antigonish, N. S.

From Belleville, Ont., under date of August 26th, comes the following: Mrs. Mary A. Barlow, who passed away in Kingston yesterday while visiting her daughter, had lived in Belleville nearly all her life. She was born in England in 1827. She was born in 110 acres to wheat and 10 acres to oats, and his expectations are that his wheat will yield him 30 bushels to the acre. At \$2.90 a bushel this will give him a yield worth \$8,600 on this crop alone. He has taken 1st prize at Carmanagay on his oats. "This soldier settler will make some of his comrades in the city feel envious," writes a Soldier Settlement Board official.

A special to the Toronto Star, from Winnipeg, under date of August 25th, has the following: Miss Blice B. Wilson of Ottawa returned to Winnipeg Tuesday after a 200 mile trip by rowboat down the coast shore of Lake Winnipeg, collecting fossils for the Dominion geological branch. She was accompanied on her expedition, which was the first of its kind ever made by women, by Miss M. B. Fritz, school teacher who graduated from Royal Victoria College, Montreal, in 1919. The women took a month to make the trip, travelling south along the east shore of Berens River. They carried their tent, camp outfit and geological tools with them, and were "on their own" all the time. They will remain here a few days before proceeding to Ottawa.

During July 1,547 persons quitted the United States to live in Canada, according to records kept from Port Arthur, Ontario, to Kingsgate, B. C. Of these sixty-five were British born, seventy returned Canadians, 1,268 born in the United States, two French, eighty-six Scandinavians, and fifty-eight from other countries. Farmers numbered 418, farm laborers 165, ordinary laborers 50, mechanics 142, railroaders 15, clerks 32, domestic servants 19, miners 17, professional men 18, women and children 620, and others 50. They brought with them \$423,739 in cash and effects valued at \$83,753. Of these immigrants 69 had Ontario destinations, 354 were for Manitoba, 355 for Saskatchewan, 590 for Alberta, and 70 for British Columbia.

Canadian-West Land Regulations

The sole head of a family, over 18 years old, who was at the commencement of the present war, who has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency District. Entry by proxy may be made for certain conditions. Desires six months residence upon and cultivation of land in each of three years.

In certain districts a homestead may secure an adjoining quarter-section as pre-emption. Price—\$3.00 per acre. Duties—Reside six months in each of three years after earning homestead on first and cultivate 50 extra acres. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holder of an entry may count time of employment as farm laborer in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agent's Office (not a Sub-Agent). Discharge papers must be presented to Agent.

Announcement

For the information of our many patrons, in both town and country, we deem it necessary to announce that the Coal Business, successfully carried on in the past by the late Mr. Charles Lyons, will be continued by the Estate under the old firm name of C. Lyons & Co. As we possess almost unlimited facilities for supplying the coal trade, and as we are desirous of extending our already large business, we respectfully invite the patronage of new customers; and if we succeed in thus increasing our present connection, we guarantee that we shall be indefatigable in our endeavor to justify the confidence of our new friends. We again thank our patrons for their past generous patronage, and respectfully solicit a renewal of their esteemed custom.

Look! Read! Realize.

We cater to the men's trade, and no other. If you were sick, you wouldn't call to see a Tailor, or a Blacksmith, about the condition of your health. Of course not; you would call to see a Doctor!

If you wanted a Suit or an Overcoat would you go to see a Doctor, or a Shoemaker? Not at all. You would go to see a First Class Tailor.

WELL, there's where we shine!!!
We study the business. We know what suits a young man

we know what suits a middle-aged man, and we know what suits the old gentleman—both in goods and in style. It does not make any difference whether you want your clothes Ready-to-Wear, or Made-to-Order. We are equally in a position to suit you. We do not let a suit or overcoat leave our establishment until it suits and fits the man who is buying. Our prices are always right when you take the quality into consideration.

Do not forget that we are sole agents for the famous W. H. Leishman & Co., Wholesale Custom Tailors. We have an elegant stock of Overcoats to show you at the present time.

Overcoats, Made-to-Order from... **\$30.00 to \$48.00**

Overcoats, Ready-to-Wear... **\$15.00 to \$36.00**

Success Is a Habit

Our habits make us. We are creatures of habit. Whether we are a success or a failure is a question of how we do things without thinking. To Save is the only way to success.

Gloves

We have just the kind of Gloves you need, lined and unlined. Also Wool Gloves for this time of year. Suedes and Tans—both combination. Price... **\$1.00 to \$4.00**
